Le Grand Tarot de L'amour KARINA. HUBERT,2022-01-04 Everybody has a different concept and opinion about love and feels differently while experiencing it. This love tarot was created to help you contact your spiritual leaders when you love, feel, seek, grow, and heal. It could be the mirror of your life and existence; or be the print of your thoughts, feelings and emotions that shows the most accurate picture of your whole being. It provides help in finding your destiny, waking your spiritual memories, in shedding some light on your personal life-plan and exploring your spiritual plans. Today, a tarot reading is as common as going to yoga. They are both practices that quiet the mind and bring you into a state of higher listening, which helps you to become the active observer of your present experience. Doing so allows intuition to blossom as you become adept at finding answers to life's biggest, smallest, and most interesting questions. This love tarot book containing historical figures will help you to understand the mysterious world of tarot better and gain a bit deeper self-recognition, it pushes you forward in unexpected ways, unleashing possibilities that you can scarcely imagine. You can consult the cards as part of a daily self-care ritual, use them for interactive self-reflection, or rely on them as a tool for thinking through particular challenges or questions. Tarot is not barely a tool of fortune telling for you, but also a system of initiation which brings self-recognition; you can use the very depth of your creativity; you can understand the messages from your passed-away loved ones and you can receive signs in connection with your health and well-being.

Le Grand Tarot de L'Amour Karina Hubert,2015-06-14 Welcome, dear readers! My intention with this tarosophic love book is that the messages, warnings and advice of the ancient age would reach you, so you can discover the wisdom of love's eternal cycle for yourself, that is the royal path of love (TAR -path, road, royal -RO, SOPHIA-wisdom). During our life, we often experience situations that the cards represent with different symbols, images and symbol systems. The sequence of cards presents the progress, which we all need to go through, so the card is nothing more than the eternal cycle of Existence itself, which will be circular and whole through the repeated letter 't' in the word. (Tarot - 'Exist-ence') Our ancestors invented numerous packets of cards for educational purposes. With them, they taught Law, Logic skills, Geography, Mythology, and no matter how amazing it sounds, the Bible too. Also King Louis XIV himself acquired his historical knowledge through similar cards at the initiative of Cardinal Mazarin. That is exactly why I attached one or two more interesting love and life stories next to the interpretation of the cards. For all my life, I have been interested in 'life' stories, women's place in society, and their fight for power, therefore I have been studying the works of renowned historians for many years. During my readings I came across many interesting figures who lived an extraordinary life. Many times I felt I was right there with them, in that era, in that particular situation they experienced. It is a shame that teachers deal with more interesting historical stories, situations, only for a few lessons, outside the required curriculum, because after an enjoyable lesson, history would be a lot closer and interesting to everyone. Our children would understand how lucky they are, in some ways, because they did not have to go through the loss of parents, the loss of their love in senseless wars, they have no need to fight in order to learn and get an education. At the same time they are at a considerable disadvantage too, because, unlike earlier, no one teaches them honour, standing up for themselves, sticking together as a family from an early age. Tarot is not just a card game, but also an ancient, timeless wisdom. Its cards indicate life situations, turns of fate steeped in symbolism. Just as long ago, it is still very helpful if everyone gets to know the 'life stories related to the cards, because our ancestors lived and understood each stage of their lives through these educational stories, they were getting prepared for adulthood, marriage and parenthood even as a child. Filtering through these stories they could experience the male and female social roles, or even the changes that come inevitable with age, or moreover birth and death. This book carries the message of this old world in itself. It is for those path seekers and road enthusiasts, who no longer seek the causes and responses outside, but inside. Those, who are already beginning to understand that we attract certain people and events to ourselves. If you keep this card in your hand today, it is time for the messages of old times to address you. Do not expect accurate information about what will happen to you, but rather turn to it with confidence, because, by recognizing and taking the circumstances into account, it will help you to learn to decide autonomously and thus take your own destiny in your hands and 'mold' it according to your will. Devote time for the cards and let your intuition guide you. Choose the one that best appeals to you and close your eyes, the answers will arrive shortly. Do not forget that there is a reason for everything, nothing is coincidental. Not even the fact that you are holding this book in your hands right now.

Femme de lumière Claude Darche, 2014-11-13 Entre rêveries initiatiques et expérience suprasensible, Claude Darche, ancien Grand Maître de la Grande Loge Française de Memphis-Misraïm, auteure de nombreux ouvrages sur l'ésotérisme et la Franc-Maçonnerie, nous fait voyager dans un monde où l'ineffable côtoie la réalité, à la rencontre de l'identité profonde de l'être.

Perspectives on Contemporary Literature David Hershberg, 2021-10-21 Today's music, painting, and film share with literature in the development of a new aesthetic, even as these other arts influence (and are influenced by) literary themes and structures. And at the same time the music and art of the past continue to re-echo in twentieth-century letters. The thirteen essays gathered here open a fine and varied view of the ways in which contemporary literature interacts with the other arts. Surrealism in French painting and literature, collage theory and the cutups of William Burroughs, texts of Butor as shaped by works of Duchamp—this volume offers a rich harvest of perceptive studies on these and other aspects of a fascinating topic.
