

Asking Questions About Cultural Anthropology

ROBERT L. WELSCH

Asking Questions about Cultural Anthropology Robert L. Welsch, Robert Louis Welsch, Luis A. Vivanco, 2018-08-31 Organized around anthropological questions, this contemporary text demonstrates how anthropological thinking can be used as a tool for deciphering everyday experiences. Designed to stimulate students' anthropological imaginations, this concise foundation of cultural anthropology can be enriched by the use of ethnographies, a reader, articles, field-based activities, and more.

Asking Questions about Cultural Anthropology Robert L. Welsch, Luis A. Vivanco, 2022-01-07 Unlike textbooks that emphasize the memorization of facts, *Asking Questions About Cultural Anthropology: A Concise Introduction, Third Edition*, teaches students how to think anthropologically, helping them view cultural issues as an anthropologist might. This approach demonstrates how anthropological thinking can be used as a tool for deciphering everyday experiences. The book covers the essential concepts, terms, and history of cultural anthropology, introducing students to the widely accepted fundamentals and providing a foundation that can be enriched by the use of ethnographies, a reader, articles, lectures, field-based activities, and other kinds of supplements. It balances concise coverage of essential content with a commitment to an active, learner-centered pedagogy.

Cultural Anthropology Robert Louis Welsch, Luis Antonio Vivanco, 2014-11-21 What is cultural anthropology, and how is it relevant in today's world? Robert L. Welsch and Luis A. Vivanco's *Cultural Anthropology: Asking Questions About Humanity* uses a questions-based approach to teach students how to think anthropologically, helping them view cultural issues and everyday experiences as an anthropologist might. Inspired by the common observation that 99 percent of a good answer is a good question, *Cultural Anthropology: Asking Questions About Humanity* combines a question-centered pedagogy with the topics typically covered in an introductory course. It emphasizes up front what the discipline of anthropology knows and which issues are in debate, and how a cultural perspective is relevant to understanding social, political, and economic dynamics in the contemporary world. *Cultural Anthropology: Asking Questions About Humanity* also represents an effort to close the gap between the realities of the discipline today and traditional views that are taught at the introductory level by bringing classic anthropological examples, cases, and analyses to bear on contemporary questions.

Asking Questions About Cultural Anthropology, This note is part of Quality testing.

Anthropology Robert Louis Welsch, Luis A. Vivanco, Agustín Fuentes, 2016 From the authors who wrote the highly acclaimed *Cultural Anthropology: Asking Questions About Humanity*, this ground-breaking general anthropology text--co-written with renowned scholar Agustín Fuentes--takes a holistic approach that emphasizes critical thinking, active learning, and applying anthropology to solve contemporary human problems. Building on the classical foundations of the discipline, *Anthropology: Asking Questions About Human Origins, Diversity, and Culture* shows students how anthropology is connected to such current topics as food, health and medicine, and the environment. Full of relevant examples and current topics--with a focus on contemporary problems and questions--the book demonstrates the diversity and dynamism of anthropology today.

CULTURAL ANTHROPOLOGY: ASKING QUESTIONS ABOUT HUMANITY. ROBERT L. AND LUIS A. VIVANCO. WELSCH, 2021

Cultural Anthropology Robert Louis Welsch, Luis Antonio Vivanco, 2020-11 This is a cultural anthropology textbook--

The Art of Being Human Michael Wesch, 2018-08-07 Anthropology is the study of all humans in all times in all places. But it is so much more than that. Anthropology requires strength, valor, and courage, Nancy Scheper-Hughes noted. Pierre Bourdieu called anthropology a combat sport, an extreme sport as well as a tough and rigorous discipline. ... It teaches students not to be afraid of getting one's hands dirty, to get down in the dirt, and to commit yourself, body and mind. Susan Sontag called anthropology a heroic profession. What is the payoff for this heroic journey? You will find ideas that can carry you across rivers of doubt and over mountains of fear to find the light and life of places forgotten. Real anthropology cannot be contained in a book. You have to go out and feel the world's jagged edges, wipe its dust from your brow, and at times, leave your blood in its soil. In this unique book, Dr. Michael Wesch shares many of his own adventures of being an anthropologist and what the science of human beings can tell us about the art of being human. This special first draft edition is a loose framework for more and more complete future chapters and writings. It serves as a companion to anth101.com, a free and open resource for instructors of cultural anthropology. This 2018 text is a revision of the first draft edition from 2017 and includes 7 new chapters.

