Reading For Pleasure Michael Rosen,2019-11-18 This is a short guide for teachers on how to help a school put in place a reading for pleasure policy. To support this policy the guide also takes a close look at how children read - what do they think as they read? I've also included some plans from teachers putting reading for pleasure policies in place. It's for you to use, adapt and change as you think best for the school and students you have in front of you.

The Polymer Clay Techniques Book Sue Heaser,Sarah Vickery,Colin Bowling,Pat Athie,Jenny Dooge,1999 Everyone can achieve great results with polymer clay. With the 50+ techniques in this book, readers can create polymer clay buttons or boxes or anything in between. Starting with the very basics (such as rolling, baking and gluing), it then moves on to more advanced methods: marbling, texturing, millefiori, bead-making, faux-stone effects and more. Feature spreads show exciting ways to combine techniques. A comprehensive guide to the medium, complete with everything from a listing of necessary tools and materials to inspiring examples of polymer clay art.
