China Goes Global Huiyao Wang,Miao Lu,2016-04-08 Mainland China businesses are going global, transforming the country from a manufacturing export platform into an overseas investment powerhouse. China Goes Global is the most thorough and up-to-date empirical analysis of the accelerating effort of Chinese companies to go global by investing overseas. It details the overall trends of this activity with respect to its sectors, channels, overseas targets, and particular firms, along the role of Chinese Government policy in facilitating business enterprise globalization. The book offers readers an enterprise level of view outward expansion by Chinese firms that is focused not only on the big-names, but also less well-known, but equally important trailblazing enterprises. In doing so it offers practical suggestions on how firms can tackle the challenges encountered when expanding outward.

Strategic Management Accounting Wing Sun Li,2017-10-12 This book serves as a guide to strategic management accounting. It introduces new and useful concepts on how to collect, analyse, and evaluate options to enable managers to steer corporate directions and write strategic plans for the long-term success of the corporation. Starting with basic techniques and the latest strategic management approaches, the book then presents cases that show the techniques employed step by step. By demonstrating how easily the ideas can be translated into action, it is a valuable resource for business practitioners, as well as for students taking advanced management accounting courses.

Non-Bullshit Innovation David Rowan,2019-05-16 *updated with new material* 'Digital transformation' and 'disruptive innovation' used to be empty buzzwords serving to justify pointless box-ticking and absurd corporate posturing. And then a global pandemic suddenly forced every kind of organization to embrace genuine, urgent innovation as a matter of survival. But how can we ensure that the non-bullshit version of innovation delivers economic recovery at this crucial moment? Are there strategies we can all adapt from the world's most creative leaders to innovate

effectively in our own lives? David Rowan, founding editor-in-chief of WIRED UK, embarked on a twenty country quest to find out. Packed full of tips for anyone looking for radical ways to adapt and thrive in the digital age, this carefully curated selection of stories will prepare you for whatever the future may bring - because the world will never move this slowly again. _____ 'In this remarkable book, David Rowan tells a story of transformation: how an organisation has found a new way of doing things through innovation driven by ruthless entrepreneurial imagination. What is especially useful is that he does not just stick with small startups, let alone dreamy inventors. He finds innovation in big companies and even within governments.' - Matt Ridley, The Times

Entrepreneurship in the Asia-Pacific: Case Studies Jing Wang, Michitaka Kosaka, Ke Xing, Hua Bai, 2019-09-23 This book is dedicated to the analysis of the entrepreneurship in successful companies by presenting and comparing a series of case studies in the Asia-Pacific where many new companies have been growing successfully in the 21st century. In total, 5 cases in the manufacturing industry, 4 cases in the services industry, and 3 cases related to new business and social innovation are chosen from The mainland of China, Taiwan, Japan, Australia, Malaysia and Vietnam. Each case provides insight into the entrepreneur's aspiration, the processes of personal and business developments, the factors of success, and the inspirations drawn from the analysis. These cases are analyzed and compared from the viewpoints of entrepreneur's motivation, ability of foreseeing changes and opportunities in the future business environment, core resources and innovation, knowledge management and culture for the company, determination and ethos. These are critical factors in value creation for customers and the society, especially in the future business environment. Finally, commonalities and uniquenesses in entrepreneurship relevant to industry sectors and social-economic-cultural contexts are clarified and a typical entrepreneurship model in the Asia-Pacific is proposed.

This volume contains papers addressing the following major topics: designing and evaluating distributed, ambient and pervasive interactions; natural interaction; smart cities; art and cultural heritage in smart environments; smart environments for quality of life; smart environments for learning and creativity; and ambient games and humour.

AI, Pandemic and Healthcare Nuoya Chen, 2024-02-13 The demand for telehealth solutions has been growing exponentially after the Covid-19

pandemic. Hospitals remain understaffed, which leads to staff burnouts and unsatisfactory patient experience. They also find it difficult to use AI to reduce the workload for doctors and nurses. Doctors barely use data collected from wearables and home-use medical devices to make diagnosis. As generative AI advances, traditional medical device manufacturers are exploring with open innovation to transform into a software-based business model facing competition from large tech companies and startups. This book shares the perspectives from different stakeholders around the challenges of the use of AI in healthcare.