A Dictionary of Cultural Anthropology Luis Vivanco, 2018-09-20 This new dictionary comprises more than 400 entries, providing concise, authoritative definitions for a range of concepts relating to cultural anthropology, as well as important findings and intellectual figures in the field. Entries include adaptation and kinship, scientific racism, and writing culture, providing readers with a wide-ranging overview of the subject. Accessibly written and engaging, *A Dictionary of Cultural Anthropology* is authored by subject experts, and presents anthropology as a dynamic and lively field of enquiry. Complemented by a global list of anthropological organizations, more than 20 figures and tables to illustrate the entries, and web links pointing to useful external sources, this is an essential text for undergraduates studying anthropology, and also serves those studying allied subjects such as archaeology, politics, economics, geography, sociology, and gender studies.

How to Think Like an Anthropologist Matthew Engelke, 2019-06-18 What is anthropology? What can it tell us about the world? Why, in short, does it matter? For well over a century, cultural anthropologists have circled the globe, from Papua New Guinea to suburban England and from China to California, uncovering surprising facts and insights about how humans organize their lives and articulate their values. In the process, anthropology has done more than any other discipline to reveal what culture means--and why it matters. By weaving together examples and theories from around the world, Matthew Engelke provides a lively, accessible, and at times irreverent introduction to anthropology, covering a wide range of classic and contemporary approaches, subjects, and practitioners. Presenting a set of memorable cases, he encourages readers to think deeply about some of the key concepts with which anthropology tries to make sense of the world--from culture and nature to authority and blood. Along the way, he shows why anthropology matters: not only because it helps us understand other cultures and points of view but also because, in

the process, it reveals something about ourselves and our own cultures, too. --Cover.

Cultural Anthropology Richard Robbins,1993

Introducing Cultural Anthropology Brian M. Howell, Jenell Paris, 2019-06-18 What is the role of culture in human experience? This concise yet solid introduction to cultural anthropology helps readers explore and understand this crucial issue from a Christian perspective. Now revised and updated throughout, this new edition of a successful textbook covers standard cultural anthropology topics with special attention given to cultural relativism, evolution, and missions. It also includes a new chapter on medical anthropology. Plentiful figures, photos, and sidebars are sprinkled throughout the text, and updated ancillary support materials and teaching aids are available through Baker Academic's Textbook eSources.

Writing Anthropology Carole McGranahan, 2020-05-01 In *Writing Anthropology*, fifty-two anthropologists reflect on scholarly writing as both craft and commitment. These short essays cover a wide range of territory, from ethnography, genre, and the politics of writing to affect, storytelling, authorship, and scholarly responsibility. Anthropological writing is more than just communicating findings: anthropologists write to tell stories that matter, to be accountable to the communities in which they do their research, and to share new insights about the world in ways that might change it for the better. The contributors offer insights into the beauty and the function of language and the joys and pains of writing while giving encouragement to stay at it—to keep writing as the most important way to not only improve one's writing but to also honor the stories and lessons learned through research. Throughout, they share new thoughts, prompts, and agitations for writing that will stimulate conversations that cut across the humanities. Contributors: Whitney Battle-Baptiste, Jane Eva Baxter, Ruth Behar, Adia Benton, Lauren Berlant, Robin M. Bernstein, Sarah Besky, Catherine Besteman, Yarimar Bonilla, Kevin Carrico, C. Anne Claus, Sienna R. Craig, Zoë Crossland, Lara Deeb, K. Drybread, Jessica Marie Falcone, Kim Fortun, Kristen R. Ghodsee, Daniel M. Goldstein, Donna M. Goldstein, Sara L. ANTHROPOLOGY ROBERT L. WELSCH, 2024

In the Field Prof. George Gmelch, Prof. Sharon Bohn Gmelch, 2018-05-11 This book offers an invaluable look at what cultural anthropologists do when they are in the field. Through fascinating and often entertaining accounts of their lives and work in varied cultural settings, the authors describe the many forms fieldwork can take, the kinds of questions anthropologists ask, and the common problems they encounter. From these accounts and the experiences of the student field workers the authors have mentored over the years, *In the Field* makes a powerful case for the value of the anthropological approach to knowledge.

