**Dictionnaire amoureux de la traduction** Josée Kamoun, 2024-04-04 D'une entrée à l'autre de ce Dictionnaire amoureux, Josée Kamoun nous fait rêver, rire, et réfléchir au fil de ce que nous dit la traduction sur l'inépuisable, l'ensorcelante ambiguïté du monde. Passeurs de frontières, questionneurs permanents du langage et de la langue, les traducteurs sont à fois les instruments et les agents du devenir. Un Dictionnaire amoureux, c'est le contraire d'un dictionnaire : son A à Z n'épuise pas le sujet, et il annonce d'emblée la couleur de sa subjectivité. Il s'agit d'entraîner les lecteurs dans des traboules dont les débouchés peuvent surprendre, de les entraîner parfois aux confins du traduire chez ceux pour qui le mot est geste ou chez ceux dont la langue se délie pour moduler celle des oiseaux. Introduits dans le voyage des œuvres par la belle Schéhérazade, on y croisera des émojistes enlumineurs postmodernes, des harponneurs de baleine blanche, une adolescente anglophone à Vérone, des bilingues et diglosses à leur corps défendu, des irréductibles de Babel et des Fédérés de la Pentecôte. Mon dictionnaire est une histoire d'amour avec toutes les langues et littératures que la traduction m'a offertes, la langue et la littérature anglaises en particulier, mais aussi avec les paysages et les accents américains ; avec la langue et la littérature françaises, avec les vieux vieux textes hébergeant des mots disparus comme avec le parler tout neuf qui court la rue, date de péremption inconnue. Une galerie d'étonnements et d'admiration devant

l'inépuisable, l'ensorcelante ambiguïté du réel.

Expanding the Lexicon Sabine Arndt-Lappe, Angelika Braun, Claudine Moulin, Esme Winter-Froemel, 2018-01-22 The creation of new lexical units and patterns has been studied in different research frameworks, focusing on either system-internal or system-external aspects, from which no comprehensive view has emerged. The volume aims to fill this gap by studying dynamic processes in the lexicon – understood in a wide sense as not being necessarily limited to the word level – by bringing together approaches directed to morphological productivity as well as approaches analyzing general types of lexical innovation and the role of discourse-related factors. The papers deal with ongoing changes as well as with historical processes of change in different languages and reflect on patterns and specific subtypes of lexical innovation as well as on their external conditions and the speakers' motivations for innovating. Moreover, the diffusion and conventionalization of innovations will be addressed. In this way, the volume contributes to understanding the complex interplay of structural, cognitive and functional factors in the lexicon as a highly dynamic domain.

**Literary Translation, Reception, and Transfer** Norbert

Bachleitner,2020-09-21 The three concepts mentioned in the title of this volume imply the contact between two or more literary phenomena; they are based on similarities that are related to a form of 'travelling' and imitation or adaptation of entire texts, genres, forms or contents. Transfer comprises all sorts of 'travelling', with translation as a major instrument of transferring literature across linguistic and cultural barriers. Transfer

aims at the process of communication, starting with the source product and its cultural context and then highlighting the mediation by certain agents and institutions to end up with inclusion in the target culture. Reception lays its focus on the receiving culture, especially on criticism, reading, and interpretation. Translation, therefore, forms a major factor in reception with the general aim of reception studies being to reveal the wide spectrum of interpretations each text offers. Moreover, translations are the prime instrument in the distribution of literature across linguistic and cultural borders; thus, they pave the way for gaining prestige in the world of literature. The thirty-eight papers included in this volume and dedicated to research in this area were previously read at the ICLA conference 2016 in Vienna. They are ample proof that the field remains at the center of interest in Comparative Literature.