Understanding a Changing China Howard Davies, Matevž Rašković, 2017-08-23 As China becomes the world's largest economy, so it becomes important to understand the key issues shaping the country's business environment and the behaviour of Chinese businesspeople. This is difficult because those issues are contested. Is China growing at 3% or 8%? Is the Chinese consumer going to save the world? Are state-owned enterprises national champions or zombies? Have we reached the end of Cheap China? Can China innovate? Is business still dominated by personal connections? Are markets or the state in control? Does Chinese culture impede or support organizational effectiveness? Are Chinese dragons at your door? Will the finance and property sectors implode? Is the Chinese model sustainable, or will it end in tears? On all these issues there is ill-informed noise, and an abundance of partisan interpretations. The purpose of this book, therefore, is to provide an even-handed analysis of the key issues that will shape the threats and opportunities arising from China's development in the next decade. It cannot resolve the competing claims made. However, it does provide the reader with the ideas and the sources of evidence needed to understand and to make well thought-out judgments as China continues to evolve.

Overcoming Crisis: Case Studies Of Asian Multinational Corporations Parissa Haghirian, 2022-12-21 Crisis management is not a new topic in management research and teaching. Every company meets challenges and crisis at some point and being able to deal with them decides whether a business survives. Despite this, crisis management has not yet been a prominent part of the modern business school curriculum. The pandemic has changed that, and how to deal with crisis has become the major question, not only for entrepreneurs and managers, but also for business educators. This book presents 22 case studies of Asian multinational corporations overcoming crisis. The topics do not only deal with the pandemic, but all kind of challenges of modern business and show how companies did overcome or which strategies they have developed to do so. The companies are divided into different industries such as the automotive industry, entertainment or aviation industries. The cases can be used in business and international management classes, but can also be read to learn about modern crisis management strategies.

The China Factor Amy Karam, 2016-05-13 The Innovation of Globalization - proven strategies to succeed and out-compete emerging competition Does your company know how to compete effectively in the evolving global business arena? What tactics must your company use to overcome price discounting wars that cut into your margins? What are the strategies your new rivals incorporate that may prove more valuable to customers than the superior products you offer? The China Factor equips Western businesses with a practical framework for competing successfully in today's ever-changing global markets. Written by an expert in competitive strategy and global market expansion, this book is packed with insights gained through first-hand experience leading competitive programs at a high-tech multinational corporation and extensive research. When it comes to globalization, the rules have changed—what was once nice-to-know is now need-to-know, and this book lays it out in a clear, no-nonsense style. Based on cases with over 50 countries, you will learn why a premium product, though domestically successful, may not be well received in foreign markets. You'll also discover the critical factors that contribute to success in both emerging and established markets. Disruptive competitors are transformed from threats to examples as you learn to recognize opportunities for re-evaluation, and shift your strategy to stay ahead of the curve. The economic rise of China and other new entrants is challenging Western companies in new ways. This book explains why, and provides actionable strategies for success

in any market. Grow and maintain an Innovation Advantage using 5 models Learn from disruptors how to win your emerging markets customers Understand the power of politics in business Develop a deeper Culture IQ to expand your customer base Use a 5-part Strategic Framework to formulate new sales tactics You're already well-aware of the global threat to Western business, and endless analysis only goes so far toward a solution. You need to know how to respond, survive, and thrive, and just how to regain the competitive edge. The truth is that Western companies must change they way they do business, and push innovation beyond the product and into every aspect of every operation - they need to be innovative in how they do business abroad. The China Factor provides a clear action plan, and case studies from global leaders like Cisco, Xiaomi, and Apple with insightful strategies for changing and winning the game. Endorsements "The China Factor is right on the mark. It addresses a real need, one that very few others are tackling—the action that US and other Western-based companies can take in response to the China challenge. Global competitiveness is a huge problem for the West and companies are ill-prepared.The China Factor goes beyond what other books do, providing an important, insightful, and practical prescription on how companies can shift their strategy..." — Ken Wilcox, former CEO and chairman, current Chairman Emeritus, Silicon Valley Bank "The China Factor's case studies and practical resources make this book a must-read for any corporation that wants to win globally, particularly as innovation is being redefined." —SIMON KHALAF, SVP, Yahoo Inc. "The China Factor provides a new strategic framework and an essential set of marketing guidelines for Western companies that have to compete or partner with Chinese firms in OECD countries, China or emerging market countries." —DR. RAYMOND LEVITT, Kumagai Professor of Engineering, and Director, Global Projects Center, Stanford University "High tech

