

Our Endangered Values America S Moral Crisis Rough

Jimmy Carter

Our Endangered Values Jimmy Carter, 2005 Jimmy Carter has written importantly about his spiritual life and faith. Now he describes quite personally his own involvement and reactions to disturbing societal trends involving both the religious and political worlds as they become intertwined.

The Virtues of Aging Jimmy Carter, 2011-08-24 Former president Jimmy Carter reflects on aging, blending memoir, anecdote, political savvy, and practical advice to truly illuminate the rich promises of growing older. "As we've grown older, the results have been surprisingly good," writes former president Jimmy Carter in this wise, deeply personal meditation on the new experiences that come to us with age. President Carter had never enjoyed more prestige or influence on the world stage, nor had he ever felt more profound happiness with himself, with his accomplishments, and with his beloved wife, Rosalynn, than in his golden years. In *The Virtues of Aging*, Jimmy Carter shares the knowledge and the pleasures that age have brought him. The approach to old age was not an easy one for President Carter. At fifty-six, having lost a presidential election, he found himself involuntarily retired from a job he loved and facing a large debt on his farm and warehouse business. President Carter writes movingly here of how he and Rosalynn overcame their despair and disappointment as together they met the challenges ahead. President Carter delves into issues he and millions of others confront in planning for retirement, undertaking new diet and exercise regimens, coping with age prejudice, and sorting out key political questions. On a more intimate level, Carter paints a glowing portrait of his happy marriage to Rosalynn, a relationship that deepened when they

became grandparents. Here too are fascinating sketches of world leaders, Nobel laureates, and great thinkers President Carter has been privileged to know—and the valuable lessons on aging he learned from them. *The Virtues of Aging* celebrates both the blessings that come to us as we grow older and the blessings older people can bestow upon others. An important and moving book, written with gentleness, humor, and love, *The Virtues of Aging* is a treasure for readers of all ages.

An Hour Before Daylight Jimmy Carter, 2001-10-16 Jimmy Carter re-creates his boyhood on a Georgia farm.

Always a Reckoning, and Other Poems Jimmy Carter, 1995 A collection of poetry by the former president shares Carter's private meditations and memories about his youth, family, friends, and politics. 75,000 first printing. \$75,000 ad/promo. Tour.

Keeping Faith Jimmy Carter, 2013-10-01 Available for the first time in paperback, *Keeping Faith* is Jimmy Carter's account of the satisfaction, frustration, and solitude that attend the man in the Oval Office. *Keeping Faith* is Jimmy Carter's account of the satisfaction, frustration, and solitude that attend the man in the Oval Office. Mr. Carter writes candidly about the crises that confronted him during his tenure as President of the United States and leader of the free world, from 1977 to 1981. "The President who cared" details his anguish over the hostage crisis in Iran, his triumph against all odds at Camp David, his secret communications with China's Deng Xiaoping, and his dramatic and revealing encounters with Soviet President Leonid Brezhnev, West German Chancellor Helmut Schmidt, and other world leaders. Mr. Carter also shares glimpses of his private world—his feelings of being an outsider in Washington, his relationship with Rosalynn, his

pain about the attacks on his friends and his brother Billy. Captivatingly written, this rich historical document delineates a morally responsible president who has continued to earn respect and admiration as a world statesman and advocate for the poor and repressed of all nations.

Through the Year with Jimmy Carter Jimmy Carter, 2011-12-20 In *Through the Year with Jimmy Carter*, the thirty-ninth President of the United States takes you on a unique journey into the heart of the Christian faith. Based on more than three decades of practical Bible teaching, the readings in this ebook draw from the riches of God's Word and the compelling experiences of Mr. Carter's own life. Whether through fascinating glimpses into behind-the-scenes activity at the White House, or insightful remembrances of his career in the U.S. Navy, Mr. Carter never ceases to connect the wisdom of Scripture with your own crucial place on the stage of life. Frank, honest, sometimes funny, sometimes heartbreaking, and always relevant, *Through the Year with Jimmy Carter* challenges readers to be more Christ-like every day of their lives.

Confronting America's Moral Crisis Thomas Hauser, Frank J. Macchiarola, 1995-01 Discusses current moral situation in the U.S.