A Dictionary of Cultural Anthropology Luis Antonio Vivanco, 2018 This new dictionary provides concise, authoritative definitions for a range of concepts relating to cultural anthropology, as well as important findings and intellectual figures in the field. Entries include adaptation, kinship, scientific racism, and writing culture, providing its readers with a wide-ranging overview of the subject. This accessibly written and engaging text presents anthropology as a dynamic and lively field of enquiry. Complemented by a global list of anthropological organizations, more than 15 figures and tables to illustrate the entries, and weblinks pointing to useful external sources, this is an essential text for undergraduates studying anthropology, and also serves those studying allied subjects such as politics, economics, geography, sociology, and gender studies.--

Cultural Anthropology A Toolkit for a Global Age Kenneth J Guest, 2016-10-11 The Second Edition of Ken Guest's *Cultural Anthropology: A Toolkit for a Global Age* covers the concepts that drive cultural anthropology by showing that now, more than ever, global forces affect local culture and the tools of cultural anthropology are relevant to living in a globalizing world.

Conformity and Conflict James P. Spradley, David W. McCurdy, 2012 Demonstrate the nature of culture and its influence on people's lives. For over 40 years, the best-selling *Conformity and Conflict* has brought together original readings and cutting edge research alongside classic works as a powerful way to study human behavior and events. Its readings cover a broad range of theoretical perspectives and demonstrate basic anthropological concepts. The Fourteenth Edition incorporates successful articles from past editions and fresh ideas from the field to show fascinating perspectives on the human experience. Teaching and Learning Experience Personalize Learning - MyAnthroLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. Improve Critical Thinking - Articles, article introductions and review questions encourage students to examine their assumptions, discern hidden values, evaluate evidence, assess their conclusions, and more! Engage Students - Section parts, key terms, maps, a glossary and subject index all spark student interest and illustrate the reader's main points with examples and visuals from daily life. Support Instructors - Teaching your course just got easier! You can create a Customized Text or use our Instructor's Manual, Electronic MyTest Test Bank or PowerPoint Presentation Slides. Additionally, *Conformity and Conflict's* part introductions parallel the basic concepts taught in introductory courses - which allow the book to be used alone as a reader or in conjunction with a main text. Note: MyAnthroLab does not come automatically packaged with this text. To purchase MyAnthroLab, please visit www.MyAnthroLab.com or you can purchase a valuepack of the text + MyAnthroLab (at no additional cost): VP ISBN-10: 0205176011/ISBN-13: 9780205176014

Questions of Cultural Identity Stuart Hall, Paul du Gay, 1996-04-04 Why and how do contemporary questions of culture so readily become highly charged questions of identity? The question of cultural identity lies at the heart of current debates in cultural studies and social theory. At issue is whether those identities which defined the social and cultural world of modern societies for so long - distinctive identities of gender, sexuality, race, class and nationality - are in decline, giving rise to new forms of identification and fragmenting the modern individual as a unified subject. *Questions of Cultural Identity* offers a wide-ranging exploration of this issue. Stuart Hall firstly outlines the reasons why the question of identity is so compelling and yet so problematic. The cast of outstanding

contributors then interrogate different dimensions of the crisis of identity; in so doing, they provide both theoretical and substantive insights into different approaches to understanding identity.

Perspectives Nina Brown, Laura Tubelle de González, 2018-12-05 A collection of chapters on the essential topics in cultural anthropology. Different from other introductory textbooks, this book is an edited volume with each chapter written by a different author. Each author has written from their experiences working as an anthropologist and that personal touch makes for an accessible introduction to cultural anthropology.
