to the key needs of lecturers and their students by placing a clear central narrative, carefully-structured active learning, and confidence with quantitative concepts and scientific enquiry central to its approach. Written by a team of dedicated and passionate academics, and shaped by feedback from over 55 institutions, its straightforward narrative, reinforced by key concept overview videos for every chapter, communicate key ideas clearly: the right information is provided at the right time, and at the right depth. Its pause and think features, self-check quizzes, and graded end of chapter questions, augmented by flashcards of key terms, directly support active learning. The combination of narrative text and learning features promote a rich, active learning experience: read, watch, and do. Its combination of Quantitative Toolkits, Scientific Process panels, and the Life and its Exploration chapters provide more insight and support than any other general biology text; they prepare students to engage with this quantitative and experimental discipline with confidence, and set them on a path for success throughout their future studies. With coverage that spans the full scale of biological science - from molecule to ecosystem - and with an approach that fully supports flexible, self-paced learning, *Biological Science: Exploring the Science of Life* will set you on a path towards a deeper understanding of the key concepts in biology, and a greater appreciation of biology as a dynamic experimental science. Digital formats and resources *Biological Science: Exploring the Science of Life* is available for students and institutions to purchase in a variety of formats. The enhanced ebook is enriched with features that offer extra learning support: [www.oxfordtextbooks.co.uk/ebooks](http://www.oxfordtextbooks.co.uk/ebooks) - Key concepts videos support students from the start of every chapter and as they make their way through every Module. - Self-check questions at the end of each chapter section give students quick and formative feedback, building their confidence and comprehension as they study and revise. - Quantitative skills video screencasts help students to master the foundational skills required by this discipline. - Interactive figures give students the control they need to step through, and gain mastery over, key concepts. - Per-chapter flashcard glossaries help students to recall the key terms and concepts on which further study can be built.

Community/Public Health Nursing - E-Book Mary A. Nies, Melanie McEwen, 2013-12-27 Covering the nurse's role in promoting community health, *Community/Public Health Nursing, 5th Edition* is known for its upstream preventive focus and social justice approach, photo novellas with clinical stories, and a concise, readable style. It shows how you, as a nurse, can take an active role in social action and health policy – especially in caring for diverse population groups. Expert authors Mary A. Nies and Melanie McEwen discuss today's issues and trends, and describe the key issues and

responsibilities of contemporary community/public health nursing. An upstream focus addresses factors that are the precursors to poor health in the community. A social justice approach promotes health for everyone. Photo novellas use photographs to tell stories showing real-life clinical scenarios and applications of important community health nursing roles. Case Study: Application of the Nursing Process feature presents specific community components of the nursing process separately from individual and family. Clinical examples offer snippets of real-life client situations. Research Highlights boxes show the application of current research to chapter content. Ethical Insights boxes highlight ethical issues and concerns. Healthy People 2020 boxes summarize objectives and their importance in community health. Objectives, key terms, and chapter outlines introduce important concepts and terminology at the beginning of every chapter. Learning Activities at the end of each chapter ask you to apply concepts to the world outside the classroom. New Health Promotion and Risk Reduction chapter details the promotion of health and presents strategies that can identify risk factors for illness. Faith Community Nursing chapter reflects current terminology from the ANA's Scope and Standards of Practice, and includes more coverage of the spiritual health of clients. Health: A Community View chapter expands its discussion of the continual challenges and strategies associated with the delivery of health care. Communicable Disease chapter includes new information about public health surveillance, outbreaks, and bioterrorism. Cultural Diversity and Community Health Nursing chapter features new content on complementary and alternative therapies.
