College Essay Essentials Ethan Sawyer, 2016-07-01 Writing an amazing college admission essay is easier than you think! So you're a high school senior given the task of writing a 650-word personal statement for your college application. Do you tell the story of your life, or a story from your life? Do you choose a single moment? If so, which one? The options seem endless. Lucky for you, they're not. College counselor Ethan Sawyer (aka The College Essay Guy) will show you that there are only four (really, four!) types of college admission essays. And all you have to do to figure out which type is best for you is answer two simple questions: 1. Have you experienced significant challenges in your life? 2. Do you know what you want to be or do in the future? With these questions providing the building blocks for your essay, Sawyer guides you through the rest of the process, from choosing a structure to revising your essay, and answers the big questions that have probably been keeping you up at night: How do I brag in a way that doesn't sound like bragging? and How do I make my essay, like, deep? Packed with tips, tricks, exercises, and sample essays from real students who got into their dream schools, College Essay Essentials is the only college essay guide to make this complicated process logical, simple, and (dare we say it?) a little bit fun.

Inside Out & Back Again Thanhha Lai, 2013-03-01 Moving to America turns H&A's life inside out. For all the 10 years of her life, H&A has only known Saigon: the thrills of its markets, the joy of its traditions, the warmth of her friends close by, and the beauty of her very own papaya tree. But now the Vietnam War has reached her home. H&A and her family are forced to flee as Saigon falls, and they board a ship headed toward hope. In America, H&A discovers the foreign world of Alabama: the coldness of its strangers, the dullness of its food, the strange shape of its landscape, and the strength of her very own family. This is the moving story of one girl's year of change, dreams, grief, and healing as she journeys from one country to another, one life to the next.

Overcoming All Obstacles Jane R. Becker, Sterling and Francine Clark Art Institute, Dixon Gallery and Gardens, 1999 Overcoming All Obstacles: The Women of the Académie Julian is the first book to examine late nineteenth-century Paris's most famous training ground for the leading women artists of the period. The Académie Julian was founded in Paris in 1868, initially to prepare students for entry to the Ecole des Beaux-Arts, the nineteenth-century's preeminent art school. Because women could not study at the Ecole des Beaux-Arts until 1897, Julian itself became an international equivalent for many of the late nineteenth- and early twentieth-century's most important women artists. Not only does Overcoming All Obstacles introduce the reader to many works by women artists—both famous and lesser known—but the essays offer a cultural and historical context in which to appreciate their art. Gabriel Weisberg's essay concentrates on the rigorous training methods enforced by Rodolphe Julian and the teachers at the Academy. Jane Becker explores the competitive environment of the Julian Academy as it affected the Ukrainian painter Marie Bashkirtseff and the Swiss painter Louise-Catherine Breslau. Essays by Catherine Fehrer, the leading scholar of the Académie Julian, and Tamar Garb, an art historian who focuses on the training of women artists, give us a richer understanding of the Académie Julian's place in the sphere of art education in late nineteenth-century Paris. Generously illustrated with both color and black-and-white images, this volume includes documentary photographs and caricatures that have never before been reproduced. The core of the book draws on the large collection of the Académie Julian Del Debbio, the Académie Julian's successor institution in Paris. This publication accompanied an exhibition organized by the Dahesh Museum in New York that opened after its exhibition at the Sterling and Francine Clark Art Institute in Williamstown. The exhibition subsequently continued to the Dixon Gallery and Gardens, Memphis.

A Guide to Argumentative Research Writing and Thinking Arnold Wentzel,2017-11-09 Research is difficult. Even though students are trained in the basic research methodology skills, when confronted with research writing, it feels to them as if they enter a bizarre world, with its own language and conventions, where it is hard to get things right. This book translates the apparent complexities of research writing into everyday ideas, language and skills, and will enable novice researchers to start overcoming the major stumbling blocks immediately. This book focuses only on the greatest challenges in research writing, specifically those that supervisors find most difficult to explain to novice researchers. These challenges include both basic and more complex skills, such as:

