David Icke

R. A. Boulay

Infinite Love Is the Only Truth David Icke,2005 Quite simply, the cutting edge just moved! Never before has a book explained with such clarity why 'physical' reality is merely an illusion that only exists in our brain. Fantastic? Sure it is. But David Icke's information, presented in a way that everyone can understand, is a life-changing exposure of both the illusion we believe to be 'real' and the way this illusion is generated and manipulated to imprison us in a false reality. Icke explains how we 'live' in a 'holographic internet' in that our brains are connected to a central 'computer' that feeds us the same collective reality that we decode from waveforms and electrical signals into the holographic 3D 'world' that we all think we see.

Everything You Need to Know But Have Never Been Told David Icke,2017-11-18 I want to make it clear before we start what the title represents. Everything You Need To Know, But Have Never Been Told does not refer to all that people need to know in terms of information and knowledge. How could you put that between two covers? Religious books claim to do this but they are works of self-delusion and perceptual imprisonment. Everything You Need To Know in this case refers to the information necessary to open entirely new ways of thinking and perceiving reality, both in the seen and unseen, from which everything else will come. This book is a start not a finish. It is written in layers with information placed upon information that together reveals the picture by connecting the parts. The parts are fascinating, but the picture is devastating. Prepare for a perception reboot]]

I Am Me, I Am Free David Icke,1996 With humor and powerful insight, David Icke, exposes the mental and emotional prisons which billions of people have built around themselves.

The Biggest Secret David Icke,2023-11-05 How the same inter-breeding bloodline has controlled the world for thousands of years.

Phantom Self David Icke,2016 The vast majority of us unknowingly suffer from a slave mentality. We constantly experience the psychological phenomena of cognitive dissonance, where our beliefs and behaviour are in conflict,

and Stockholm syndrome - the traumatic bonding with a captor. Our ability to decode reality is linked to what we are able to perceive. Icke believes our reality has been hijacked by an invisible force the Gnostics used to call Archons. He maintains that we are headed towards a cashless world and human settlements which are projected as local community initiatives but are actually centralized systems of control. Our health is being systematically weakened: if you are sick, you are easier to control. Icke's dystopian view of the future assumes that the masses will stay glued to their TVs, locked forever into the hive mind of the Matrix, which says I have no power. Can humanity break free? Through truth and love we can become who and what we really are.

Remember who You are David Icke, 2012 David Icke...has exposed the global network of families behind Big Banking, Big Biotech, Big Food, Big Government, Big Media and Big Pharma in book after book as his awareness has expanded - - and he takes this on to still new levels of exposure in Remember Who You are...the key is in the title. We are enslaved because we identify with our body and our name, when these are only vehicles and symbols for what we really are -- Infinite Awareness, Infinite Consciousness. We are imprisoned in the realms of the five senses and 'little me' when we are All That Is, All That Has Been and all That Can Ever Be. To breach the perceptual walls of the Saturn-Moon Matrix and bring an end to mass human enslavement, we need to awaken to our true identity. -- Publisher's description.

Truth with Love Bryan A. Follis, 2006-09-22 Francis Schaeffer was a well-known, extremely influential apologist and thinker who made his mark defending orthodox truth in the face of strong opposition. He was foremost in the vocation of apologetic ministry, and he was a brilliant man whom God used mightily during the decades of the 1960s, 70s, and 80s. In *Truth with Love*, Bryan Follis explores the theology and thinking that fueled the ministry of Francis Schaeffer, from his Reformed position to his understanding of fundamentalism. Follis examines Schaeffer's apologetic argument and the role of reason in his discussions and writings. The position Francis Schaeffer took against modernism and its applicability in this day of postmodernism are studied as well. This book is a beneficial resource for any Francis Schaeffer fan and any minister, teacher, or student who appreciates truth and its defense in the face of different kinds of opposition.

David Icke has spent well over a decade uncovering the force that was really behind those attacks and has travelled to 40 countries in pursuit of the truth. He has exposed their personnel, methods and agenda in a series of books and videos.

The Perception Deception David Icke, 2013 The most comprehensive exposure of the 'world' ever written.

The Circle Dave Eggers, 2013-10-08 INTERNATIONAL BESTSELLER • A bestselling dystopian novel that tackles surveillance, privacy and the frightening intrusions of technology in our lives—a “compulsively readable parable for the 21st century” (Vanity Fair). When Mae Holland is hired to work for the Circle, the world’s most powerful internet company, she feels she’s been given the opportunity of a lifetime. The Circle, run out of a sprawling

California campus, links users' personal emails, social media, banking, and purchasing with their universal operating system, resulting in one online identity and a new age of civility and transparency. As Mae tours the open-plan office spaces, the towering glass dining facilities, the cozy dorms for those who spend nights at work, she is thrilled with the company's modernity and activity. There are parties that last through the night, there are famous musicians playing on the lawn, there are athletic activities and clubs and brunches, and even an aquarium of rare fish retrieved from the Marianas Trench by the CEO. Mae can't believe her luck, her great fortune to work for the most influential company in the world—even as life beyond the campus grows distant, even as a strange encounter with a colleague leaves her shaken, even as her role at the Circle becomes increasingly public. What begins as the captivating story of one woman's ambition and idealism soon becomes a heart-racing novel of suspense, raising questions about memory, history, privacy, democracy, and the limits of human knowledge.

