Meeting Monroe Kingsley L Dennis,2016-06-02 One day, unexpectedly, the author meets an unusual person whom he simply comes to know as 'Monroe'. A series of extraordinary meetings then begin to take place in a small town in Andalusia, southern Spain. Over the course of several intense weeks the author, himself already a respected writer, comes to understand through Monroe that humanity is on the cusp of a remarkable stage in its evolutionary journey. In the author's own words - If there's one thing that Monroe has taught me it's that we are all blinded by our false systems of thought: beliefs, assumptions, opinions, etc. We create our own barriers to understanding, and we reinforce these limitations throughout our lives. What follows in this remarkable, understated book may seem unbelievable, even fanciful. Yet, as the author himself questions: perhaps that is the whole point? PLEASE NOTE: This is the 2nd edition of Meeting Monroe, which includes updated cover image and interior design. The text remains unchanged from the 1st edition (October, 2013)

The Franz Boas Enigma Ludger Müller-Wille,2014-03-31

Addressing, for the first time, the enigma of how Franz Boas came to be the central founder of anthropology and a driving force in the

acceptance of science as part of societal life in North America, this exploration breaks through the linguistic and cultural barriers that have prevented scholars from grasping the importance of Boas's personal background and academic activities as a German Jew. Müller-Wille argues that to fully appreciate Boas's complete scientific and literary opus and deep emotional and intellectual attachment to the upbringing that shaped his life, it is crucial to become familiar with his publications in German on Inuit and the Arctic as related to environmental, geographical, and ethnological questions, which have remained largely unknown and neglected in North America. These writings represent his emerging scientific interpretations of Inuit culture and the Arctic, and provide insight into the crucial period of Inuit history dominated by European and North American colonial expansion into their homeland more than 130 years ago. With detailed documentation that will be of great use to academics, this book is also written in a lively prose that will prove accessible even to lay readers as they gain a deeper understanding of the eminent cultural anthropologist's academic background and thinking as well as his personal and intellectual life path.

Leaves of Grass Walt Whitman, 1872

Beautiful Traitor Kingsley L. Dennis, 2012-11-01 'Beautiful Traitor' is an anthology of poems that represent twenty years in the author's search for meaning in life – or life through poetry. Kingsley L. Dennis has personally selected these poems that begin from 1992 and continue until 2012. As the author states in his introduction: 'At the age of twenty, with mysticism and magic in my head, the search had begun...' This unique collection reflects a personal odyssey that has taken Kingsley from the UK to Prague, to Istanbul, and through his many years working both abroad and in the UK as a teacher. However, whilst these poems reflect a sense of place, the real location they describe and reveal is the inner homeland. It was from here that Kingsley L. Dennis undertook the majority of his traveling. This book will appeal to poetry lovers, seekers of life, and anyone interested in the personal thoughts and inner life of the author Kingsley L. Dennis.

LSD, My Problem Child Albert Hofmann, 2017-09-27 This is the story of LSD told by a concerned yet hopeful father, organic chemist Albert Hofmann, Ph.D. He traces LSD's path from a promising psychiatric research medicine to a recreational drug sparking hysteria and prohibition. In *LSD: My Problem Child*, we follow Dr. Hofmann's trek across Mexico to discover sacred plants

related to LSD, and listen in as he corresponds with other notable figures about his remarkable discovery. Underlying it all is Dr. Hofmann's powerful conclusion that mystical experiences may be our planet's best hope for survival. Whether induced by LSD, meditation, or arising spontaneously, such experiences help us to comprehend the wonder, the mystery of the divine, in the microcosm of the atom, in the macrocosm of the spiral nebula, in the seeds of plants, in the body and soul of people. More than sixty years after the birth of Albert Hofmann's problem child, his vision of its true potential is more relevant, and more needed, than ever.

The Dirges of Maldoror: An Illustrated English Translation of Les Chants de Maldoror Lautr,2018-09-20 'Les Chants de Maldoror' was virtually ignored when first published in 1869, a year before the author's death in Paris in 1870. Decades later the Surrealists discovered the work and hailed Lautr

The Barbarian's Beverage Max Nelson,2005-02-25 There has been a very long and rich European beer-making tradition which developed independently of any traditions in the Middle East or Egypt. This text demonstrates the important technological as well as ideological contributions made by the Europeans to the history

of beer.

Portland Transcript, 1855

Star Maker Olaf Stapledon, 2004-05-24 Science fiction-roman.

The Queen of Stone Keith Baker, 2010-01-26 In the land of monsters, you'll want her by your side. Nyrielle Tam--better known by her code name, Thorn--is a Dark Lantern sent undercover to a summit in the monstrous kingdom of Droaam. The beasts of Droaam have organized and want recognition from the kingdoms of Khorvaire. Breland attends to gauge its neighbors' reaction to the new state's demands of equality . . . and to take the opportunity to recover something long ago stolen by the mysterious Sheshka, Queen of the Medusas. It's up to Thorn to accomplish both, while keeping her King and Country out of war. The creator of the world of Eberron returns with a series that shows off Eberron's cross-genre capabilities--all the smarts and action of a spy thriller, with the magic and depth of world only fantasy can create. There's something here for every fan! From the Paperback edition.