finding original research contributions; establishing one's voice while drawing on other authors; turning a vague idea into a feasible research question; generating literature reviews that are original in themselves; and avoiding list-like writing when discussing the research methodology. Wentzel shows that it is easier to overcome these challenges, not with lists of prescriptions that are difficult to remember while writing, but rather by cultivating an argumentative mindset. Not only is such a mindset much easier to maintain, but it offers a central point around which one can organize any difficult writing task. The book shows how to use the argumentative mindset to approach every important writing challenge. It translates all the necessary skills into jargon-free language using a variety of visuals and simple step-by-step procedures that will enable any person to read the book quickly and start writing immediately. The book is accompanied by a website containing an instructor's manual with guidance on the teaching and assessment of research writing, as well as lecture slides.

The Obstacle Is the Way Ryan Holiday, 2014-05-01 #1 Wall Street Journal Bestseller The Obstacle is the Way has become a cult classic, beloved by men and women around the world who apply its wisdom to become more successful at whatever they do. Its many fans include a former governor and movie star (Arnold Schwarzenegger), a hip hop icon (LL Cool J), an Irish tennis pro (James McGee), an NBC sportscaster (Michele Tafoya), and the coaches and players of winning teams like the New England Patriots, Seattle Seahawks, Chicago Cubs, and University of Texas men's basketball team. The book draws its inspiration from stoicism, the ancient Greek philosophy of enduring pain or adversity with perseverance and resilience. Stoics focus on the things they can control, let go of everything else, and turn every new obstacle into an opportunity to get better, stronger, tougher. As Marcus Aurelius put it nearly 2000 years ago: "The impediment to action advances action. What stands in the way becomes the way." Ryan Holiday shows us how some of the most successful people in history—from John D. Rockefeller to Amelia Earhart to Ulysses S. Grant to Steve Jobs—have applied stoicism to overcome difficult or even impossible situations. Their embrace of these principles ultimately mattered more than their natural intelligence, talents, or luck. If you're feeling frustrated, demoralized, or stuck in a rut, this book can help you turn your problems into your biggest advantages. And along the way it will inspire you with dozens of true stories of the greats from every age and era.

College Admissions Stuart White, 2017-11-29 Packed with resources to help parents make sense of the college application process, conduct a college search, and help guide their child's completion of their college application. The author has included a variety of tools to compare one school to another, keep track of important application deadlines, and track possible scholarship aid. Readers from around the world have praised its value to parents who want to make sense of the college gauntlet without hovering and taking control away from their children. One reviewer has written: Stuart White's new book takes a unique focus on the role of the parent of one of the hundreds of thousands of overachieving high schoolers. Whereas most books are written for parents that micro manage and compel their children into the high achiever stereotype, Prof. White's book centers on a rather beautiful love story between him and his daughter as she went through the college admission process. Another reader has written: Thank you for sharing your helpful guide to the college application process. I have read many articles and listened to many podcasts regarding the process, yet still learned more from your book! I appreciated your openness and candidness regarding helicopter parenting. I think it's important to include that advice in this book, as most people reading a book like this will lean toward the helicopter side of parenting. The author's side by side journey with his daughter ended with her admission to Yale University.

Living in a West Virginia settlement after emancipation, nine-year-old Booker travels by lantern light to the salt works, where he labors from dawn till dusk. The Five Hurdles to Happiness Mitch Abblett,2018-08-07 A practical approach to becoming aware of the five hindrances--the negative qualities that inhibit living the awakened life--and to breaking free of them in order to live more mindfully, effectively, compassionately. Five obstacles stand in between you and true happiness. What are they and how can you overcome them? Buddhist traditions teach that there are five negative qualities, or hindrances, that inhibit people from living an awakened life. Here, Mitch Abblett gives this teaching a modern, secular interpretation and helps you identify the hurdles that are blocking your contentment—desire, hostility, sluggishness, worry, and doubt—and how you can take your first steps to overcoming them. Combining traditional wisdom with contemporary psychology and using examples from his psychotherapy practice, Abblett uses the hurdles as a frame for engaging you in a process of contemplating your own life and learning to lean into your experience rather than merely repeating bad habits. By doing this, you can break free from the hurdles and live more mindfully, effectively, and compassionately.

