John Berger

About Looking John Berger,1992-01-08 As a novelist, art critic, and cultural historian, Booker Prize-winning author John Berger is a writer of dazzling eloquence and arresting insight whose work amounts to a subtle, powerful critique of the canons of our civilization. In *About Looking* he explores our role as observers to reveal new layers of meaning in what we see. How do the animals we look at in zoos remind us of a relationship between man and beast all but lost in the twentieth century? What is it about looking at war photographs that doubles their already potent violence? How do the nudes of Rodin betray the threats to his authority and potency posed by clay and flesh? And how does solitude inform the art of Giacometti? In asking these and other questions, Berger quietly -- but fundamentally -- alters the vision of anyone who reads his work.

About Looking John Berger,2009 The follow-up to the seminal *Ways of Seeing*, one of the most influential books on art

The Look of Things John Berger,1974

Another Way of Telling John Berger,2011-07-13 There are no photographs which can be denied. All photographs have the status of fact. What is to be examined is in what way photography can and cannot give meaning to facts. With these words, two of our most thoughtful and eloquent interrogators of the visual offer a singular meditation on the ambiguities of what is seemingly our straightforward art form. As constructed by John Berger and the renowned Swiss photographer Jean Mohr, that theory includes images as well as words; not only analysis, but anecdote and memoir. *Another Way of Telling* explores the tension between the photographer and the photographed, between the picture and its viewers, between the filmed moment and the memories that it so resembles. Combining the moral vision of the critic and the practical engagement of the photographer, Berger and Mohr have produced a work that expands the frontiers of criticism first charged by Walter Benjamin, Roland Barthes, and Susan Sontag.

The Sense of Sight John Berger,2011-07-13 With this provocative and infinitely moving collection of essays, a preeminent critic of our time responds to the profound questions posed by the visual world. For when John Berger writes about Cubism, he writes not only of Braque, Léger, Picasso, and Gris, but of that incredible moment early in this century when the world converged around a marvelous sense of promise. When he looks at the Modigliani, he sees a man's infinite love revealed in the elongated lines of the painted figure. Ranging from the Renaissance to the conflagration of Hiroshima; from the Bosphorus to Manhattan; from the woodcarvers of a French village to Goya, Dürer, and Van Gogh; and from private experiences of love and of loss to the major political upheavals of our time, *The Sense of Sight* encourages us to see with the same breadth, courage, and moral engagement that its author does.

Seeing Berger Peter Fuller,1981 In this incisive counter-polemic Peter Fuller underlines what is most valuable in Berger's criticism, while attacking the art ideologists who would negate the existence of any aesthetic experience. He succinctly argues the case for a materialistic understanding of art and its value which moves beyond ideology and permits one to confront the 'masterpiece', the work of art which breaks free from the norms of tradition and transcends its time.--back cover.

Understanding a Photograph John Berger,2013 John Berger's explorations of the relationships between the individual and society, culture and politics, and experience and expression through the written word, films, photographic collaborations and performances are unmatched in their diversity, ambition and reach. His television series and book *Ways of Seeing* revolutionized the way that art is understood. Now, *Understanding a Photograph* gathers the photography writings of one of the most internationally influential authors of the past 50 years. *Understanding a Photograph* is arranged chronologically, leading the reader on a thought-provoking journey through selected essays from hallmark works such as "About Looking" and "Another Way of Telling," as well as previously uncollected pieces written for exhibitions or catalogues that discuss a wide range of artists--from August Sander to Jitka Hanzlová. This collection of some 25 texts has been carefully selected by novelist and essayist Geoff Dyer, who has also written a critical study of Berger's oeuvre. John Berger (born 1926) is a novelist, poet, screenwriter and critic. He is the author of numerous works of fiction and nonfiction, including *To the Wedding*, *About Looking* and *G.*, for which he was awarded the Booker Prize. Among his best-known works are the television series and book, *Ways of Seeing*. He has received prestigious awards for his writing, including the Petrarca-Preis and a Golden PEN Award.

Selected Essays John Berger,2001 On the occasion of his seventy-fifth birthday, Pantheon is publishing a gathering of John Berger's most insightful and provocative writings on art over the past forty years. *Selected Essays* brings together a comprehensive array of writings from Berger's previous collections: *Toward Reality*, *The Moment of Cubism*, *The Look of Things*, *About Looking*, *The Sense of Sight*, and *Keeping a Rendezvous*. From Piero to Pollock, from Kokoschka to La Tour, from mass demonstrations to museums--the ideas in these essays are as fresh and compelling as they were when first published. Polemical, meditative, radical, always original, they display a remarkable continuity of thoughtful inquiry and political engagement.

Ways of Seeing John Berger,2008-09-25 Contains seven essays. Three of them use only pictures. Examines the relationship between what we see and what we know.

Portraits John Berger,2015-10-05 John Berger, one of the world's most celebrated storytellers and writers on art, tells a personal history of art from the prehistoric paintings of the Chauvet caves to 21st century conceptual artists. Berger presents entirely new ways of thinking about artists both canonized and obscure, from Rembrandt to Henry Moore, Jackson Pollock to Picasso. Throughout, Berger maintains the essential connection between politics, art and the wider study of culture. The result is an illuminating walk through many centuries of visual culture, from one of the contemporary world's most incisive critical voices.

