**Energizing Recipes With Nutribullet** Roberto Redfearn, 2021-07-15 This book at least uses weights & volumes (g & ml); so, you're not left figuring out how 1 cup of fresh spinach (only 30g) compares to 1 cup of peach slices (120g) compared to 1 cup of almond milk (240g) compared to 1 cup of frozen pineapple (160g); and that not even all of one recipe with every single cup having a different value. The headache of actually calculating the recipes supplied by the manufacturer is the reason so many Nutribullets remain in cupboards and under counters. **The Big Blender** John Cena, 2021-12-24 She had been swimming for almost an hour now. Her legs were dull and her arms felt very heavy every time they emerged from the water into the night air, which still shimmered from the heat of the day. She swam as if raised, without thinking. Always back and forth. Back and forth. Nothing could stop her. Nothing could disturb their concentration. She was one with the water; she was made of water herself. She wasn't Lydia. She was completely absent. Halfway through the next lane, something went wrong with my breathing. She swallowed water, coughed and lost her rhythm. She moved in place. The pool wasn't big. With two short pulls she reached the flat side. There she pushed herself out of the water and put her head in her hands. She coughed again and was completely out of breath. After a while she looked around carefully and realized that she was alone. Suddenly she was overcome by total exhaustion. She had overdone it. But giving up was out of the question for her. Her father would certainly have liked that persistence. When she got into the water, he nodded to her. Even though the pool was warm, she got goosebumps. So that he wouldn't blame her for being a wimp, she had slipped in quickly. With sweeping arm movements he drew his tracks and swirled up plenty of water with his legs.