An Anthropologist on Mars Oliver Sacks, 2012-11-14 To these seven narratives of neurological disorder Dr. Sacks brings the same humanity, poetic observation, and infectious sense of wonder that are apparent in his bestsellers *Awakenings* and *The Man Who*

Mistook His Wife for a Hat. These men, women, and one extraordinary child emerge as brilliantly adaptive personalities, whose conditions have not so much debilitated them as ushered them into another reality.

Empyre: X-Men Ed Brisson, Gerry Duggan, Jonathan Hickman, Leah Williams, Tini Howard, Vita Ayala, Zeb Wells, 2020-10-28 Collects Empyre: X-Men (2020) #1-4. Alien plants vs. mutant zombies! Plant people from outer space have come to Earth as part of the cosmic events of EMPYRE – but wouldn't you know it, they happen to arrive just as millions of deceased mutants rise from the grave as undead creatures hungry for human flesh! What are the odds? And can even the X-Men handle two simultaneous crises? Aliens! Plant-men! Mutants! Zombies! Demons! Explosions! This one has it all – and then some! The X-Men return to the graveyard island of Genosha in a tale so crazy, it took the entire writing crew of the Dawn of X line to tackle it!

The Toilers of the Sea Victor Hugo, 1888 The eternal conflict between the will of man and the power of nature, as expressed by the sea. Contains a realistic and rhapsodical description of the Needles, the pointed rocks in the English Channel, and a man's

terrifying fight with an octopus.

The Cream of the Jest James Branch Cabell, 2018-10-10 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Zen and the Art of Motorcycle Maintenance Robert M. Pirsig, 1979 With a new introduction by the author--Jacket.

Eumeswil Ernst Jünger, 1993 A political novel set in a futuristic state, run by a tyrant and narrated by the tyrant's historian. The novel's originality lies in its willingness to question such generally

accepted ideas as democracy and mass education. By a well-known German writer.

The Strange Story of the Quantum Banesh

Hoffmann,1959-01-01 This timeless exploration of the work of the great physicists of the early 20th century employs analogies, examples, and imaginative insights rather than computations to explain the dramatic impact of quantum physics on classical theory. Topics include Pauli's exclusion principle, Schroedinger's wave equation, Heisenberg's uncertainty principle, and many other concepts. 1959 edition.

Tome of Magic Matthew Sernett,Dave Noonan,Ari

Marmell,Robert J. Schwalb,2006 This volume introduces three new magic subsystems for the D&D game. They introduce new base classes and spellcasting mechanics, and include new feats, prestige classes, magic items, and spells.

Conflicted Antiquities Elliott Colla,2008-01-11 Conflicted Antiquities is a rich cultural history of European and Egyptian interest in ancient Egypt and its material culture, from the early nineteenth century until the mid-twentieth. Consulting the relevant Arabic archives, Elliott Colla demonstrates that the emergence of Egyptology—the study of ancient Egypt and its material legacy—was

as consequential for modern Egyptians as it was for Europeans. The values and practices introduced by the new science of archaeology played a key role in the formation of a new colonial regime in Egypt. This fact was not lost on Egyptian nationalists, who challenged colonial archaeologists with the claim that they were the direct heirs of the Pharaohs, and therefore the rightful owners and administrators of ancient Egypt's historical sites and artifacts. As this dispute developed, nationalists invented the political and expressive culture of "Pharaonism"—Egypt's response to Europe's Egyptomania. In the process, a significant body of modern, Pharaonist poetry, sculpture, architecture, and film was created by artists and authors who looked to the ancient past for inspiration. Colla draws on medieval and modern Arabic poetry, novels, and travel accounts; British and French travel writing; the history of archaeology; and the history of European and Egyptian museums and exhibits. The struggle over the ownership of Pharaonic Egypt did not simply pit Egyptian nationalists against European colonial administrators. Egyptian elites found arguments about the appreciation and preservation of ancient objects useful for exerting new forms of control over rural populations and for mobilizing new political parties. Finally, just as the political and

expressive culture of Pharaonism proved critical to the formation of new concepts of nationalist identity, it also fueled Islamist opposition to the Egyptian state.

The Offense of Love Ovid,2014 Ovid's Art of Love (Ars Amatoria) and its sequel Remedies for Love (Remedia Amoris) are among the most notorious poems of the ancient world. In AD 8, the emperor Augustus exiled Ovid to the shores of the Black Sea for a poem and a mistake. Whatever the mistake may have been, the poem was certainly the Ars Amatoria, which the emperor found a bit too immoral. In exile, Ovid composed Sad Things (Tristia), which included a defense of his life and work as brilliant and cheeky as his controversial love manuals. In a poem addressed to Augustus (Tristia 2), he argues, Since all of life and literature is one long, steamy sex story, why single poor Ovid out? While seemingly groveling at the emperor's feet, he creates an image of Augustus as capricious tyrant and himself as suffering artist that wins over every reader (except the one to whom it was addressed). Bringing together translations of the Ars Amatoria, Remedia Amoris, and Tristia 2, Julia Dyson Hejduk's *The Offense of Love* is the first book to include both the offense and the defense of Ovid's amatory work in a single volume. Hejduk's elegant and accurate

translations, helpful notes, and comprehensive introduction will guide readers through Ovid's wickedly witty poetic tour of the literature, mythology, topography, religion, politics, and (of course) sexuality of ancient Rome. Finalist, National Translation Award, American Literary Translators Association A Choice Outstanding Academic Book

Delve into the emotional tapestry woven by in **Song Of Citadels A Mystery An Enigma An Explorati** .
