Digital Cinematography David Stump, 2014-03-21 First published in 2014. With the shift from film to digital, a new view of the future of cinematography has emerged. Today's successful cinematographer must be equal parts artist, technician, and business-person. The cinematographer needs to master the arts of lighting, composition, framing and other aesthetic considerations, as well as the technology of digital cameras, recorders, and workflows, and must know how to choose the right tools (within their budget) to get the job done. David Stump's *Digital Cinematography* focusses primarily on the tools and technology of the trade, looking at how digital cameras work, the ramifications of choosing one camera versus another, and how those choices help creative cinematographers to tell a story. This book empowers you to both correctly choose the right camera and workflow for your project from today's incredibly varied options, as well as understand the ins and outs of implementing those options. Stump sheds a light on the confusing advantages and disadvantages of shooting theatrical features using digital technology and what it can or can't do. Topics covered include: * Detailed coverage of Arriflex, Blackmagic, Canon, Ikonoskop, Panasonic, Panavision, Phantom, Red, Silicon Imaging, Sony, and Weisscam digital motion picture cameras * Coverage of a wide variety of lenses, including Angenieux, Canon, Cooke, Fujinon, Hawk, Leica, Panavision, Red, Schneider, Sony, UniqOptics, Vantage, and Zeiss * Coverage of recorders, displays, and look management tools * Exposure

theory tips - learn how to correctly expose digital cameras * Focusing tips - learn how to focus digital cameras correctly * Checklists to help design digital workflows * Practical tips on preparation - prepare for shooting a digital motion picture like a professional * Camera set-up and operation, color management, digital intermediates, 3D stereo cinematography, future trends, and much more If you aspire to be a successful cinematographer in this new digital age, or if you already are a working cinematographer in need of a resource to help you stay on top of your game, this is a must-read book.

Sales EQ Jeb Blount,2017-03-20 The New Psychology of Selling The sales profession is in the midst of a perfect storm. Buyers have more power—more information, more at stake, and more control over the sales process—than any time in history. Technology is bringing disruptive change at an ever-increasing pace, creating fear and uncertainty that leaves buyers clinging to the status quo. Deteriorating attention spans have made it difficult to get buyers to sit still long enough to “challenge,” “teach,” “help,” give “insight,” or sell “value.” And a relentless onslaught of “me-too” competitors have made differentiating on the attributes of products, services, or even price more difficult than ever. Legions of salespeople and their leaders are coming face to face with a cold hard truth: what once gave salespeople a competitive edge—controlling the sales process, command of product knowledge, an arsenal of technology, and a great pitch—are no longer guarantees of success. Yet this is where the vast majority of the roughly \$20 billion spent each year on sales training goes. It’s no wonder many companies are seeing 50 percent or more of their salespeople miss quota. Yet, in this new paradigm, an elite group of top 1 percent sales professionals are crushing it. In our age of technology where information is ubiquitous and

buyer attention spans are fleeting, these superstars have learned how to leverage a new psychology of selling—Sales EQ—to keep prospects engaged, create true competitive differentiation, as well as shape and influence buying decisions. These top earners are acutely aware that the experience of buying from them is far more important than products, prices, features, and solutions. In Sales EQ, Jeb Blount takes you on an unprecedented journey into the behaviors, techniques, and secrets of the highest earning salespeople in every industry and field. You'll learn: How to answer the 5 Most Important Questions in Sales to make it virtually impossible for prospects to say no How to master 7 People Principles that will give you the power to influence anyone to do almost anything How to shape and align the 3 Processes of Sales to lock out competitors and shorten the sales cycle How to Flip the Buyer Script to gain complete control of the sales conversation How to Disrupt Expectations to pull buyers towards you, direct their attention, and keep them engaged How to leverage Non-Complementary Behavior to eliminate resistance, conflict, and objections How to employ the Bridge Technique to gain the micro-commitments and next steps you need to keep your deals from stalling How to tame Irrational Buyers, shake them out of their comfort zone, and shape the decision making process How to measure and increase you own Sales EQ using the 15 Sales Specific Emotional Intelligence Markers And so much more! Sales EQ begins where The Challenger Sale, Strategic Selling, and Spin Selling leave off. It addresses the human relationship gap in the modern

