

Christa Wolf Cassandra

Christa Wolf

Cassandra Christa Wolf, 1988-05 Retells the story of the fall of Troy ... from the point of view of the woman whose visionary powers earned her contempt and scorn. Written as a result of the author's Greek travels and studies, Cassandra speaks to us in a pressing monologue whose inner focal points are patriarchy and war. In the four accompanying pieces, which take the form of travel reports, journal entries, and a letter, Wolf describes the novel's genesis.--Cover p. [4].

Cassandra Christa Wolf, 2013-03-01 Cassandra, daughter of the King of Troy, is endowed with the gift of prophecy but fated never to be believed. After ten years of brutal war, Troy has fallen to the Greek army, and Cassandra is now a prisoner of war, shackled outside the gates of a foreign fortress, Agamemnon's Mycenae. Through memories of her childhood and reflections on the long years of conflict, Cassandra pieces together the legendary fall of her city. A woman living in an age of heroes, Cassandra reveals the untold personal story that has been lost among the triumphs of Achilles and Hector.

Medea Christa Wolf, 1998-03-17 Medea is among the most notorious women in the canon of Greek tragedy: a woman scorned who sacrifices her own children to her jealous rage. In her gripping new novel, Christa Wolf expands this myth, revealing a fiercely independent woman ensnared in a brutal political battle. Medea, driven by her conscience to leave her corrupt homeland, arrives in Corinth with her husband, the hero Jason. He is welcomed, but she is branded the outsider—and then she discovers the appalling secret behind the king's claim to power. Unwilling to ignore the horrifying truth about the state, she becomes a threat to the king and his ruthless advisors. Then abandoned by Jason and made a public scapegoat, she is reviled as a witch and a murderess. Long a sharp-eyed political observer, Christa Wolf transforms this ancient tale into a startlingly relevant commentary on our times. Possessed of the enduring truths so treasured in the classics, and yet with a thoroughly contemporary spin, her Medea is a stunningly perceptive and probingly honest work of fiction.

The Quest for Christa T. Christa Wolf, 1979-11 When *The Quest for Christa T.* was first published in East Germany ten years ago, there was an immediate storm: bookshops in East Berlin were given instructions to sell it only to well-known customers professionally involved in literary matters; at the annual meeting of East German Writers Conference, Mrs Wolf's new book was condemned. Yet the novel has nothing explicit to do with politics.

City of Angels Christa Wolf, 2013-02-05 The stunning final novel from East Germany's most acclaimed writer Three years after the fall of the Berlin Wall, the writer Christa Wolf was granted access to her newly declassified Stasi files. Known for her defiance and outspokenness, Wolf was not especially surprised to discover forty-two volumes of documents produced by the East German secret police. But what was surprising was a thin green folder whose contents told an unfamiliar—and disturbing—story: in the early 1960s, Wolf herself had been an informant for the Communist government. And yet, thirty years on, she had absolutely no recollection of it. Wolf's extraordinary autobiographical final novel is an account of what it was like to reckon with such a shocking discovery. Based on the year she spent in Los Angeles after these explosive revelations, *City of Angels* is at once a powerful examination of memory and a surprisingly funny and touching exploration of L.A., a city strikingly different from any Wolf had ever visited. Even as she reflects on the burdens of twentieth-century history, Wolf describes the pleasures of driving a Geo Metro down Wilshire Boulevard and watching episodes of *Star Trek* late at night. Rich with philosophical insights, personal revelations, and vivid descriptions of a diverse city and its citizens, *City of Angels* is a profoundly humane and disarmingly honest novel—and a powerful conclusion to a remarkable career in letters.

Patterns of Childhood Christa Wolf, 1984-07 Returning to her native town in East Germany forty years later, accompanied by her inquisitive and sometimes demanding daughter, Wolf attempts to recapture her past and to clarify memories of growing up in Nazi Germany. This novel is a testament of what seemed at the time a fairly ordinary childhood, in the bosom of a normal Nazi family in Landsberg.--

What Remains and Other Stories Christa Wolf, 1995-12 *What Remains* collects Christa Wolf's

short fiction, from early work in the sixties to the widely debated title story, first published in Germany in 1990. Addressing a wide range of topics, from sexual politics to the nature of memory, these powerful and often very personal stories offer a fascinating introduction to Wolf's work. *What Remains and Other Stories* . . . is clear and farsighted. The eight heartfelt stories in the book show why she has been respected as a serious author since her 1968 novel, *The Quest for Christa T.* . . . Wolf uses her own experiences and observations to create universal themes about the controls upon human freedom.—Herbert Mitgang, *New York Times* *Christa Wolf has set herself nothing less than the task of exploring what it is to be a conscious human being alive in a moment of history.*—Mary Gordon, *New York Times Book Review* The simultaneous publication of these two volumes offers readers here a generous sampling of the short fiction, speeches and essays that Wolf has produced over the last three decades.—Mark Harman, *Boston Globe*

One Day a Year, 1960-2000 Christa Wolf, 2007 The author, a novelist who lives in East Germany, describes her daily life on Sept. 27 each year from 1960 to 2000.