Smartphone Start-ups Claudio Giachetti,2017-11-16 This book provides detailed examination of start-up companies which entered the smartphone industry following the revolution triggered by Apple with its iPhone in 2007. Analytical case studies explore the rationale behind the business models, financing cycles, and factors that helped start-ups sustain their own growth and survival. By studying these companies through the lens of entrepreneurship and competitor analysis, the author investigates not only the opportunities that can arise from technological evolution, but also the uncertainty that has developed surrounding the industry's future. Topics covered include value proposition development, evaluation of the effectiveness of business models, and market competition analysis, unveiling thought-provoking results about this rapidly changing industry. Scholars of entrepreneurship, business strategy and innovation management will find this timely book a valuable contribution to the field.

Introduction to Shou Zi Chew Gilad James, PhD, Shou Zi Chew is a Singaporean entrepreneur who has made significant contributions to the technology and business world. He grew up in Singapore and received his education in Mathematics and Economics from the prestigious Harvard University. During his time at Harvard, Chew co-founded the Harvard College Venture Partners, which became one of the largest student-run venture

funds in the United States. After graduation, Chew worked at Goldman Sachs before moving to Beijing to work for the tech giant, Xiaomi, where he now serves as President of International and Vice President of International Business. Chew has been instrumental in Xiaomi's global expansion efforts, spearheading the company's entry into new international markets like India, Southeast Asia, and Europe. He has also led the company's push into new product categories, including smart home devices, lifestyle products, and mobile payments. Chew's success has earned him recognition as one of Forbes Asia's 30 under 30 and Nikkei Asian Review's 100 Most Influential People in Asia. He is a prominent figure in the world of tech entrepreneurship and is considered to be one of the most prominent business leaders in the Asia-Pacific region.

Strategic Management Accounting in a Network Economy Wingsun Li,

Conversational Dialogue Systems for the Next Decade Luis Fernando D'Haro, Zoraida Callejas, Satoshi Nakamura, 2020-10-24 This book compiles and presents a synopsis on current global research efforts to push forward the state of the art in dialogue technologies, including advances to the classical problems of dialogue management, language generation, question answering, human-robot interaction, chatbots design and evaluation, as well as topics related to the human nature of the conversational phenomena such as humour, social context, specific applications for e-health, understanding, and awareness

Handbook of Chinese Management Check-Teck Foo, 2023-09-05 This handbook explores the theme of managing inside China and consists of chapters that communicate the major managerial concepts within the context of Mainland China. Its key emphasis is to clearly highlight the differences in the art of managing in China vs. the West, while acknowledging that these differences may be narrowing as a result of globalization. Chapters in the book elaborate on how management is affected as China experiences rapid change while some aspects of Chinese culture remain unchanged and steeped in tradition. The book goes further in exploring this complexity by juxtaposing China's orientation towards interpersonal relations, or guanxi, with the government's emphasis on law, which is now becoming more rule-based than before. Business & Management academics and practitioners will gain useful insight into Chinese management practices and their contrast to established Western ones when they use the Handbook of Chinese Management as a reference.

Yes Logo Jiazhuo George Wang, Shuo Qin, Allison Wang, 2023-10-16 This book focuses on how to succeed in China, the globe's largest consumer market, through the branding market strategy. What are the undisclosed recipes that brands can follow to capture the attention and emotion of consumers in China? What's the magical key to open the locked doors? The answer to these questions would be intriguing for many readers outside China, including but not limited to executives of global brands, owners of medium-and-small-sized businesses aiming for the global market, branding/marketing professionals, financial investors and analysts, business professors and researchers in universities and colleges, graduate and undergraduate students, and readers with an interest on these topics in the general public. In comparison with many case studies that focus on only a single or few cases, or else lean toward being a macro-discussions of China's consumer market without in-depth analysis of representative cases, this book provides both. Many branding strategies, programs, and activities presented in this book are of the innovative type, which could be very fresh and interesting to readers. Many of the in-depth analyses and specific insights presented in this book are provided by well-recognized business analysts/writers, which may not be available in other publications. Overall, this book provides readers with the opportunity to receive some valuable new knowledge about how to succeed in the globe's largest consumer market, providing foodstuff for both thought and enjoyment.