Faith Jimmy Carter, 2019-04-02 In this powerful and personal reflection, a New York Times bestseller, President Jimmy Carter contemplates how faith has sustained him in happiness and disappointment and considers how we may find it in our own lives. All his life, President Jimmy Carter has been a courageous exemplar of faith. Now he shares the lessons he learned. He writes, "The issue of faith arises in almost every area of human existence, so it is important to understand its multiple meanings. In this book, my primary

goal is to explore the broader meaning of faith, its far-reaching effect on our lives, and its relationship to past, present, and future events in America and around the world. The religious aspects of faith are also covered, since this is how the word is most often used, and I have included a description of the ways my faith has guided and sustained me, as well as how it has challenged and driven me to seek a closer and better relationship with people and with God.” Quoting eminent Protestant theologians, in Faith President Carter describes his belief in religious freedom, moral politics, and the place of prayer in his daily life. He examines faith’s many meanings, he describes how to accept it, live it, how to doubt and find faith again. This is a serious and moving reflection from one of America’s most admired and respected citizens.

Our Endangered Values Jimmy Carter, 2005-11-01 President Jimmy Carter offers a passionate defense of separation of church and state, warning that fundamentalists are deliberately blurring the lines between politics and religion. In *Our Endangered Values*, Jimmy Carter offers a personal consideration of moral values as they relate to the important issues of the day. He puts forward a passionate defense of separation of church and state, and a strong warning about where the country is heading as the lines between politics and rigid religious fundamentalism are blurred. Carter describes his reactions to recent disturbing societal trends that involve both religious and political worlds as they increasingly intertwine and include some of the most crucial and controversial issues of the day. Many of these matters are under fierce debate. They include preemptive war, women's rights, terrorism, civil liberties, homosexuality, abortion, the death penalty, science and religion, environmental degradation, nuclear arsenals, America's global

image, fundamentalism, and the melding of religion and politics. Sustained by his lifelong faith, Jimmy Carter assesses these issues in a balanced and courageous way.

White House Diary Jimmy Carter, 2010-09-20 The edited, annotated diary of President Jimmy Carter--filled with insights into his presidency, his relationships with friends and foes, and his lasting impact on issues that still preoccupy America and the world Each day during his presidency, Jimmy Carter made several entries in a private diary, recording his thoughts, impressions, delights, and frustrations. He offered unvarnished assessments of cabinet members, congressmen, and foreign leaders; he narrated the progress of secret negotiations such as those that led to the Camp David Accords. When his four-year term came to an end in early 1981, the diary amounted to more than five thousand pages. But this extraordinary document has never been made public--until now. By carefully selecting the most illuminating and relevant entries, Carter has provided us with an astonishingly intimate view of his presidency. Day by day, we see his forceful advocacy for nuclear containment, sustainable energy, human rights, and peace in the Middle East. We witness his interactions with such complex personalities as Ted Kennedy, Henry Kissinger, Joe Biden, Anwar Sadat, and Menachem Begin. We get the inside story of his so-called malaise speech, his bruising battle for the 1980 Democratic nomination, and the Iranian hostage crisis. Remarkably, we also get Carter's retrospective comments on these topics and more: thirty years after the fact, he has annotated the diary with his candid reflections on the people and events that shaped his presidency, and on the many lessons learned. Carter is now widely seen as one of the truly wise men of our time. Offering an unprecedented look at both the man and his tenure, White House Diary is a fascinating book that stands as a

unique contribution to the history of the American presidency.

A Full Life Jimmy Carter, 2015-07-07 “A warm and detailed memoir.” —Los Angeles Times Jimmy Carter, thirty-ninth President, Nobel Peace Prize winner, international humanitarian, fisherman, reflects on his full and happy life with pride, humor, and a few second thoughts. At ninety, Jimmy Carter reflects on his public and private life with a frankness that is disarming. He adds detail and emotion about his youth in rural Georgia that he described in his magnificent *An Hour Before Daylight*. He writes about racism and the isolation of the Carters. He describes the brutality of the hazing regimen at Annapolis, and how he nearly lost his life twice serving on submarines and his amazing interview with Admiral Rickover. He describes the profound influence his mother had on him, and how he admired his father even though he didn’t emulate him. He admits that he decided to quit the Navy and later enter politics without consulting his wife, Rosalynn, and how appalled he is in retrospect. In *A Full Life*, Carter tells what he is proud of and what he might do differently. He discusses his regret at losing his re-election, but how he and Rosalynn pushed on and made a new life and second and third rewarding careers. He is frank about the presidents who have succeeded him, world leaders, and his passions for the causes he cares most about, particularly the condition of women and the deprived people of the developing world. This is a wise and moving look back from this remarkable man. Jimmy Carter has lived one of our great American lives—from rural obscurity to world fame, universal respect, and contentment. *A Full Life* is an extraordinary read.

