Clearly structured and logically built, the book is a pageturner. - Manuela The book describes very sensitively and in detail how a femdom relationship can work best. It reveals secrets of the experienced, charming Lady Sas and encourages the open-minded readers to experience something new on the further way. Very well done and incredibly rich in advice. - Fluffy Certainly the best book I have read so far on the subject of BDSM. And I have read many. - Mistress Emma

How To Feminize Your Body Martine M Song, 2020-02-17 The topic is male-to-female transformation. Some people call it makeover, that works too. The text is written predominantly from the view that you are new to crossdressing and feminisation but want to develop a female persona of some kind be it permanent or just for a temporary indulgence. If you are an old hand then you may also find a few helpful tips or insights that will further enhance your look, style, or dressing technique. An assumption is that you were not socialised as a girl. As a result, we need to revisit and spend time on all the little things females seem to find so natural and take for granted. Getting in touch with your femininity is a mixture. An ensemble if you will of lots of things. When you see an ultra-feminine woman, the way she acts and dresses, the way she walks and talks, and oozes sensuality you know there is

something more going on than just putting on a dress. Part I considers what you want to achieve with your girl time. We look at what makes us physically one sex or another and how flexible and open this is to change. Then we move onto how to treat your body right and indulge in all those little things that make a woman feminine. In Part 2 we go on to consider ways to sculpt or contour your body so that it remains in proportion but more idealistically female. We look at boobs, butts, and tucking. In Part 3 we move onto dressing the body. We consider the wonderful world of sexy lingerie and underwear and how the right materials and textures can give you that lovely feminine feel. Then we look at clothes and how the right cut and hang of materials as well as patterning and combinations can flatter your figure. And, finally we consider movement and deportment. In particular, how to walk in those ultimate expressions of female sexuality your heels. \*\*\*\*The material is arranged into nine helpful chapters that not only produce a more female appearance but also develop feminine traits and work on your socialisation into female ways. We also give you a shopping list for the things you need at each stage. Chapter 1 looks at why people dress and the idea of being feminine. Chapter 2 considers the limits of biology and how easy it is to physically change from male to female. Chapter 3 looks at ways to pamper your body and get that healthy smooth skinned look. Chapter 4 considers body types and how you can use foundation wear to get your female proportions just right. Chapter 5 is all about breasts and how to design your perfect female boobs. Chapter 6 does the same for bottom shapes and how to pad and tuck to get that all girl profile. Chapter 7 looks at lingerie and the essentials for your intimate wardrobe. Chapter 8 shows you how to dress right for your body type and get the best look you can with your proportions. We consider cuts of clothes and the type of shoes that every girl should know about. Chapter 9 is all about posture and deportment. We show you how to walk properly in your heels and develop the essential movements that will mark you out as female.

How To Feminize Your Face Martine Song, 2020-10-23 A successful male-to-female makeover relies on mastering the four pillars of feminization: face and hair, body and movement, fashion or style, and voice. This volume covers the first of these foundations and dips into ideas of fashion and style. Specifically, how to use makeup and hair styling to feminize your face. A starting assumption is that you are completely new to feminization. We start right back at the beginning and develop all those little techniques that females learn from their moms, aunts, sisters, girlfriends or by experimentation to develop from gauche girls into confident classy women. All the differences between male and female faces and how to overcome them are explained. We will also consider the use of accessories like ribbons, clips, and jewellery to pretty-up your look and bring out your femme persona. Every woman has a certain elan. A style, energy, and enthusiasm for life that feeds into her look and personality. The sum is greater than the parts. If you have ever been beguiled by the laugh or smile of a woman, the language of her eyes, the way her hair falls across her face, or how she tucks it behind her ear, you will know that putting on your face is so much more than just slapping on some lippy, eyeshadow, and a wig. If you are already an established dresser or in transition, stripping back your technique to the basics is a good way to identify and overcome difficulties or refresh a tired look. Read these pages with a new eye and you will find some additional tricks, tips, and further insights to perfect your own method. Likewise, If you are a sympathetic female partner or a mistress interested in feminizing your man, you will be able to complement what you know already by taking into account the differences between the male and female face. Indeed, why not just give your beau this book as part of their training so they can learn for themselves. The book is divided into three parts each with a specific purpose. In Part 1 we look at facial structure, consider what makes a face appear male or female, and the types of corrective surgery available. We also get you equipped with all the products and accessories needed to make up your face.

Prettiness and delicacy are very subjective, but we will look at what generally makes a face attractive. A large part of this is the configuration or relationship between various elements of your face. In Part 2 we consider all the techniques you need to mask your most male attributes, make up your eyes and mouth, and ways to contour your face so that it looks softer and more feminine. We use the information in Part 1 to work with your face type and produce a softer female version. We will call this your girl face for easy reference. Part 3 is all about hair and hair styling. We cover the different types of hair pieces like wigs and extensions and look at different hair styles and accessories. After that we take a tongue-in-cheek but nevertheless useful look at what hair says about your girl personality and include some helpful tricks and tips for the more mature dresser.

*How to Become a True Sissy Boy* Natascha Schulz, 2021-04-11 The first comprehensive guideline book on how to become a sissy boy. Sissy is a term used for a boy or man who does not match with the standard role of makes gender in society. The role of the male gender includes courage, strength, testosterone, coordination, and male libido, while in the case of sissy boys all these characters are missing. As these characters are the basic characters in masculinity, so, in the case of the absence of these characters they lose masculinity. They have the most characters of the female like un-athletic behavior or some feminine hobbies or employment. Their behavior includes the use of some hair or skin products like females or showing some limp wrists. Sissy-phobia is considered as the negative behavior shows by society towards the sissy boys or the men who show feminine behavior. Sissy is, around, the male opposite of spitfire, however, conveys all the more emphatically negative implications. An examination distributed in 2015 proposes that the terms are uneven in their ability to deride: sissy is quite often disparaging and passes on more noteworthy seriousness, while spitfire seldom causes as much concern yet additionally evokes strain to adjust to social assumptions.
