Kiss & Sell: Writing for Advertising Robert Sawyer, 2006-08-16 *Kiss & Sell-Writing for Advertising (Redesigned & Re-kissed)* is an exploration of all aspects of copywriting. The book discusses different subjects and media, from print and broadcast to interactive media, as well as tactics and strategies employed by copywriters. The text is supported by insightful interviews with leading practitioners and a wide variety of some of the most successful advertising copy ever produced. *Kiss & Sell* does not judge the work it uses to illustrate its various points. There are no right and wrong examples. Instead, the book helps students as well as professionals to distinguish between their tastes or preferences and an objective or critical reading of the examples.

Modern South Asia Sugata Bose, Ayesha Jalal, 2004 A wide-ranging survey of the Indian sub-continent, *Modern South Asia* gives an enthralling account of South Asian history. After sketching the pre-modern history of the subcontinent, the book concentrates on the last three centuries from c.1700 to the present. Jointly written by two leading Indian and Pakistani historians, *Modern South Asia* offers a rare depth of understanding of the social, economic and political realities of this region. This comprehensive study includes detailed discussions of: the structure and ideology of the British raj; the meaning of subaltern resistance; the refashioning of social relations along lines of caste class, community and gender; and the state and economy, society and politics of post-colonial South Asia The new edition includes a rewritten, accessible introduction and a chapter by chapter revision to take into account recent research. The second edition will also bring the book completely up to date with a chapter on the period from 1991 to 2002 and a discussion of the last millennium in sub-continental history.

Development's Displacements Peter Vandergeest,Pablo Idahosa,Pablo S. Bose,2010-10-01 As multilateral agencies, social movements, and state authorities worldwide struggle to cope with the effects of large-scale development projects, the problem of displacement remains unresolved. This volume seeks to address displacement as a broad and multilayered phenomenon. A series of illustrative case studies drawn from around the globe provide causal accounts of why and how displacement occurs, what its effects on communities, ecosystems, and economies look like, and the normative or ethical positions held by key actors involved. Contributors offer economic, political, and cultural analyses, as well as extensive ethnographic field research, to present a picture of displacement that illustrates the depth and the breadth of the issue.
