Oboe Classics for the Intermediate Player

,1999-06-01 Joseph Robinson of The Double Reed says of Elaine Douvas in this recording: Eschewing overt expression in favor of implication and subtlety, she offers performances that are stylish and full of passion and conviction to be sure, but which, like all great art, withstand and reward the most careful scrutiny. Expert phrasing and articulation by Elaine Douvas in this album demonstrate persuasively that the pieces she has chosen are sufficient to challenge the finest players imagination, discipline and instrumental skill. This album is a delight for any oboist and again contains a rich collection of music from many periods, from Telemann to Hindemith. Includes a complete solo part printed on high-quality ivory paper, annotated with performance suggestions and a compact disc with complete versions (with soloist) followed by piano accompaniments to each piece, minus the soloist.

Oboe Secrets Jacqueline Leclair, 2013-10-03

Modeled on the brilliant approach first formulated by distinguished professor of music and master clarinetist Michele Gingras in *Clarinet Secrets and More Clarinet Secrets* (both available from Scarecrow Press), *Music Secrets for the Advanced Musician: A Scarecrow Press Music Series* is designed for instrumentalists, singers, conductors, composers, and other instructors and professionals seeking a quick set of pointers to improve their work as performers and producers of music. Easy to use and intended for the advanced musician, contributions to the *Music Secrets* series fill a niche for those who have moved beyond what beginners and intermediate practitioners need. In *Oboe Secrets: 75 Performance Strategies for the Advanced Oboist and English Horn Player*, Jacqueline Leclair tackles the oboe's reputation as an especially difficult instrument and illustrates how oboists and English horn players can overcome common challenges. Leclair draws on her experience as a performer and instructor, offering practical tips and sometimes revolutionary ideas for rethinking oboe pedagogy. Leclair also looks at performance strategies in the areas of equipment maintenance and management, physical health, and performance technique. Her

secrets focus on such matters as how to optimize practice sessions, build endurance, improve use of the body when playing, work with reeds, and apply extended techniques. *Oboe Secrets* provides oboists and English horn players a quick and efficient path to significant improvement—both technically and musically—in their playing. It is the perfect resource for advanced high school oboists, professional performers, music instructors, and avid amateur musicians.

Three Duets Ludwig van Beethoven, 1999-10-15
Three duets for Clarinet and Bassoon, composed by Ludwig van Beethoven.

Time Among the Maya Ronald Wright, 2000 The Maya created one of the world's most brilliant civilizations, famous for its art, astronomy, and deep fascination with the mystery of time. Despite collapse in the ninth century, Spanish invasion in the sixteenth, and civil war in the twentieth, eight million people in Guatemala, Belize, and southern Mexico speak Mayan languages and maintain their resilient culture to this day. Traveling through Central America's jungles and mountains, Ronald Wright explores the ancient roots of the Maya, their recent troubles, and prospects for survival. Embracing history, anthropology, politics, and literature, Time Among the Maya is a riveting journey through past magnificence and the study of an enduring civilization with much to teach the present. Wright's unpretentious narrative blends anthropology, archaeology, history, and politics with his own entertaining excursions and encounters. -- *The New Yorker*; Time Among the Maya shows Wright to be far more than a mere storyteller or descriptive writer. He is an historical philosopher with a profound

understanding of other cultures. -- Jan Morris, The Independent (London).