Everything to Gain Jimmy Carter, Rosalynn Carter, 1995-11-01 A dual account of the former president and first lady describes their post-White House careers and highlights

such topics as midlife marriage, America's health-care issues, the efforts of the Carter Center, and more. Original. UP.

The Moral Center David Callahan, 2007-02-01 A “new liberal with old values” argues nothing is the matter with Kansas—and that the Democratic party needs to lead America out of its moral crisis (The New York Times). In this insightful book, the author of *The Cheating Culture* addresses the anxieties that many Americans share, pointing out that the problems most people care about are not hot-button partisan issues like abortion and gay marriage, but rather deeper subjects that neither party is addressing—the selfishness that is careening out of control, the effect of our violent and consumerist culture on children, and our lack of a greater purpose. As Republicans veer into zealotry, liberals can find common ground with the moderate majority. But to achieve electoral victories, they need a powerful new vision. In *The Moral Center*, David Callahan articulates that vision—and offers an escape from the dead-end culture war. With insights garnered from in-depth research and interviews, he examines some of our most polarized conflicts and presents unexpected solutions that lay out a new road map to the American center. “Brilliant, challenging, practical and hopeful.” —E. J. Dionne Jr., author of *Why Americans Hate Politics* “Callahan shows why progressives often seem not to have such a [moral] center, ceding values to the Right, and why they need to get one to win the political battle.” —Benjamin R. Barber, author of *Consumed and Jihad vs. McWorld* “Callahan wants . . . to create a new public morality that is concerned about both poverty and video game violence, both wages and rap lyrics. He wants to soften the jagged edges of the culture wars.” —Michael Tomasky, *The New York Review of Books*

Sources of Strength Jimmy Carter, 2011-08-24 NEW YORK TIMES BESTSELLER • An insightful and moving collection of fifty-two Biblical meditations from former President Jimmy Carter “For me, the ancient texts always come alive when I explore them with a searching heart. I hope they will be for you, as they have been for me, sources of strength.”—Jimmy Carter, from the Preface Former President Jimmy Carter has won the respect and affection of millions for his long career as a humanitarian, a peacemaker, and a model of faith in action. The Sunday school classes he led at his hometown church in Plains, Georgia, were legendary. “These weekly sessions . . . are remarkable for the ability of regular folks to walk in, grab a seat, and exchange views with the thirty-ninth president of the United States,” says The New York Times. “But they are also remarkable for what Mr. Carter has to say.” For *Sources of Strength*, President Carter has curated fifty-two of his favorite Bible lessons—one for each week of the year—from the fifteen hundred or so he taught over the decades. A thoughtful and inspiring book, *Sources of Strength* captured the heart of the country and can be enjoyed on its own or as a companion to Carter’s bestselling spiritual autobiography, *Living Faith*.

America's Crisis of Values Wayne E. Baker, 2013-10-31 Is America bitterly divided? Has America lost its traditional values? Many politicians and religious leaders believe so, as do the majority of Americans, based on public opinion polls taken over the past several years. But is this crisis of values real? This book explores the moral terrain of America today, analyzing the widely held perception that the nation is in moral decline. It looks at the question from a variety of angles, examining traditional values, secular values, religious values, family values, economic values, and others. Using unique data from the

World Values Surveys, the largest systematic attempt ever made to document attitudes, values, and beliefs around the world, this book systematically evaluates the perceived crisis of values by comparing America's values with those of over 60 other nations. The results are surprising. The evidence shows overwhelmingly that America has not lost its traditional values, that the nation compares favorably with most other societies, and that the culture war is largely a myth. The gap between reality and perception does not represent mass ignorance of the facts or an overblown moral panic, Baker contends. Rather, the widespread perception of a crisis of values is a real and legitimate interpretation of life in a society that is in the middle of a fundamental transformation and that contains growing cultural contradictions. Instead of posing a problem, the author argues, this crisis rhetoric serves the valuable social function of reminding us of what it means to be American. As such, it preserves the ideological foundation of the nation.

Turning Point Jimmy Carter, 1992 The former president's account of his first political battle reveals how his entrance into politics was riddled by a volatile political scene in the South that was spurred by the Supreme Court's One man, one vote decision

The Blood of Abraham Jimmy Carter, 2007-10-01 The former president and architect of the Camp David Accords elucidates the historical and political background of Middle East enmities and presents an analysis of the structure of tensions and conflicting points of view of today.

