Jung and Feminism Demaris S. Wehr, 2015-12-14 Jung, in contrast to Freud, has typically been considered more sympathetic to women largely because of his emphasis on the feminine as a way of being in the world and on the 'anima', the unconscious feminine aspect of male personality. Feminists, however, have viewed Jung's whole notion of the 'feminine' with suspicion, seeing it as a projection of male psyche and not an authentic understanding of female humanity. For Demaris Wehr both feminism and Jungian psychology have been guiding forces, and in this book, originally published in 1988, she mediates between feminists and classical Jungians – two groups historically at odds. She faces squarely the male-centred assumptions of some Jungian concepts and challenges Jung's claims for the universality and purely empirical basis of his work, but nevertheless maintains an appreciation for the value of Jung's understanding of human nature and the process of individuation. By bringing the insights of feminist theology to bear on the seemingly unbridgeable gap between analytical psychology and feminism, she succeeds in reclaiming Jungian psychology as a freeing therapy for women and reveals it as the ultimately liberating vision its founder intended it to be.

Jung Susan Rowland, 2002-02-15 Jung: A Feminist Revision explores the relationship between feminist theory and Jungian studies. It combines an original student-friendly introduction to Jung, his life and work, his treatment of gender and the range of post-Jungian gender theory, with new research linking Jung to deconstruction, post-Freudian feminism, postmodernism, the sublime, and the postmodern body. Feminism has neglected Jung to its own detriment. While evaluating the reasons for this neglect, Jung: A Feminist Revision uses the diversity of feminist critical tools from historical analysis to poststructuralism. In a fresh and illuminating study, this book provides both a critique of Jung and demonstrates his positive potential for future feminisms. New theories are explored which develop relationships between the work of Jung and Jacques Lacan, Luce Irigaray, Helene Cixous, Julia Kristeva and Judith Butler. Particular attention is paid to the growth of post-Jungian studies of gender. This includes a cogent study of the tradition of Jungian feminism that looks to 'the feminine principle'

and narratives of goddesses. Jungian 'goddess' feminism's enduring appeal is re-examined in the context of postmodern re-thinking of subjectivity and gender. The book proposes a re-orientation of Jungian studies in its relationship to feminism. The result is an accessible text that introduces Jung and sets out his relevance to contemporary feminisms. This book will be essential reading for undergraduates and postgraduates studying feminist theory, psychoanalytical theory, literature and psychology.

Footbinding Shirley See Yan Ma, 2009-12-04 In this book Shirley See Yan Ma provides a Jungian perspective on the Chinese tradition of footbinding and considers how it can be used as a metaphor for the suffering of women and the repression of the feminine, as well as a symbol for hope, creativity and spiritual transformation. Drawing on personal history, popular myths, literature, and work with clients, Footbinding discusses how modern women still symbolically find their feet bound through this ancient practice. Detailed case studies from Western and Asian women demonstrate how Jungian analysis can loosen these psychological bindings allowing the client to reconnect with the feminine archetype, discover their own identity and take control of their own destiny. This original book will be of great interest to Jungian analysts looking for a new perspective. It will also be of interest to anyone studying Chinese culture and psychology.

Jung and Christianity in Dialogue Robert L. Moore, Daniel J. Meckel, 1990
PSYCHOLOGY/POP PSYCHOLOGY

Facing the Dragon Robert L. Moore, 2003 Structured around a series of lectures presented at the Jung Institute of Chicago in a program entitled Jungian Psychology and Human Spirituality: Liberation from Tribalism in Religious Life, this book-length essay attacks the related problems of human evil, spiritual narcissism, secularism and ritual, and grandiosity. Robert Moore dares to insist that we stop ignoring these issues and provides clear-sighted guidance for where to start and what to expect. Along the way, he pulls together many important threads from recent findings in theology, spirituality, and psychology and brings us to a point where we can conceive of embarking on a corrective course. Traditional doctrinal and historical interpretation both rely heavily on rational analysis. But from the disciples at Emmaus to the beginnings of the present century, it has been the impact of scripture upon the human heart that has changed human lives. In recent decades, this impact has been strengthened by advances in linguistic and literary theory, by such disparate influences as feminism, structuralism, Jungianism, deconstructionism, the analysis of archaic imagery and myth, the recovery of Gnostic texts, and finally an openness to pluralism, whether ethnic, geographic, religious, or interpretive. All of these factors are treated here with a brevity and comprehensiveness which convincingly show that the reader of scripture has a creative and not merely passive role. If you would understand the deepest roots of terrorism, greed, and religious fanaticism, read Facing the Dragon. But be forewarned: you may find some offshoots in your own garden.-June Singer, Jungian analyst, author of Boundaries of the Soul Robert Moore, Phd was an internationally recognized psychotherapist and consultant in private practice in Chicago. He was considered one of the leading therapists specializing in psychotherapy with men because of his discovery of the Archetypal Dynamics of the Masculine Self (King, Warrior, Magician, Lover). He served as Distinguished Service Professor of Psychology, Psychoanalysis and Spirituality at the Graduate