sales process at a time when sales organizations are failing because many salespeople have never been taught the human skills required to effectively engage buyers at the emotional level. Jeb Blount makes a compelling case that sales specific emotional intelligence (Sales EQ) is more essential to success than education, experience, industry awareness, product knowledge, skills, or raw IQ; and, sales professionals who invest in developing and improving Sales EQ gain a decisive competitive advantage in the hyper-competitive global marketplace. Sales EQ arms salespeople and sales leaders with the tools to identify their most important sales specific emotional intelligence developmental needs along with strategies, techniques, and frameworks for reaching ultra-high performance and earnings, regardless of sales process, industry, deal complexity, role (inside or outside), product or service (B2B or B2C).

INKED Jeb Blount, 2020-01-15 Learn powerful closing and sales negotiation

tactics that unlock yes and seal the deal. Each year, sales professionals leave billions of dollars on the table because they are out gunned, out maneuvered, and out played by savvy buyers, who have been schooled in the art and science of negotiation. Because today's buyers have more power than ever before—more information, more at stake, and more control over the buying process—they almost always enter sales negotiations in a much stronger position than the salespeople on the other side of the table. The results are sadly predictable: salespeople and their companies end up on the losing end of the deal. In this brutal paradigm, if you fail to master the skills, strategies, and tactics to go toe-to-toe with modern buyers and win at the sales negotiation table, your income and long-term earning potential will suffer—along with your company's growth, profits, and market valuation. In his new book *INKED: The Ultimate Guide to Powerful Closing and Sales Negotiation Tactics that Unlock YES and Seal the Deal*, Jeb Blount levels the playing field by giving you the strategies, tactics, techniques, skills, and human-influence frameworks required to become a powerful and effective sales negotiator. In his signature, straightforward style, Jeb pulls no punches. He slaps you right in the face with the cold, hard truth and lays bare the reasons why you keep getting beaten by buyers who have been trained in how to play you. Then, he teaches you exactly what you need to know, do, and say to gain more control and more power over the outcomes of your deals, and WIN. You'll learn: Seven Immutable Rules of Sales Negotiation Why "Win-Win"

Usually Means “You-Lose” The One Rule of Sales Negotiation You Must Never Break How to Leverage the Powerful MLP Strategy to Bend Win Probability in Your Favor The ACED Buyer Persona Model and How to Flex to Buyer Communication Styles Seven Principles of Effective Sales Negotiation Communication How to Leverage the DEAL Sales Negotiation Framework to Control the Negotiation Conversation and Get Ink How to Gain the Advantage with Comprehensive Sales Negotiation Planning Strategies and Tools Powerful Negotiation Psychology and Influence Frameworks that Keep You in Control of the Conversation How to Rise Above the Seven Disruptive Emotions that are Holding You Back at the Sales Negotiation Table How to Protect Yourself from the Psychological Games that Buyers Play With these powerful tactics in your sales arsenal, you will approach sales negotiations with the confidence and power to take control of the conversation and get the prices, terms, and conditions that you deserve. INKED is the most comprehensive Sales Negotiation resource ever developed for the sales profession. Unlike so many other negotiating books that ignore the reality sellers face in the rapid-fire, real world of the sales profession, INKED is a sales-specific negotiation primer. You’ll learn directly from one of the most sought-after and celebrated sales trainers of our generation. Following in the footsteps of his blockbuster bestsellers Fanatical Prospecting, Sales EQ, and Objections, Jeb Blount's INKED puts the same strategies employed by his clients—a who’s who of the world’s most prestigious organizations—right into

your hands.