Trash Andy Mulligan,2010-10-12 In an unnamed Third World country, in the not-so-distant future, three “dumpsite boys” make a living picking through the mountains of garbage on the outskirts of a large city. One unlucky-lucky day, Raphael finds something very special and very mysterious. So mysterious that he decides to keep it, even when the city police offer a handsome reward for its return. That decision brings with it terrifying consequences, and soon the dumpsite boys must use all of their cunning and courage to stay ahead of their pursuers. It’s up to Raphael, Gardo, and Rat—boys who have no education, no parents, no homes, and no money—to solve the mystery and right a terrible wrong. Andy Mulligan has written a powerful story about unthinkable poverty—and the kind of hope and determination that can transcend it. With twists and turns, unrelenting action, and deep, raw emotion, *Trash* is a heart-pounding, breath-holding novel.

No More "I'm Done!" Jennifer Jacobson,2023-10-10 Disregarding the false notion that writing instruction in the primary grades needs to be mostly teacher directed, Jennifer Jacobson shows teachers how to develop a primary writer' s workshop that helps nurture independent, engaged writers. *No More I' m Done!* demonstrates how to create a more productive, engaging, and rewarding writer' s workshop. Jennifer guides teachers from creating a supportive classroom environment through establishing effective routines; shows teachers how to set up a writer' s workshop; and provides an entire year of developmentally appropriate mini-lessons that build confidence and, ultimately, independence.

Nevertheless, We Persisted In This Together Media,2019-10-15 A powerful collection of essays from actors, activists, athletes, politicians, musicians, writers, and teens, including Senator Amy Klobuchar, actress Alia Shawkat, actor Maulik Pancholy, poet Azure Antoinette, teen activist Gavin Grimm, and many, many others, each writing about a time in their youth when they were held back because of their race, gender, or sexual identity—but persisted. Aren't you a terrorist? There are no roles for people who look like you.

That's a sin. No girls allowed. They've heard it all. Actress Alia Shawkat reflects on all the parts she was told she was too ethnic to play. Former NFL player Wade Davis recalls his bullying of gay classmates in an attempt to hide his own sexuality. Teen Gavin Grimm shares the story that led to one of the infamous bathroom bills, and how he's fighting it. Holocaust survivor Fanny Starr tells of her harrowing time in Aushwitz, where she watched her family disappear, one by one. What made them rise up through the hate? What made them overcome the obstacles of their childhood to achieve extraordinary success? How did they break out of society's limited view of who they are and find their way to the beautiful and hard-won lives they live today? With a foreword by Minnesota senator and up-and-coming Democratic party leader Amy Klobuchar, these essays share deeply personal stories of resilience, faith, love, and, yes, persistence. Everything Abridged Dennard Dayle, 2022-05-24 “Incredibly entertaining and so damn illuminating” (Entertainment Weekly), Dennard Dayle’s electrifying and wholly original collection of satirical stories create a biting funny portrait of American racism, capitalism, and politics. A New Yorker Best Book of the Year “Slyly defiant and blazingly imaginative . . . Dayle’s a genre-shattering writer, whose wit and intellect never cease to entertain.” —New York Times bestselling author Paul Beatty Framed as a reference work of humorous “entries” that offer trenchant social commentary, Everything Abridged presages a dark vision of the near future but tells jokes in the face of it: An intelligence agency operative uncovers a conspiracy to generate conspiracies and realizes his participation in the scheme. A Caribbean monarch meets four decades of American presidents and adjusts his country’s foreign policy accordingly. Experiment participants are asked to bring back a gun as quickly as possible. A copywriter on a space colony advertises a weapon with the potential to destroy his home during an intergalactic war. These and other linked stories, many of which feature a speculative bent—about being Black in America, law enforcement practices in an android society, Olympic speed walking, consumerism, nuclear war, and more—are interspersed with hilarious, one-line definitions for words ranging from abolition to zygote, creating a sharply humorous portrait of American inequality. With his singular wit, sharp prose, and shrewd observations, Dennard Dayle captures the struggles his characters face to keep hold of their sanity in a society collapsing into chaos and absurdity.
