**What is Narratology?** Tom Kindt, Hans-Harald Müller, 2003 Review text: The series is a significant contribution to the flourishing scholarship in the area of narrative studies. As one would expect with de Gruyter, the volumes are handsome, the paper quality, typeface, and layout pleasant and reader-friendly, even though with the first volume, the editorial and production process seems to have included minor snags. ... The volume provides a noteworthy cross-section of current work in narratology as well as a selection of questions worth pursuing. Sabine Gross in: Monatshefte 1/2008.
