The Year of Less Cait Flanders, 2019-01-15 The Year of Less In her late twenties, Cait Flanders found herself stuck in the consumerism cycle that grips so many of us: earn more, buy more, want more, rinse, repeat. Even after she worked her way out of nearly \$30,000 of consumer debt, her old habits took hold again. When she realized that nothing she was doing or buying was making her happy—only keeping her from meeting her goals—she decided to set herself a challenge: she would not shop for an entire year. The Year of Less documents Cait's life for twelve months during which she bought only consumables: groceries, toiletries, gas for her car. Along the way, she challenged herself to consume less of many other things besides shopping. She decluttered her apartment and got rid of 70 percent of her belongings; learned how to fix things rather than throw them away; researched the zero waste movement; and completed a television ban. At every stage, she learned that the less she consumed, the more fulfilled she felt. The challenge became a lifeline when, in the course of the year, Cait found herself in situations that turned her life upside down. In the face of hardship, she realized why she had always turned to shopping, alcohol, and food—and what it had cost her. Unable to reach for any of her usual vices, she changed habits she'd spent years perfecting and discovered what truly mattered to her. Blending Cait's compelling story with inspiring insight and practical guidance, *The Year of Less* will leave you questioning what you're holding on to in your own life—and, quite possibly, lead you to find your own path of less.

The Year without a Purchase Scott Dannemiller, 2015-08-04 The Year without a Purchase is the story of one family's quest to stop shopping and

start connecting. Scott Dannemiller and his wife, Gabby, are former missionaries who served in Guatemala. Ten years removed from their vow of simple living, they found themselves on a never-ending treadmill of consumption where each purchase created a desire for more and never led to true satisfaction. The difference between needs and wants had grown very fuzzy, and making that distinction clear again would require drastic action: no nonessential purchases for a whole year. No clothes, no books, no new toys for the kids. If they couldn't eat it or use it up within a year (toilet paper and shampoo, for example), they wouldn't buy it. Filled with humorous wit, curious statistics, and poignant conclusions, the book examines modern America's spending habits and chronicles the highs and lows of dropping out of our consumer culture. As the family bypasses the checkout line to wrestle with the challenges of gift giving, child rearing, and keeping up with the Joneses, they discover important truths about human nature and the secret to finding true joy. *The Year without a Purchase* offers valuable food for thought for anyone who has ever wanted to reduce stress by shopping less and living more.

Do you want to make your money work for you, rather than the other way around? Has the Covid lockdown forced you to reconsider how you live your life and awakened a desire to develop a better work–life balance? In 2018 Kel Galavan was living and working at breakneck speed,

spending endless hours commuting, and felt like she saw more of her children asleep than awake. Realising this wasn't the life she wanted for herself or her family, she quit her job, and with the family income reduced, embarked on a No-Spend Year in January 2019. Her journey through self-doubt and hard-won life lessons culminated in savings of over £27,000 and changed the life of her family for the better in ways she could never have imagined. Now she wants to bring these lessons to you as we adjust to the post-Covid world and hopefully an understanding of the importance of family and health above the consumer-driven rat-run of life in the twenty-first century. Mindful Money is about building good spending habits and a positive money mindset to build a fulfilling, happy life no matter what the income. Part personal story, part how-to guide, Mindful Money provides deep insight into the emotional journey of Kel's own experience, along with a background on how money works, and details the seven habits of mindful spending so that anyone can build a life of their own design on their own terms. Mindful Money is more than a journey; it is a transformation in mindset that allows for more money, more freedom and more happiness in all our lives. Happy Money Elizabeth Dunn,Michael Norton,2013-05-14 If you think money can't buy happiness, you're not spending it right. Two rising stars in behavioral science explain how money can buy happiness—if you follow five core principles of smarter spending. If you think money can't buy happiness, you're not spending it right. Two rising stars in behavioral science explain how money can buy happiness—if you follow five core principles of smarter spending. Happy Money offers a tour of new research on the science of spending. Most people recognize that they need professional advice on how to earn, save, and invest their money. When it comes to spending that money, most people just follow their intuitions. But scientific research shows that those intuitions are often wrong. Happy Money explains why you can get more happiness for your money by following five principles, from choosing experiences over stuff to spending money on others. And the five principles can be used not only by individuals but by companies seeking to create happier employees and provide “happier products” to their customers. Elizabeth Dunn and Michael Norton show how companies from Google to Pepsi to Crate & Barrel have put these ideas into action. Along the way, the authors describe new research that reveals that luxury cars often provide no more pleasure than economy models, that commercials can actually enhance the enjoyment of watching television, and that residents of many cities frequently miss out on inexpensive pleasures in their hometowns. By the end of this book, readers will ask themselves one simple question whenever they reach for their wallets: Am I getting the biggest happiness bang for my buck?

