*The Bridge of Beyond* Simone Schwarz-Bart, 2013-08-20 This is an intoxicating tale of love and wonder, mothers and daughters, spiritual values and the grim legacy of slavery on the French Antillean island of Guadeloupe. Here long-suffering Telumee tells her life story and tells us about the proud line of Lougandor women she continues to draw strength from. Time flows unevenly during the long hot blue days as the madness of the island swirls around the villages, and Telumee, raised in the shelter of wide skirts, must learn how to navigate the adversities of a peasant community, the ecstasies of love, and domestic realities while arriving at her own precious happiness. In the words of Toussine, the wise, tender grandmother who raises her, "Behind one pain there is another. Sorrow is a wave without end. But the horse mustn't ride you, you must ride it." A masterpiece of Caribbean literature, *The Bridge of Beyond* relates the triumph of a generous and hopeful spirit, while offering a gorgeously lush, imaginative depiction of the flora, landscape, and customs of Guadeloupe. Simone Schwarz-Bart's incantatory prose, interwoven with Creole proverbs and lore, appears here in a remarkable translation by Barbara Bray.

**Audience Development** National Endowment for the Arts. Research Division, 1981 Several specific objectives have had wide recognition in the arts community, namely: to broaden the audience for the performing arts, to determine the applicability of sophisticated tools of marketing to the problem of generating demand for the arts, to find the best predictors of arts attendance, and to develop strategies that will appeal to those who, by these predictors, are potential attenders. This research report summarizes a study conducted in 1977 by Alan R. Andreasen and Russell W. Belk. The investigators collected new audience data in a carefully controlled group of surveys in four southern cities (Atlanta, Baton Rouge, Columbia, and Memphis), and applied to these data a number of sophisticated measuring and marketing techniques to discover efficient and effective methods for inducing marginal attenders of the performing arts to become frequent patrons. Although no hitherto untried means to this end were uncovered, this publication makes advanced techniques more comprehensible and accessible to arts administrators. In addition, by analyzing characteristics that move or do not move people to attend performing arts events, and from that analysis deriving strategies capable of altering factors that lead to nonattendance, enough practical conclusions were reached to recommend an extended program of experimentation in the four cities studied. **On Becoming a Rock Musician** H. Stith Bennett, 2017-05-30 In the 1960s and 1970s, becoming a rock musician was fundamentally different than playing other kinds of music. It was a learned rather than a taught skill. In *On Becoming a Rock Musician*, sociologist H. Stith Bennett observes what makes someone a rock musician and what persuades others to take him seriously in this role. The book explores how bands form; the backstage and onstage reality of playing in a band; how bands promote themselves and interact with audiences and music professionals like DJs; and the role of performance.

**Between Two Worlds** Simone Schwarz-Bart, 1992

*Early Journals and Letters of Fanny Burney, Volume 4* Frances Burney, Betty Rizzo, 2003-05-21 Volume IV of *The Early Journals and Letters of Fanny Burney*, covering the years 1780-1781, will be of particular interest to students of Burney as it marks the young author's introduction into the world following the astonishing success of her novel *Evelina* (1778) and includes her visits to Streatham and her encounters with Hester and Henry Thrale and Dr Johnson. It was an exciting period in her life, which she managed to enjoy despite struggling to repeat her first success while avoiding the often unwelcome attention it brought. But it was also a difficult period in her family life as she dealt with jealous interference by her stepmother, the courtship of her sister Susan by a man she considered untrustworthy, and the misbehaviour of her brothers. Burney's enthusiasm makes the most of her experiences and she describes characters and scenes with all the

genius displayed in her novels. Her descriptions contain the four great attributes that distinguish her novels: brilliant handling of detail, total and full recall of conversations characteristic of the speaker, sensibility and empathy for others, and great relish for the ridiculous wherever it occurred.

**Popular Music Studies** David Hesmondhalgh,Keith Negus,2002 The study of popular music has reached an exciting and important moment in its development. Popular Music Studies introduces students to the most significant debates in the field, offering fresh perspectives and suggesting new directions. Genuinely interdisciplinary on scope, the book outlines the history and development of popular music studies while offering and unprecedentedly international perspective on popular music, featuring writers from North and South America, Europe, Japan, Australia, New Zealand, and South Africa. Combining insights from media and cultural studies, sociology, music analysis, ethnomusicology, and performance studies, the essays cover textual analysis, place and space, production, consumption, and everyday life.

*Music in Geriatric Care* Ruth Bright,1972

**Poetas Do Brasil** Frederick G. Williams,2004 The first bilingual anthology of Brazilian Poetry to cover its entire 500-year-long history, this book drew the following comment from Yale's expert in world literature, Harold Bloom: Poets of Brazil: A Bilingual Selection is the only book available that gives these poets to us in both languages, Portuguese and American English. The choice of poets is remarkably inclusive and various and is particularly enlightening in the works of the twentieth-century Republic of Brazil. In particular, the representation of Manuel Bandeira, of the three Andrades and of Archanjo are brilliantly rendered. The quality of the introduction and notes is also estimable.

