Radhasoami Reality Mark Juergensmeyer,1991 *Radhasoami Reality* explores the emergence of a new religious tradition that is expanding rapidly across North India and throughout the world. Mark Juergensmeyer seeks to explain why the religious logic of Radhasoami, which is based on the teachings of medieval Hindu saints, is so compelling to today's society.

The Encyclopedia of Cults, Sects, and New Religions James R. Lewis,2001-03 Surpassing the scope and the thoroughness of the first edition, this new edition of *The Encyclopedia of Cults, Sects, and New Religions* is the most wide-ranging and accessible resource on the historically significant and more obscure, sinister, and bizarre religious groups. Including many entries by scholarly specialists, this volume explains more than 1,000 diverse groups and movements, from such well-known sects as the Branch Davidians, Aum Shinrikyo, and Heaven's Gate, to obscure groups like Ordo Templi Satanas, Witches International, and the Nudist Christian Church of the Blessed Virgin Jesus. In addition to an exhaustive index and handy cross-references, the second edition includes over a hundred new topical entries on subjects relevant to understanding sectarian movements, from snake-handling and satanic ritual abuse to brainwashing and exorcism. This book, a must for all libraries and schools, will endure as the first and only point of reference for researchers, scholars, students, and anyone interested in fringe religious groups.

Shakahaari Pritpal Marwaha,2012-10-23 *The Cookbook with a New Twist!* There are a lot of

Vegetarians all over the world now, as compared to some couple of decades ago, when it was extremely difficult for a Vegetarian to even buy cookies or bread without eggs, wondering what was in the package! You could never really know about the quality and integrity of the contents within. Years ago, being Vegetarians was looked upon with disdain, frowned upon, and sometimes with very surprised looks, as if we were from another planet! It was unbelievable to them as to how a Vegetarian could even survive without meat! We grew up in five countries, and we were constantly on the move for a good 20 years. My father, Atma Singh, was a Diplomat in the Indian Foreign Service, and we did a lot of entertaining and partying, and needed great food – and lots of varieties, too! With my mom, Kuljit's expert culinary skills, bless her generous heart, we churned out tons of mouth-watering sweet and savoury snacks and foods. I had a first hand experience with the culinary expert, my mom, who improvised and invented recipes. I was amazed that she had all the recipes in her memory, with the exact proportions. She was the darling and life of the party. We were the famous Indian Vegetarian Family! Many recipes in this Book are North Indian, some South Indian as well, with some great contributions from friends and family. We used to make our own fried snacks, homemade Ketchup, Pizzas, sweet and savoury snacks, and even potato chips, crunchies and fried munchies – which is now readily available in many local supermarkets and ethnic food stores. This Book contains wonderful recipes from friends and relatives, adapted to my own special version, which will be of great benefit to both Vegetarians and non-Vegetarians alike, and especially to new Vegetarians. Ofcourse, this book is for anyone and everyone, young and old alike, and especially the new generation.

Includes essays on Eckankar, MSIA, MasterPath, and other American based gurus. Also includes special issues on the death of Julian P. Johnson and Soamiji's forgotten guru.

Living Is Dying Dzongsar Jamyang Khyentse,2020-03-31 An insightful collection of teachings about death and dying to help face life's greatest mystery calmly and with equanimity. Lifetimes of effort go into

organizing, designing, and structuring every aspect of our lives, but how many people are willing to contemplate the inevitability of death? Although dying is an essential part of life, it is an uncomfortable topic that most people avoid. With no idea what will happen when we die and a strong desire to sidestep the conversation, we make all kinds of assumptions. *Living Is Dying* collects teachings about death and the bardos that have been passed down through a long lineage of brilliant Buddhist masters, each of whom went to great lengths to examine the process in minute detail. Renowned author and teacher Dzongsar Jamyang Khyentse responds to the most common questions he's been asked about death and dying--exploring how one prepares for death, what to say to a loved one who is dying, and prayers and practices to use as a handhold when approaching the unknown territory of death. Whether you are facing death today or decades from now, preparing for it can help to allay your worst fears and help you appreciate what it means to be truly alive.

Heaven, Earth, & Humankind: Three spheres, Three light Cycles, Three Modes William M. Wadsworth,2015-05-22 The aim of this book is to map some of the deep structural and interpretive functions of the three “modes” for astrology. By first making inferences from ancient writings, then analyzing the correlations of the modes, it will be argued that the modes are vital to an understanding of human behavior. They anticipate a person's level of functioning, or in other words, their governing meme. In traditional systems modes define three basic levels of human functioning: the intellectual, social, and biological. Properly understood, these human imperatives provide psychological insight into the interpretive meaning of sun, moon, ascendant, and planets. The associative values ascribed to the modes derive from their corresponding direct relations to the planes of the ecliptic, equator, and the horizon. Consequently, it is within astrological technology that this essay contends that the modes help interpret the sun, moon and ascendant in a natal chart, whose meaning also is measured by these same three planes.