Year of No Clutter Eve Schaub,2017-03-07 Eve has a problem with clutter. Too much stuff and too easily acquired, it confronts her in every corner and on every surface in her house. When she pledges to tackle the worst offender, her horror of a Hell Room, she anticipates finally being able to throw away all of the unnecessary things she can't bring herself to part with: her fifth-grade report card, dried-up art supplies, an old vinyl raincoat. But what Eve discovers isn't just old CDs and outdated clothing, but a fierce desire within herself to hold on to her identity. Our things represent our memories,

our history, a million tiny reference points in our lives. If we throw our stuff in the trash, where does that leave us? And if we don't...how do we know what's really important? Everyone has their own Hell Room, and Eve's battle with her clutter, along with her eventual self-clarity, encourages everyone to dig into their past to declutter their future. *Year of No Clutter* is a deeply inspiring—and frequently hilarious — examination of why we keep stuff in the first place, and how to let it all go.

How Not to Spend Your Senior Year Cameron Dokey, 2012-09-25 Rule #1: If at all possible, don't pretend to be something you're not. Specifically, don't play dead. Trust me on this one. I did it, so I should know. Jo O'Connor has spent her whole life moving around. When it comes to new schools, there's not a trick in the book about starting over that Jo doesn't know. But life is about to teach her a new trick: how to disappear entirely. Rule #2: Always expect the Spanish Inquisition, no matter what anyone else does. They have to move again. Now. This very night. Jo knows better than to argue. Her dad is the key witness in a major case against a big-time bad guy. But Jo just can't resist one last visit to the school where she's been so happy. All she wants is to say good-bye. That can't cause any problems, can it? Rule #3: Never assume you can predict the future. Now Jo's one last visit has landed her smack in the middle of a ghost story. Specifically, her own. By the time it's over, she'll have a whole new set of rules about what's real, what's make-believe, and—most of all—what's important.

The No Club Linda Babcock, Brenda Peyser, Lise Vesterlund, Laurie Weingart, 2022-05-03 In this “long overdue manifesto on gender equality in the workplace, a practical playbook with tips you can put into action immediately...simply priceless” (Angela Duckworth, bestselling author of *Grit*), *The No Club* offers a timely solution to achieving equity at work: unburden women's careers from work that goes unrewarded. *The No Club* started when four women, crushed by endless to-do lists, banded together to get their work lives under control. Running faster than ever, they still trailed behind male colleagues. And so, they vowed to say no to requests that pulled them away from the work that mattered most to their careers. This book reveals how their over-a-decade-long journey and subsequent groundbreaking research showing that women everywhere are unfairly burdened with “non-promotable work,” a tremendous problem we can—and must—solve. All organizations have work that no one wants to do: planning the office party, screening interns, attending to that time-consuming client, or simply helping others with their work. A woman, most often, takes on these tasks. In study after study, professors Linda Babcock (bestselling author of *Women Don't Ask*), Brenda Peyser, Lise Vesterlund, and Laurie Weingart—the original “No

Club”—document that women are disproportionately asked and expected to do this work. The imbalance leaves women overcommitted and underutilized as companies forfeit revenue, productivity, and top talent. The No Club walks you through how to change your workload, empowering women to make savvy decisions about the work they take on. The authors also illuminate how organizations can reassess how they assign and reward work to level the playing field. With hard data, personal anecdotes from women of all stripes, self- and workplace-assessments for immediate use, and innovative advice from the authors’ consulting Fortune 500 companies, this book will forever change the conversation about how we advance women’s careers and achieve equity in the 21st century.

Not Buying It Judith Levine,2007-02-27 A journalist traces a year during which she and her partner struggled to stop consumer spending practices in spite of their American conditioning, an effort that had an impact on their careers, family relationships, and personal identities.

The Pig Book Citizens Against Government Waste,2013-09-17 The federal government wastes your tax dollars worse than a drunken sailor on shore leave. The 1984 Grace Commission uncovered that the Department of Defense spent \$640 for a toilet seat and \$436 for a hammer. Twenty years later things weren't much better. In 2004, Congress spent a record-breaking \$22.9 billion dollars of your money on 10,656 of their pork-barrel projects. The war on terror has a lot to do with the record \$413 billion in deficit spending, but it's also the result of pork over the last 18 years the likes of: - \$50 million for an indoor rain forest in Iowa - \$102 million to study screwworms which were long ago eradicated from American soil - \$273,000 to combat goth culture in Missouri - \$2.2 million to renovate the North Pole (Lucky for Santa!) - \$50,000 for a tattoo removal program in California - \$1 million for ornamental fish research Funny in some instances and jaw-droppingly stupid and wasteful in others, The Pig Book proves one thing about Capitol Hill: pork is king!

My Misspent Youth Meghan Daum,2015-11-03 With a new introduction.One of Flavorwire's 25 Greatest Essay Collections of All Time.Meghan Daum is one of the most celebrated nonfiction writers of her generation, widely recognised for her fresh, provocative approach with which she unearths the hidden fault lines in the American landscape. From her well remembered New Yorker essays about the financial demands of big-city ambition and the ethereal, strangely old-fashioned allure of cyber-relationships to her dazzlingly hilarious riff in Harper's about musical passions that give way to middle-brow paraphernalia, Daum delves into the centre of things while closely examining the detritus that spills out along the way. With precision and

well-balanced irony, Daum implicates herself as readily as she does the targets that fascinate and horrify her.
