

# **Letter Of Recommendation For A Military Appointment**

**James Knox Polk**

**U.S. Military Academy Cadet Application Papers, 1805-1866** United States. Adjutant-General's Office, 1968 Microcopy includes letters of recommendation; letters from applicants requesting appointments; and, if they were appointed, notifications from the War Department and acceptances by the candidates containing statements of consent signed by parents or guardians. In some instances these papers contain a considerable amount of information concerning the family background of the applicant.

Appointments at Large to United States Military Academy. Letter from the Secretary of War, Transmitting Petitions from Officers of the U.S. Army Praying that the Number of Appointments at Large to the United States Military Academy be Increased to Twenty, and that Such Appointments be Restricted to the Sons of Officers and Soldiers and the Lineal Descendants of Officers of the Volunteer Forces of the Late War United States. Congress. House. Committee on Military Affairs, 1890

*National Archives Accessions* National Archives (U.S.), 1964

Correspondence of James K. Polk James Knox Polk, 1969 In the second half of 1845 the focus of Polk's correspondence shifted from those issues relating, to the formation of his administration and distribution of party patronage to those that would give shape and consequence to his presidency: the admission of Texas, preparation for its defense, restoration of diplomatic relations with Mexico, and termination of joint occupancy of the Oregon Country. In addition to the texts, briefs, and annotations, the editors have calendared all of the documents for the last six months of 1845. Entries for unpublished letters include the documents' dates, addressees, classifications, repositories, and precis. The Polk Project is sponsored by the University of Tennessee and assisted by grants from the National Historical Publications and Records Commission, the National Endowment for the Humanities, and the Tennessee Historical Commission.

John Adams: Writings from the New Nation 1784-1826 (LOA #276) John Adams, 2016-07-12 Gordon S. Wood presents the final volume in his definitive three-volume edition of the writings of a great American Founder. A powerful polemicist, insightful political theorist, and tireless diplomat, John Adams (1735-1826) was a vital and controversial figure during the early years of the American republic. Once overshadowed by Washington and Jefferson, Adams has become the subject of renewed interest, with a best-selling biography and acclaimed television series reintroducing him to millions. Now, this final volume of a comprehensive three-volume edition makes his important writings from the early national period broadly available to general readers. Bringing together letters, diary excerpts, political essays, speeches, and presidential messages, *Writings from the New Nation 1784-1826* illuminates Adams's service as a diplomat in the Netherlands and England; his eight years as vice president under Washington; and his tumultuous single term as president. The first person to win a contested presidential election and then to be defeated for reelection, Adams faced bitter criticism from both Jeffersonian Republicans and Hamiltonian Federalists while striving to prevent an undeclared naval conflict with Revolutionary France from escalating into full-scale war. Selections from *A Defence of the Constitutions of Government of the United States of*

America (1787–88) and Discourses on Davila (1790–91) demonstrate his insights into the strengths and weaknesses of ancient and modern political systems, while letters to his wife and children illuminate the passionate and mercurial personality of one of our most fascinating Founders. This volume is published simultaneously with Abigail Adams: Letters, the first comprehensive collection of the extraordinary correspondence of Adams's wife and key advisor. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing, and keeping permanently in print, America's best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.

**General John A. Rawlins** Allen J. Ottens, 2021-08-03 No one succeeds alone, and Ulysses S. Grant was no exception. From the earliest days of the Civil War to the heights of Grant's power in the White House, John A. Rawlins was ever at Grant's side. Yet Rawlins's role in Grant's career is often overlooked, and he barely received mention in Grant's own two-volume Memoirs. General John A. Rawlins: No Ordinary Man by Allen J. Ottens is the first major biography of Rawlins in over a century and traces his rise to assistant adjutant general and ultimately Grant's secretary of war. Ottens presents the portrait of a man who teamed with Grant, who submerged his needs and ambition in the service of Grant, and who at times served as the doubter who questioned whether Grant possessed the background to tackle the great responsibilities of the job. Rawlins played a pivotal role in Grant's relatively small staff, acting as administrator, counselor, and defender of Grant's burgeoning popularity. Rawlins qualifies as a true patriot, a man devoted to the Union and devoted to Grant. His is the story of a man who persevered in wartime and during the tumultuous years of Reconstruction and who, despite a ravaging disease that would cut short his blossoming career, grew to become a proponent of the personal and citizenship rights of those formerly enslaved. General John A. Rawlins will prove to be a fascinating and essential read for all who have an interest in leadership, the Civil War, or Ulysses S. Grant.

**Don Carlos Buell** Stephen D. Engle, 2006-12-29 Major General Don Carlos Buell stood among the senior Northern commanders early in the Civil War, led the Army of the Ohio in the critical Kentucky theater in 1861-62, and helped shape the direction of the conflict during its first years. Only a handful of Northern generals loomed as large on the military landscape during this period, and Buell is the only one of them who has not been the subject of a full-scale biography. A conservative Democrat, Buell viewed the Civil War as a contest to restore the antebellum Union rather than a struggle to bring significant social change to the slaveholding South. Stephen Engle explores the effects that this attitude--one shared by a number of other Union officers early in the war--had on the Northern high command and on political-military relations. In addition, he examines the ramifications within the Army of the Ohio of Buell's proslavery leanings. A personally brave, intelligent, and talented officer, Buell nonetheless failed

as a theater and army commander, and in late 1862 he was removed from command. But as Engle notes, Buell's attitude and campaigns provided the Union with a valuable lesson: that the Confederacy would not yield to halfhearted campaigns with limited goals.