A Painter of Our Time John Berger,2011-07-13 From John Berger, the Booker Prize-winning author of *G.*, *A Painter of Our Time* is at once a gripping intellectual and moral detective story and a book whose aesthetic insights make it a companion piece to Berger's great works of art criticism. The year is 1956. Soviet tanks are rolling into Budapest. In London, an expatriate Hungarian painter named Janos Lavin has disappeared following a triumphant one-man show at a fashionable gallery. Where has he gone? Why has he gone? The only clues may lie in the diary, written in Hungarian, that Lavin has left behind in his studio. With uncanny understanding, John Berger has written one of the most convincing portraits of a painter in modern literature, a revelation of art and exile.

[Here Is Where We Meet](#) John Berger,2007-12-18 Booker Prize-winning author John Berger, one of the most widely admired writers of our time, returns us to the captivating play and narrative allure of his previous novels--*G.* and *Pig Earth* among them--with a shimmering fiction drawn from chapters of his own life. One hot afternoon in Lisbon, the narrator finds his long-dead mother seated on a park bench. "The dead don't stay where they are buried," she tells him. And so begins a remarkable odyssey, told in simple yet gorgeous prose, that carries us from the London Blitz in 1943, to a

Polish market, to a Paleolithic cave, to the Ritz Hotel in Madrid. Here Is Where We Meet is a unique literary journey that moves freely through time and space but never loses its foothold in the sensuous present.

An Analysis of John Berger's Ways of Seeing Emmanouil Kalkanis,2018-02-21 Ways of Seeing is a key art-historical work that continues to provoke widespread debate. It is comprised of seven different essays, three of which are pictorial and the other containing texts and images. Berger first examines the relationship between seeing and knowing, discussing how our assumptions affect how we see a painting. He moves on to consider the role of women in artwork, particularly regarding the female nude. The third essay deals with oil painting looking at the relationship between subjects and ownership. Finally, Berger addresses the idea of ownership in a consumerist society, discussing the power of imagery in advertising, with particular regards to photography.

Little Humans Brandon Stanton,2014-10-07 Street photographer and storyteller extraordinaire Brandon Stanton is the creator of the wildly popular blog Humans of New York. He is also the author of the #1 New York Times bestseller Humans of New York. To create Little Humans, a 40-page photographic picture book for young children, he's combined an original narrative with some of his favorite children's photos from the blog, in addition to all-new exclusive portraits. The result is a hip, heartwarming ode to little humans everywhere.

Hold Everything Dear John Berger,2016-04-19 From the War on Terror to resistance in Ramallah and traumatic dislocation in the Middle East, Berger explores the uses of art as an instrument of political resistance. Visceral and passionate, Hold Everything Dear is a profound meditation on the far extremes of human behaviour, and the underlying despair. Looking at Afghanistan, Palestine, and Iraq, he makes an impassioned attack on the poverty and loss of freedom at the heart of such unnecessary suffering. These essays offer reflections on the political at the core of artistic expression and even at the center of human existence itself.

The Shape of a Pocket John Berger,2009-09-09 From Booker Prize-winning author John Berger, a collection of essays that explores the relationship of art and artists and includes examinations of the work of Brancusi, Degas, Michelangelo, and Frida Kahlo, among others. The pocket in question is a small pocket of resistance. A pocket is formed when two or more people come together in agreement. The resistance is against the inhumanity of the New World Economic Order. The people coming together are the reader, me, and those the essays are about-Rembrandt, Paleolithic cave painters, a Romanian peasant, ancient Egyptians, an expert in the loneliness of a certain hotel bedroom, dogs at dusk, a man in a radio station. And unexpectedly, our exchanges strengthen each of us in our conviction that what is happening in the world today is wrong, and that what is often said about it is a lie. I've never written a book with a greater sense of urgency. -John Berger

And Our Faces, My Heart, Brief as Photos John Berger,2011-07-13 Berger reveals the ties between love and absence, the ways poetry endows language with the assurance of prayer, and the tensions between the forward movement of sexuality and the steady backward tug of time. He recreates the mysterious forces at work in a Rembrandt painting, transcribes the sensorial experience of viewing lilacs at dusk, and explores the meaning of home to early man and to the hundreds of thousands of displaced people in our cities today. And Our Faces, My Heart, Brief as Photos is a seamless fusion of the political and personal.

Once in Europa John Berger,2014-08-30 A collection of interwoven stories, this is a portrait of two worlds - a small Alpine village bound to the earth and by tradition, and the restless, future-driven culture that will invade it - at their moment of collision. The instrument of entrapment is love. Lives are lost and hearts broken.

Ways of Seeing John Berger,1990-12-01 "The relation between what we see and what we know is never settled" -- so opens John Berger's revolutionary million-copy bestseller on how to look at art John Berger's Ways of Seeing is one of the most stimulating and the most influential books on art in any language. First published in 1972, it was based on the BBC television series about which the Sunday Times critic commented: This is an eye-opener in more ways than one: by concentrating on how we look at paintings . . . he will almost certainly change the way you look at pictures. By now he has.