Center of the Chicago Theological Seminary, and has served as a Training Analyst at the C.G. Jung Institute of Chicago. He is Co-founder of the Chicago Center for Integrative Psychotherapy.

Psychoanalysis and Revolution Ian Parker, David Pavón-Cuéllar, 2021-10 What is revolutionary about psychoanalysis, and why should those of us concerned with political praxis take it seriously? This manifesto is an argument for connecting social transformation with personal liberation, showing that the two aspects of profound change can be intimately linked together using psychoanalysis. This manifesto explores what lies beyond us, what we keep repeating, what pushes and pulls us to stay the same and to change, and how those phenomena are transferred into clinical space. This book is not uncritical of psychoanalysis, and transforms it so that liberation movements can transform the world. With a preface by Surya Nayak. 'There are always complex and inevitable ties between the personal and the political, but to understand them fully we need to grasp the radical potential of psychoanalysis, despite its uses being constantly tamed and domesticated. If you want to know how to make and to keep psychoanalysis revolutionary, read this Manifesto. It will inspire you.' - Lynne Segal, Author of *Radical Happiness: Moments of Collective Joy*

Women and Desire Polly Young-Eisendrath, 2023-02-08 Polly Young-Eisendrath's *Women and Desire: Beyond Wanting to Be Wanted* was first published by Harmony Books in 1999. Since then, it has become a classic read for those readers— to use a cinematographic expression — who want to use analytical psychology to shed light on what women want. This book, when first published, was described (and still is) as “provocative and vital.” More than 20 years after its publication, this book still shows effectively “how to break out of this double bind so that” women “can encounter the challenges of choice and responsibility for our own desires.” The author “wisely uses mythological and personal stories to help us take control of our sexual, relational, material, and spiritual lives.” Therefore, “If you feel confused, resentful, or trapped in a life that does not seem to be fully yours, then you can find a clear path to your true self, once and for all, with the help of *Women and Desire*.” This book is the second of the series titled *Jungianism: Re-Covered Classics in Analytical Psychology* curated by Stefano Carpani.

Feminist Views from Somewhere Leslie Gardner, Frances Gray, 2016-12-08

Feminist Views from Somewhere: Post-Jungian Themes in Feminist Theory explores what and how Jungian thought contributes to feminist thinking. Broadly speaking, feminist thinking, or thinking by and about women as autonomous, intelligent and independent agents, has opened up scholarship through insightful, reflective critique and practice. This is the starting point of this collection from a range of theorists, interested in the multiple concerns of Jungian and analytical psychology. The contributors take a unique approach to Jungian thinking. Rather than focusing on its mythological aspects, the authors develop alternative, feminist approaches that enhance the appreciation of the possibilities for Jungian and post-Jungian studies. With a primarily theoretical orientation, the rigorous, critical approaches in the collection highlight the possibilities of imaginative Jungian theory. Divided into three parts, 'Viewing Earth',

'Clinical Perspectives' and 'Literary Landscapes', the chapters cover themes including embodiment, intersubjectivity, individuation and narrative. The contributors vividly reflect the range and diversity of opinions amongst women influenced by Jungian thought. *Feminist Views from Somewhere* is essential reading for academics and students of Jungian and post-Jungian studies, women's studies and gender studies, as well as analytical psychologists in practice and in training.

