**Pharmacy Master - The Ultimate Board Certified Geriatric Pharmacist Study Guide** Eric John Christianson,2016-12-16 Simply put, this BCGP review from Meded101 will help you pass your exam and become a Board Certified Geriatric Pharmacist. I've worked my entire career in geriatrics and wanted to share some of that clinical knowledge with you as well as provide you an incredibly valuable study guide. Studying for a pharmacist board certification exam can be overwhelming. It's likely been a few years since you've taken an exam and the last thing you want to do is fail! The next to last thing you want to do is to try to find 3-6 months to study for the exam. As a father with two small children, I realize how valuable time is. What was frustrating to me about preparing for the Board Certified Geriatric Pharmacist (BCGP) exam, formerly the Certified Geriatric Pharmacist (CGP) exam as well as the BCPS exam was that the study material was not to the point. I felt like I needed to read thousands of pages to be adequately prepared. Recognizing that challenge of time management as a busy professional, I wanted to create the ultimate review for the BCGP exam that won't take you months to get through. I wanted to give you the most important bullet points you need to know to best prepare for the exam. I utilized the BCGP outline to create this study guide. It breaks down nearly 80 of the most important geriatric disease states. In this breakdown I include information about the signs and symptoms, complications, risk factors, and of course the main drugs of therapy for each disease. I also break down the most important clinical pearls from the drugs of choice for each disease state. Within the medications to know breakdown for each disease state, you will find clinical pearls, important adverse effects, drug-disease and drug-drug interaction information, and essential compelling indications. While this review specifically follows the content outline for the BCGP (CGP) exam, pharmacists seeking Board Certification in Pharmacotherapy (BCPS) or those seeking Board Certification in Ambulatory Care (BCACP) may also benefit from the clinical information within this study guide. The Board Certified Geriatric Pharmacist, Board Certified Pharmacotherapy Specialist, and Board Certified Ambulatory Care Pharmacist are designations from the Board of Pharmacy Specialties (BPS). The contents contained within this study guide are not affiliated or endorsed by BPS.

**Bcps Bullets** Eric Christianson,2017-03-07 Updates for 2019! We've updated and added some content in the following disease states: Acid/Base Disorders, Bipolar Disorder, Breast Cancer, CHF, Chronic Kidney Disease, Clostridium Difficile, Crohn's, DVT/PE, Depression, Diabetes, Gout, Migraines, Hyperlipidemia, Hypertension, PUD, Meningitis, Osteoporosis, Parkinson's, PAD, Rheumatoid Arthritis, Sepsis, Sexual Dysfunction, Shingles, STD's, Vaccines. If you talk to anyone who's taken the BCPS exam, you'll quickly understand that the BCPS exam will likely be the most challenging exam you'll ever take. You need all the resources you can get to make sure you are prepared! In addition to the exam being very difficult, you are likely a busy professional with very minimal free time. I've always had a hard time staying focused while studying from large review article type study guides and have squandered hours reading while retaining very little. This book is intended to be a crash course/cheat sheet overview of the most highly testable material. I wanted to remember the really important stuff, because I know it is impossible to know every minute detail. BCPS Bullets, the Condensed BCPS

Study Guide will help prepare you for the exam as well as help you maximize your study time. We covered over 100+ disease states straight from the BCPS content outline provided by BPS, and included important pearls for each condition including assessments, risk factors, most commonly used drugs of choice, must know adverse effects, miscellaneous clinical pearls, notorious drug interactions, warnings and precautions, and of course, relevant labs. I wanted to cover each disease state in 1-2 pages to try to ensure you are reviewing the most relevant content. We did go over 2 pages on some disease states, but we did our best to keep the information concise and critical for you to know in your preparation to becoming a Board Certified Pharmacotherapy Specialist. The book is over 300+ pages, but it is in bullet point format and very easy to digest multiple disease states at a sitting. There is also some white around the margins to take additional notes or highlight essential information to remember. As many of you are aware from the content outline, the BCPS exam is not all clinical. In addition to the disease states on the BCPS content outline, we've also included sections on biostatistics as well as important regulatory issues. I can assure you that there is no doubt this book will help in your preparation to becoming a BCPS pharmacist! The Board Certified Pharmacotherapy Specialist (BCPS) is a designation from the Board of Pharmacy Specialties. The contents within this study guide are not affiliated or endorsed by the Board of Pharmacy Specialties.

Infectious Disease Pharmacotherapy Self Assessment Lea S. Eiland, Diane B. Ginsburg, 2015-07-01 Infectious disease (ID) is a constant concern for pharmacy clinicians, with far too few specialists to meet the demand. That means that while more and more pharmacists are seeking the added qualification in infectious disease along with other Board Certifications, many clinical pharmacists have to meet a higher standard as de facto ID specialists. Further, treatment of infectious disease involves a good deal of grey area, which means that even the experts need a way to verify their mastery Now, *Infectious Disease Pharmacotherapy Self Assessment*, by Lea Eiland and Diane Ginsburg, bring you thorough and relevant cases where questions are delivered with varying degrees of difficulty, allowing you to truly gauge your level of understanding of complex ID pharmacotherapy problems. Three levels of difficulty offers users a way to assess their mastery of ID topics.
