A Style and Usage Guide to Writing About Music Thomas Donahue,2010-04-01 In *A Style and Usage Guide to Writing About Music*, Thomas Donahue presents a collection of guidelines to help express through the written word the special notations, terms, and concepts found in the discipline of music. It concentrates on questions of style and format in the interest of good formal writing within the context of United-States English, so that writers may communicate their ideas clearly and effectively. While compiling the guidelines, Donahue reviewed content from many other music and general guides. He documented the most common formats in order to assist the writer in selecting an appropriate format for the given circumstance when more than one may apply. The book draws on profuse musically-oriented examples and is arranged by topics both musical and typographic, such as the proper use and spelling of composer names and musical concepts; the use of notes, pitches, and octave delineations; letters and numbers employed to describe form and harmony; when, where, and how to apply compound words and hyphenation of terms and names; and the proper citation of musical and audiovisual sources. The book concludes with a glossary of typographic terms, a bibliography, and a comprehensive index, making this a valuable resource for students, scholars, teachers, and writers.

The Nightingale's Sonata Thomas Wolf,2019-06-04 *Winner of the Sophie Brody Medal* A moving and uplifting history set to music that reveals the rich life of one of the first internationally renowned female violinists. Spanning generations, from the shores of the Black Sea to the glittering concert halls of New York, *The Nightingale's Sonata* is a richly woven tapestry centered around violin virtuoso Lea Luboshutz. Like many poor Jews, music offered an escape from the prejudices that dominated society in the last years of the Russian Empire. But Lea's dramatic rise as an artist was further accentuated by her scandalous relationship with the revolutionary Onissim Goldovsky. As the world around them descends in to chaos, between revolution and war, we follow Lea and her family from Russia to Europe and eventually, America. We cross paths with Pablo Casals, Isadora Duncan, Emile Zola and even Leo Tolstoy. The little girl from Odessa will eventually end up as one of the founding faculty of the prestigious Curtis Institute of Music, but along the way she will lose her true love, her father, and watch a son die young. The Iron Curtain would rise, but through it all, she plays on. Woven throughout this luminous odyssey is the story is Cesar Franck's "Sonata for Violin and Piano." As Lea was one of the first-ever internationally recognized female violinists, it is fitting that this pioneer was one of the strongest advocates for this young boundary-pushing composer and his masterwork.