We Can Have Peace in the Holy Land Jimmy Carter, 2010-02-18 President Carter has been a student of the biblical Holy Land all his life. For the last three decades, as president of the United States and as founder of The Carter Center, he has studied the

complex and interrelated issues of the region's conflicts and has been actively involved in reconciling them. He knows the leaders of all factions in the region who will need to play key roles, and he sees encouraging signs among them. Carter describes the history of previous peace efforts and why they fell short. He argues persuasively that the road to a peace agreement is now open and that it has broad international and regional support. Most of all, since there will be no progress without courageous and sustained U.S. leadership, he says the time for progress is now. President Barack Obama is committed to a personal effort to exert that leadership, starting early in his administration. This is President Carter's call for action, and he lays out a practical and achievable path to peace.

Queer America Vicki L. Eaklor, 2008-03-30 Perhaps no topic today is politically more divisive than homosexuality, particularly when it is coupled with the deeply rooted concept of civil rights. This work focuses on 20th/21st-century U. S. history as it pertains to GLBT history. Major issues and events such as the Stonewall riot, Don't Ask, Don't Tell in the military, same-sex marriage, gay rights, gay pride, organizations and alliances, AIDS, and legal battles and court cases are discussed. Also included are sidebars highlighting major debates, legal landmarks and key individuals. A timeline and further reading sections concluding each chapter as well as a full bibliography and black and white images enhance the text. In these opening years of the 21st century in the United States, perhaps no topic is more divisive than homosexuality, particularly when it is coupled with the deeply rooted concept of civil rights. The same-sex marriage debate, for example, is but part of a larger discussion over issues crucial to American life, such as the role of law in the lives of individuals, relationships among law, economics, and morality, and the values

thought to distinguish and define us. GLBT history is not just the struggle for rights, it is people simply living their lives the best they knew how regardless of the terms they or others use for them. This work focuses on U. S. history and, within that, the 20th century, particularly because the vast majority of work in GLBT history has been during this place and time. Major issues and events such as the Stonewall riot, Don't Ask, Don't Tell in the military, same-sex marriage, gay rights, gay pride, organizations and alliances, AIDS, and legal battles and court cases are discussed. Included in this reference work are sidebars highlighting major debates, legal landmarks and key individuals. A timeline and further reading sections concluding each chapter as well as a full bibliography and black and white images enhance the text.

Jimmy and Rosalynn Carter E. Stanly Godbold, Jr., 2022-09-20 The dual biography of the powerful First Couple who attempted to use their presidency to bring peace, human rights, and justice to all peoples of the world and dedicated the remainder of their long lives to making a safer, more caring world. Jimmy and Rosalynn Carter's marriage of over seventy-five years is the longest of any American presidential couple and has been described by them as a full partnership. President Bill Clinton once said that they have changed more lives around the world than any couple in world history. Their lives have been public and private models of honesty and integrity in post-Watergate America. The second of a two-volume biography of Jimmy and Rosalynn Carter by historian E. Stanly Godbold, Jr., this book offers a comprehensive account of the professional and personal lives of the powerful couple who have worked together as reformers in Georgia, President and First Lady of the United States, and founders of the Carter Center to promote

international health, conflict resolution, and democracy. It picks up with their departure from the Georgia governor's mansion and their tireless campaign for the Democratic nomination for president in 1976, the first time a Southerner won the White House in over a century. It details the Carter couple's struggle for recognition on a national stage, the challenges of rising energy costs, mounting inflation, geopolitical tensions, and the October Surprise that tainted the 1980 election in which they went down to defeat. During these years, Rosalynn demonstrated that she was a better politician than her husband, offering policy advice, serving as ambassador extraordinaire, sitting in on Cabinet meetings, and working determinedly to provide care and respect for those suffering from mental illness. Their post-presidential work has been unprecedented on the international stage with Habitat for Humanity and especially their establishment of the Carter Center to wage peace, fight disease, build hope. Carter, after reaching the zenith of his career in negotiating the Camp David Accords of 1978, continued for decades to work for peace in the Middle East. He was awarded the Nobel Peace Prize in 2002, a prize which he quickly said equally belonged to Rosalynn and to the Carter Center. Among the greatest peacemakers of the twentieth century, Jimmy and Rosalynn Carter emerge from this account as inspirational giants in American history and a shining example of the power of a couple in public service.
