Dileep R. Sule

Design by IKEA Sara Kristoffersson, 2014-10-23
Sara Kristoffersson's compelling study provides the first sustained critical history of IKEA. Kristoffersson argues that the company's commercial success has been founded on a neat alignment of the brand with a particular image of Swedish national identity – one that is bound up with ideas of social democracy and egalitarianism - and its material expression in a pared-down, functional design aesthetic. Employing slogans such as “Design for everyone” and “Democratic design”, IKEA signals a rejection of the stuffy, the 'chintzy', and the traditional in both design practices and social structures. Drawing on original research in the IKEA company archive and interviews with IKEA personnel, *Design by IKEA* traces IKEA's symbolic connection to Sweden, through its design output and its promotional materials, to examine how the company both promoted and profited from the concept of Scandinavian Design.

The Mountains Within Ram Thakur, 2021-11-22 The story of 'The Mountains Within' is prototypical of the people who grew into first-ever consciousness of their own identities from the obscurity of innumerable socio-cultural microcosms that had existed at the subterranean level for centuries and millennia over the length and breadth of India before the Independence. The story moves from present to past to future with the main protagonist's grand-daughter setting out to reconstruct the life story of her grand-father she admires. The story is contemporary and relevant to a whole lot of Indians who finished their journeys of existence at the beginning of the new millennium. As they sit back, vacuous and dazed after the 'retirement', they cannot help ruminating over the past vis-à-vis their own lives. No matter how objective their self-appraisal, they cannot escape being dubbed a generation of ineffectual crusaders who fell from grace by succumbing to hypocrisies both personal and collective. They cannot exonerate themselves from the stigma of making a mess of a newly liberated country through moral turpitude and lack of individual will. They cannot face up to the younger generation of today and convince them they had no role to play in the fabrication of myths such 'Mera Bharat Mahaan'. There are no Nuremberg Trials for the crimes we commit within our minds

and souls. However, if history is continuity between the past and the present, then 'The Mountains Within' does leave some doors open for Nuremberg Trials of the mind and the souls for these Indians.

Be Careful How You Raise Your Daughters Ras Kenton Aten,2017-12-03 Whatever you may face in your journey, and, throughout your struggles... and, battles... you have to be observant to the process of changes within, and throughout that journey.