The Trigger David Icke, 2019-09 The author looks at who was really behind the 9/11 attacks and why, what has happened in the years following 9/11, and the increasing evidence to show the official story doesn't stand up to research and what has happened in the world since that day.

Spiritual Growth Orin (Spirit), Sanaya Roman, 1989 This new book focuses on acquiring the skills for handling everyday life with more joy, harmony, peace, and light. Here are more of the shared teachings of Sanaya Roman and her spirit guide, Orin, for whom she acts as a channel.

The Robots' Rebellion – The Story of Spiritual Renaissance David Icke, 1999-08-26 David Icke's strongest book to date, *The Robots' Rebellion* reveals the alarming extent to which people of all nations are programmed by the ideas fed to them by those in power. We live in a world which is increasingly dominated by technology but, according to Icke, it is we who are the robots. Fearlessly, he tears down the veils of hypocrisy, built up for generations by the corrupt forces of Church, State, science and commerce – and reveals the true pathos of the human condition

beneath. He points, too, to the frightening influence wielded throughout the planet by a merciless and manipulative network of secret societies. The existence of long-established links between Earth-bound humanity and beings from other dimensions and planets in the Universe has been suppressed for years, says Icke, by the world's power-broking hierarchy. When ordinary people learn the real role they have to play within a rich and varied cosmic society, rebellion against those who have kept this extraordinary truth from them will, he predicts, be inevitable. The author is no stranger to controversy. Formerly best-known as a TV sports commentator and leading spokesman for the British Green Party, he is gaining increasing authority as a tireless campaigner for truth. His widely-publicised spiritual transformation has given him the courage to speak out fearlessly against lies deceit. Hidebound politicians, bankers, economists, educationalists, scientists and the leaders of the world's established religions are not going to welcome Icke's challenging book. But it is not intended for those who wield and abuse power. This book is for the world's unwilling robots who, says Icke, in an upbeat conclusion, have it within themselves to rise up – and take control of their own exciting destiny. Trumpence Boyd Anderson, 2017-09-13 With one record-smashing night in his exploding hockey career, Boyd Anderson went from 'the best line in junior hockey' to an international playoff team of champions from Zug, Switzerland. After creating a huge sale to Saudi Arabia, Boyd moves from Toronto to Budapest to Dubai and unknowingly finds himself at the 'Top of the Food Chain'. It is in Dubai, 2007 where he meets Thomas who introduces him into a world of deception and unimaginable Power Weilding Elite, hyper-competitive deal-makers and hungry profiteers, who trade entire lives just as easily as they swapped arena tickets and team contracts, behind the scenes of business , governments and politicians you've heard of , , , , But when CNN announced Malaysian Airlines flight MH370 has disappeared on a March morning in 2014, Boyd immediately blurted out, I know who did this. Horrified, he became an investigator, using his highly toned instincts and perception, along with his memory. Backed up with facts, he saw all the pieces coming together, realizing that hundreds of lives lost were just 'collateral damage' for a 55,500 Ton gold heist. Even worse, using ancient numerology and researching the main players introduced to him from a nearly-forgotten contact who had described a plan for just how Bitcoin, political turmoil in Europe and the Middle East, and even the world's economy would play out -- drastically changing the world as we know it, in just a few years. After spending 3 years investigating and researching, Boyd discovered 3 abandoned Boeing Jumbo 747's left on the tarmac at Kuala Lumpur airport, he finally figured things out. Unable to escape the feeling that all the signs were in place for a scandal that's bigger than Watergate, now everyone needs to know the truth regarding the origin of Bitcoin, Ethereum, Monero & ETC Classic, the Blockchain, Kraken, Brexit, ISIS, Interest Rate Hikes --

and the biggest gold heist-assassination in the history of the world!

Flying Serpents and Dragons R. A. Boulay, 1999-07 A highly original work that deals a shattering blow to all our preconceived notions about our past and human origins. Worldwide legends refer to giant flying lizards and dragons that came to this planet and founded the ancient civilizations of Mesopotamia, Egypt, India and China. Who were these reptilian creatures? What was the real reason for mans creation? Why did Adam lose his chance at immortality in the Garden of Eden? Who were the Nefilim who descended from heaven and mated with human women? Why did the serpent take such a bad rap in history? Why didnt Adam and Eve wear clothes? What were the crystals or stones that the gods fought over? Why did the ancient Sumerians call their major gods USHUMGAL, which means literally great fiery, flying serpent? What were the boats of heaven in ancient Egypt and the sky chariots of the Bible? This book tells it all.
