Scratch the S Benjamin M. LeRoy,2001-08 Novel about a man on death row, a woman pen pal he meets, and the redemption of love.

The Last Tortilla Sergio Troncoso,2015-03-18 She asked me if I liked them. And what could I say? They were wonderful. From the very beginning of Sergio Troncoso's celebrated story *Angie Luna*, we know we are in the hands of a gifted storyteller. Born of Mexican immigrants, raised in El Paso, and now living in New York City, Troncoso has a rare knack for celebrating life. Writing in a straightforward, light-handed style reminiscent of Grace Paley and Raymond Carver, he spins charming tales that reflect his experiences in two worlds. Troncoso's El Paso is a normal town where common people who happen to be Mexican eat, sleep, fall in love, and undergo epiphanies just like everyone else. His tales are coming-of-age stories from the Mexican-American border, stories of the working class, stories of those coping with the trials of growing old in a rapidly changing society. He also explores New York with vignettes of life in the big city, capturing its loneliness and danger. Beginning with Troncoso's widely acclaimed story *Angie Luna*, the tale of a feverish love affair in which a young man rediscovers his Mexican heritage and learns how much love can hurt, these stories delve into the many dimensions of the human condition. We watch boys playing a game that begins innocently but takes a dangerous turn. We see an old Anglo woman befriending her Mexican gardener because both are lonely. We witness a man terrorized in his New York apartment, taking solace in memories of lost love. Two new stories will be welcomed by Troncoso's readers. *My Life in the City* relates a transplanted Texan's yearning for companionship in New York, while *The Last Tortilla* returns to the Southwest to explore family strains after a mother's death—and the secret behind that death. Each reflects an insight about the human heart that has already established the author's work in literary circles. Troncoso sets aside the polemics about social discomfort sometimes found in contemporary Chicano writing and focuses instead on the moral and intellectual lives of his characters. The twelve stories gathered here form a richly textured tapestry that adds to our understanding of what it is to be human.

The Big Exit David Carnoy,2012-10-11 The acclaimed author of *Knife Music* delivers “a thriller set in California’s Silicon Valley that has it all . . .

[an] exceptionally satisfying murder puzzle” (Publishers Weekly, starred review). Richie Forman made his name and his fortune in dot-com marketing . . . but that was before he went to prison for a crime he swears he didn’t commit. Now that he’s been released, Richie wants to rebuild his life in the Bay Area. By day, he works at a law firm dedicated to freeing innocent men from prison. By night, he makes a living impersonating Frank Sinatra. But then his ex-best friend is found hacked to death in his garage, and Richie becomes the prime suspect. “Colorful characters abound” in this murder mystery with more intricate twists than a microchip. The Big Exit is a “first rate crime caper” (Kirkus).