The Fourth Dimension Christa Wolf, 1988-12-17 The author should not disappear into her own work, says Christa Wolf, but should stand up and be counted. In this series of interviews and conversations spanning more than a decade, Christ Wolf does precisely that. Here, one of the greatest contemporary novelists discusses the origins of an inspirations for her best known works. Often taking as her starting point events from the past, her novels, she explains, remain fictions of the present, whether her concern is to reassess the experiences of growing up in Nazi Germany, as in *A Model Childhood*, or to attempt to trace the roots of the contradictions in which our civilisation is now trapped, as in *Cassandra*. These conversations, however, take her far beyond the purely literary. She talks openly about what it means to be both a writer and a woman in East Germany today, and concludes that literature is no longer territorially defined. We are not so much divided by boundaries between East and West as united in our common experience of highly organized patriarchal society, she says, which has brought us to 'the verge of annihilation'. It is the author's voice, according to Christa Wolf, which provides 'the fourth dimension' of modern prose. In these pages her own voice emerges more loudly and clearly than ever.

They Divided the Sky Christa Wolf, 2013-01-26 First published in 1963, in East Germany, *They Divided the Sky* tells the story of a young couple, living in the new, socialist, East Germany, whose relationship is tested to the extreme not only because of the political positions they gradually develop but, very concretely, by the Berlin Wall, which went up on August 13, 1961. The story is set in 1960 and 1961, a moment of high political cold war tension between the East Bloc and the West, a time when many thousands of people were leaving the young German Democratic Republic (the GDR) every day in order to seek better lives in West Germany, or escape the political ideology of the new country that promoted the farmer and peasant state over a state run by intellectuals or capitalists. The construction of the Wall put an end to this hemorrhaging of human capital, but separated families, friends, and lovers, for thirty years. The conflicts of the time permeate the relations between characters in the book at every level, and strongly affect the relationships that Rita, the protagonist, has not only with colleagues at work and at the teacher's college she attends, but also with her partner Manfred (an intellectual and academic) and his family. They also lead to an accident/attempted suicide that send her to hospital in a coma, and that provide the backdrop for the flashbacks that make up the narrative. Wolf's first full-length novel, published when she was thirty-five years old, was both a great literary success and a political scandal. Accused of having a 'decadent' attitude with regard to the new socialist Germany and deliberately misrepresenting the workers who are the foundation of this new state, Wolf survived a wave of political and other attacks after its publication. She went on to create a screenplay from the novel and participate in making the film version. More importantly, she went on to become the best-known East German writer of her generation, a writer who established an international reputation and never stopped working toward improving the socialist reality of the GDR.

The Author's Dimension Christa Wolf, 1995-12-08 Spanning the past three decades, these essays focus on the roles of the writer and literature today. In the first half of this series of witty,

probing essays on reading and writing, Wolf examines the individual's, in particular the writer's, relationship to society. The final sections, *On War and Peace* and *Politics and The End of the German Democratic Republic*, demonstrate the ways in which Wolf's political thinking has evolved and cast light on the political situation in East Germany prior to reunification. An important publication, ably served by the editing of Alexander Stephan; the knowledgeable translation by Jan Van Heurck; and Grace Paley's sisterly introduction, which . . . claims at least the later Christa Wolf for a pacifist feminism.—Peter Demetz, *New York Times*

No Place on Earth Christa Wolf, 1983-09 Historical, hypothetical, but marvelously intense: a fascinating short novel by one of Europe's most consistently haunting novelist. - Kirkus Reviews