Gender and Violence in the Middle East David Ghanim Ph.D., 2009-03-20 *Gender and Violence in the Middle East* argues that violence is fundamental to the functioning of the patriarchal gender structure that governs daily life in Middle Eastern societies. Ghanim contends that the inherent violence of gender relations in the Middle East feeds the authoritarianism and political violence that plague public life in the region. In this societal sense, men as well as women may be said to be victims of the structural violence inherent in Middle Eastern gender relations. The author shows that the varieties of physical violence against women for which the Middle East is notorious—honor killings, obligatory beatings, female genital mutilation—are merely eruptions of an ethos of psychological violence and the threat of physical violence that pervades gender relations in the Middle East. Ghanim documents and analyzes the complementary roles of both sexes in sustaining the system of violence and oppressive control that regulates gender relations in Middle Eastern societies. He reveals that women are not only victims of violence but welcome the opportunity to become perpetrators of violence in the married female life cycle of subordination followed by domination. The mother-in-law plays a crucial role in supporting the structure of patriarchal control by stoking tensions with her daughter-in-law and provoking her son to commit sanctioned violence on his wife. The author applies his deep analysis of gender and violence in the Middle East to illuminate the motivational profiles of male and female political suicidalists from the Middle East and the martyrological adulation that they are accorded in Middle Eastern societies.

Jungian Literary Criticism Richard P. Sugg, 1992

King, Warrior, Magician, Lover Robert Moore, Doug Gillette, 2013-10-01 The bestselling, widely heralded, Jungian introduction to the psychological foundation of a mature, authentic, and revitalized masculinity. Redefining age-old concepts of masculinity, Jungian analysts Robert Moore and Douglas Gillette make the argument that mature masculinity is not abusive or domineering, but generative, creative, and empowering of the self and others. Moore and Gillette clearly define the four mature male archetypes that stand out through myth and literature across history: the king (the energy of just and creative ordering), the warrior (the energy of aggressive but nonviolent action), the magician (the energy of initiation and transformation), and the lover (the energy that connects one to others and the world), as well as the four immature patterns that interfere with masculine potential (divine child, oedipal child, trickster and hero). *King, Warrior, Magician, Lover* is an exploratory journey that will help men and women reimagine and deepen their understanding of the masculine psyche.

Introduction to Jungian Psychology C. G. Jung, 2012 Presents Carl Jung's notes of the seminar he gave in 1925 on analytical psychology.

Womanspirit Rising Carol P. Christ, 1992-02-28 *Womanspirit Rising* The classic anthology on feminist spirituality -- Now with an update preface in which the

editors discuss its initial reception and continuing impact.

Tabooed Jung: Marginality as Power C. Gallant, 2016-02-02 Ever since Jung's break with Freud, he has been excluded from both the psychoanalytic discourse and those schools of literary criticism influenced by psychoanalysis. But this very exclusion has shaped the discourse. Further, many of the analytic writings of Jung and the post-Jungian school of Developmental Jungians are parallel to work by contemporary ego psychologists and feminists, and could contribute to those fields. Jung's entire case throws much light upon the state of marginalization, its effects and its powers.

The Archetypal Process David Griffin, 1989 Archetypal Process is a pioneering study linking the ideas of process philosophy, as developed by Alfred North Whitehead and Charles Hartshorne, with the archetypal psychology of C. G. Jung and James Hillman. This is the first work to examine the interconnections of these two modes of thought. Archetypal Process examines the importance of cosmological thinking and the need to ground archetypal psychology in a metaphysical, philosophical framework. It treats the necessity for symbol and myth, the nature of the spirit, and language as a metaphorical vehicle of thought, and finally, it adds a much-needed feminist perspective to the debate.

Exploring Depth Psychology and the Female Self Leslie Gardner, Catriona Miller, 2020-11-23 Exploring Depth Psychology and the Female Self: Feminist Themes from Somewhere presents a Jungian take on modern feminism, offering an international assessment with a dynamic political edge which includes perspectives from both clinicians and academics. Presented in three parts, this unique collection explores how the fields of gender and politics have influenced each other, how myth and storytelling craft feminist narratives and how public discussion can amplify feminist theory. The contributions include some which are traditionally theoretical in tone, and some which are uniquely personal, but all work to encounter the female self as an active entity. The book as a whole offers a multi-faceted and interdisciplinary approach to feminism and feminist issues from contemporary voices around the world, as well as a critique of Jung's essentialist notion of the feminine. Exploring Depth Psychology and the Female Self will offer insightful perspectives to academics and students of Jungian and post-Jungian studies, gender studies and politics. It will also be of great interest to Jungian analysts and psychotherapists, and analytical psychologists.