*Indigenous Experience Today* Marisol de la Cadena,Orin Starn,2007-07-01 A century ago, the idea of indigenous people as an active force in the contemporary world was unthinkable. It was assumed that native societies everywhere would be swept away by the forward march of the West and its own peculiar brand of progress and civilization. Nothing could be further from the truth. Indigenous social movements wield new power, and groups as diverse as Australian Aborigines, Ecuadorian Quichuas, and New Zealand Maoris, have found their own distinctive and assertive ways of living in the present world. *Indigenous Experience Today* draws together essays by prominent scholars in anthropology and other fields examining the varied face of indigenous politics in Bolivia, Botswana, Canada, Chile, China, Indonesia, and the United States, amongst others. The book challenges accepted notions of indigeneity as it examines the transnational dynamics of contemporary native culture and politics around the world.

*A History of Russian Thought from the Enlightenment to Marxism* Andrzej Walicki,1979 This book covers virtually all the significant Russian thinkers from the age of Catherine the Great Down to the eve of the 1905 Revolution.

**Sextravaganza** Claude Prosper Jolyot De Crebillon Fils,2002-12-01 Sextravaganza shows Claude Prosper Jolyot de Crebillon fils at his ablest. It begins where most novels end - in the bedroom (of a fashionable lady of 18th Century France) at night. And it ends there the following morning. Its dramatis personae are two - as in the Garden of Eden. A man and a woman. The difference is that French women need no snake to tempt them. And Frenchmen no apple. Men and women had traveled far since the days of Adam and Eve. Sextravaganza is as simple, and as risqué, as all that. But around this simple setting what a masterpiece of the subtle and the sophisticated does Crebillon paint! It is a most extraordinary picture of the battle between the sexes. On one side the male strategy of attack: the aphrodisiac quality of erotic conversation, the incandescent power of casual caresses, and the psychological moments of action. On the other side the female tactics of

defense: the evasive changes of subject, the reprimands of mock indignation, the agitations of approaching defeat. Finally, the tumultuous surrender. Thus, in the course of one night, a man and a woman, each of whom is in love with somebody else, gradually warm up to each other until they forget past pleasures in present passions. Satire, irony, word play and scandal abound.

The Emergence of Indigenous Peoples Rodolfo Stavenhagen, 2012-11-08 This is the second part of a trilogy published in the Springer Briefs on Pioneers in Science and Practice on the occasion of the 80th birthday of Rodolfo Stavenhagen, a distinguished Mexican sociologist and professor emeritus of El Colegio de Mexico. Rodolfo Stavenhagen wrote this collection of six essays on The Emergence of Indigenous Peoples between 1965 and 2009. These widely discussed classic texts address: Classes, Colonialism and Acculturation (1965); Indigenous Peoples: An Introduction (2009); The Return of the Native: The Indigenous Challenge in Latin America (2002); Indigenous Peoples in Comparative Perspective (2004); Mexico's Unfinished Symphony: The Zapatista Movement (2000); and Struggle and Resistance: Mexico's Indians in Transition (2006). This volume discusses the emergence of indigenous peoples as new social and political actors at the national and international level. These texts deal with human rights, especially during the years he the author served as United Nations special rapporteur on the rights of indigenous peoples.

*Ultima Thule* Jean Malaurie, 2003 *Ultima Thule* is the terrible and yet fantastic story of European and American exploration in the polar north. The book brings to life both sides of the clash that arose when white men arrived in the Far North. Heavily illustrated with period photos, engravings, artifacts, and drawings. 650 photos.

*Dialogue in Focus Groups* Ivana Marková, Per Linell, Michele Grossen, Anne Salazar Orvig, 2007 In contrast to a vast literature that provides information and guides about focus groups as a methodological tool, this book is an introduction to understanding focus groups as analytical means exploring socially shared knowledge. The book examines how to analyse interaction and ideas expressed in focus groups.

**Introduction to the Work of Marcel Mauss** Claude Levi-Strauss, 2013-08-21 First published in 1987. Claude Levi-Strauss is one of the intellectual giants of the twentieth century, a leading exponent of structuralism and a great social anthropologist. His *Introduction to the Work of Marcel Mauss*, originally written to preface the earliest major collection of Mauss's writings, *Sociologie et Anthropologie* (1950), was hailed as a seminal text by leading structuralists such as Derrida, Lacan and Barthes. This edition, the first English translation to be published, should prove invaluable to anthropologists, philologists, psychologists, and all those interested in one of the most important intellectual movements generated by the twentieth century. Levi-Strauss uses an approach combining anthropology and structural linguistics to assess Marcel Mauss's achievements and intentions arguing that Mauss - who at the time represented the mainstream of French anthropology - was in fact structuralist manque. He goes on to formulate the central tenets of structuralist thought: the belief in societies being organised on immutable and unconscious laws, this foundation then providing the basis for true scientific study; multi-disciplinary methodology combining anthropology, linguistics and psychoanalysis; and a faith that a comprehensive science of communication can be made by the application of mathematical reasoning.