Christa Wolf's "Kassandra". The representation of patriarchy and power relations Maria Kolberg, 2013-07-29 Essay from the year 2011 in the subject German Studies - Modern German Literature, grade: 1,5, University of Nottingham (School of Cultures, Languages and Area Studies), course: Recent Women's Writing, language: English, abstract: Cassandra – a modern woman in ancient times. The East-German writer Christa Wolf publishes the story about the Trojan king's daughter Cassandra, who is judged to be unseen although being blessed with the gift of prophecy in 1983. The story is told retrospectively by the dying Cassandra waiting in front of the "Löwentor" for her execution in Agamemnon's castle. Throughout the story, one can figure out a re-creation process of herself and a development from a silent female object into a conscious subject. Similarly to Christa Wolf, who tried to achieve a certain self-understanding as a woman author while writing the narrative (Kuhn, p. 186). In addition, there are some suppositions that Wolf criticises in Cassandra the political structure of the former GDR. Even the characters represent political entities. Priam, in that sense, stands for the social state, Hecuba for the party and Eumelus for the State Security Service (Kuhn, p. 184). Furthermore, it is a "feminist critique of literature and society" (Kuhn, p. 178) and describes a radical social change from matriarchy to patriarchy on the basis of the ancient myth of Cassandra. For this purpose, Wolf uses the male figures partly to correct the exclusion of women in the ancient models by Aeschylus and Homer. In these dramas women were depicted as dependent objects. In Christa Wolf's famous Frankfurter Poetik-Vorlesung in 1982, she speaks about questions which might arise by the reader. More specifically, in *A Letter*, her fourth lecture on poetics, Wolf disapproves the constant exclusion of female writers in the history of literature and in society. Wolf declares in her essay that an [essential characteristic of the origins of the Greek epic] [is the] amalgamation of patriarchy, property, and hierarchy, coupled with the simultaneous displacement, exclusion, and objectification of women (Kuhn, p. 186). With her rewriting of the myth she tries to resolve the fact that "the experienced reality of women" of the Trojan War has been excluded (Kuhn, p. 188). In that sense, Cassandra's exemplary subjectivity should encourage female resistance in a patriarchal world (Kuhn, 191). The story *Cassandra* shows the displacement of a matriarchal or at least a society with equal rights by a patriarchal system. Therefore, I am going to discuss how patriarchy is represented and how power relations are depicted in the following essay.

Cassandra Christa Wolf, A. Raja, 1996-01

August Christa Wolf, 2019-09-15 Christa Wolf was arguably the best-known and most influential writer in the former East Germany. Having grown up during the Nazi regime, she and her family were forced to flee their home like many others, nearly starving to death in the process. Her earliest novels were controversial because they contained veiled criticisms of the Communist regime which landed her on government watch lists. Her past continued to permeate her work and her life, as she said, You can only fight sorrow when you look it in the eye. *August* is Christa Wolf's last piece of fiction, written in a single sitting as an anniversary gift to her husband. In it, she revisits her stay at a tuberculosis hospital in the winter of 1946, a real life event that was the inspiration for the closing scenes of her 1976 novel *Patterns of Childhood*. This time, however, her fictional perspective is very different. The story unfolds through the eyes of August, a young patient who has lost both his parents to the war. He adores an older girl, Lilo, a rebellious teenager who controls the wards. Sixty years later, August reflects on his life and the things that she taught him. Written in taut, affectionate prose, *August* offers a new entry into Christa Wolf's work and, incidentally, her first and only male protagonist. More

than a literary artifact, this new novel is a perfectly constructed story of a quiet life well lived. For both August and Christa Wolf, the past never dies.

The Luck of Troy Roger Lancelyn Green,1996 A retelling of the Trojan War legend in which a Greek boy removes an ancient secret, Troy's luck from the temple.

The Autobiography of Cassandra, Princess & Prophetess of Troy Ursule Molinaro,1992 Cassandra's destiny was sealed the moment Apollo, the god she spurned as a lover, spat into her mouth, forever condemning her power of prophecy to be disbelieved. Princess of Troy, daughter of Priam and Hecabe, sister of Paris and Hector, and finally prize captive of Agamemnon, Cassandra is central to the ancient Trojan story. Only she could know what fate would be brought to all, including her own at the hands of Clytemnestra. Passionately alive, Cassandra's disembodied voice echoes through time with an unheeded warning against the subjugation of woman and contamination of the earth. Reissued more than a decade after its original publication, *The Autobiography of Cassandra* could not be more timely--Book jacket

Medea Christa Wolf,1998 A revisionist account of Medea, the sorceress of Greek mythology, famous for her cruelty and manipulation of men. Here she is presented as a kind woman, victimized by men. By a German author.

The Trojan Women: A Comic Euripides,Anne Carson,2021-05-25 A fantastic comic-book collaboration between the artist Rosanna Bruno and the poet Anne Carson, based on Euripides's famous tragedy A NEW YORK TIMES BEST GRAPHIC NOVEL OF 2021 Here is a new comic-book version of Euripides's classic *The Trojan Women*, which follows the fates of Hekabe, Andromache, and Kassandra after Troy has been sacked and all its men killed. This collaboration between the visual artist Rosanna Bruno and the poet and classicist Anne Carson attempts to give a genuine representation of how human beings are affected by warfare. Therefore, all the characters take the form of animals (except Kassandra, whose mind is in another world).

Accident Christa Wolf,2001-05-29 An East German writer, awaiting a call from the hospital where her brother is undergoing brain surgery, instead receives news of a massive nuclear accident at Chernobyl, one thousand miles away. In the space of a single day, in a potent, lyrical stream of thought, the narrator confronts both mortality and life and above all, the import of each moment lived-open, as Wolf reveals, to infinite analysis.
