

# **Eric Hobsbawm**

**Raphael Samuel, Gareth Stedman Jones**

**Interesting Times** Eric Hobsbawm,2007-12-18 Eric Hobsbawm is considered by many to be our greatest living historian. Robert Heilbroner, writing about Hobsbawm's *The Age of Extremes 1914-1991* said, "I know of no other account that sheds as much light on what is now behind us, and thereby casts so much illumination on our possible futures." Skeptical, endlessly curious, and almost contemporary with the terrible "short century" which is the subject of *Age of Extremes*, his most widely read book, Hobsbawm has, for eighty-five years, been committed to understanding the "interesting times" through which he has lived. Hitler came to power as Hobsbawm was on his way home from school in Berlin, and the Soviet Union fell while he was giving a seminar in New York. He was a member of the Apostles at King's College, Cambridge, took E.M. Forster to hear Lenny Bruce, and demonstrated with Bertrand Russell against nuclear arms in Trafalgar Square. He translated for Che Guevara in Havana, had Christmas dinner with a Soviet master spy in Budapest and an evening at home with Mahalia Jackson in Chicago. He saw the body of Stalin, started the modern history of banditry and is probably the only Marxist asked to collaborate with the inventor of the Mars bar. Hobsbawm takes us from Britain to the countries and cultures of Europe, to America (which he appreciated first through movies and jazz), to Latin America, Chile, India and the Far East. With *Interesting Times*, we see the history of the twentieth century through the unforgiving eye of one of its most intensely engaged participants, the incisiveness of whose views we cannot afford to ignore in a world in which history has come to be increasingly forgotten.

**Eric Hobsbawm** Richard J. Evans,2019-03-29 Eric Hobsbawm's works have had a nearly incalculable effect across generations of readers and students, influencing more than the practice of history but also the perception of it. Born in Alexandria, Egypt, of second-generation British parents, Hobsbawm was orphaned at age fourteen in 1931. Living with an uncle in Berlin, he experienced the full force of world economic depression, and in the charged reaction to it in Germany was forced to choose between Nazism and Communism, which was no choice at all. Hobsbawm's lifelong allegiance to Communism inspired his pioneering work in social history, particularly the trilogy for which he is most famous--*The Age of Revolution*, *The Age of Capital*, and *The Age of Empire*--covering what he termed the long nineteenth century in Europe. Selling in the millions of copies, these held sway among generations of readers, some of whom went on to have prominent careers in politics and business. In this comprehensive biography of Hobsbawm, acclaimed historian Richard Evans (author of *The Third Reich Trilogy*, among other works) offers both a living portrait and vital insight into one of the most influential intellectual figures of the twentieth century. Using exclusive and unrestricted access to the unpublished material, Evans places Hobsbawm's writings within their historical and political context. Hobsbawm's Marxism made him a controversial figure but also, uniquely and universally, someone who commanded respect even among those who did not share-or who even outright rejected-his political beliefs. *Eric Hobsbawm: A Life in History* gives us one of the 20th century's most colorful and intellectually compelling figures. It is an intellectual life of the century itself.

**Eric Hobsbawm** Richard J. Evans,2019-03-29 Eric Hobsbawm's works have had a nearly incalculable effect across generations of readers and students, influencing more than the practice of history but also the perception of it. It is an intellectual life of the century itself.

**On History** Eric Hobsbawm,2011-05-12 The theory and practice of history and its relevance to the modern world, by Britain's greatest radical historian.

**On Nationalism** Eric Hobsbawm,2022-01-04

**On Empire** Eric Hobsbawm,2008-11-26 In these four incisive and keenly perceptive essays, one of our most celebrated and respected historians of modern Europe looks at the world situation and some of the major political problems confronting us at the start of the third millennium. With his usual measured and brilliant historical perspective, Eric Hobsbawm traces the rise of American hegemony in the twenty-first century. He examines the state of steadily increasing world disorder in the context of rapidly growing inequalities created by rampant free-market globalization. He makes clear that there is no longer a plural power system of states whose relations are governed by common laws--including those for the conduct of war. He scrutinizes America's policies, particularly its use of the threat of terrorism as an excuse for unilateral deployment of its global power. Finally, he discusses the ways in which the current American hegemony differs from the defunct British Empire in its inception, its ideology, and its effects on nations and individuals. Hobsbawm is particularly astute in assessing the United States' assertion of world hegemony, its denunciation of formerly accepted international conventions, and its launching of wars of aggression when it sees fit. Aside from the naivete and failure that have surrounded most of these imperial campaigns, Hobsbawm points out that foreign values and institutions--including those associated with a democratic government--can rarely be imposed on countries such as Iraq by outside forces unless the conditions exist that make them acceptable and readily adaptable. Timely and accessible, *On Empire* is a commanding work of history that should be read by anyone who wants some understanding of the turbulent times in which we live.

**Fractured Times** Eric Hobsbawm,2014-05-06 Eric Hobsbawm, who passed away in 2012, was one of the most brilliant and original historians of our age. Through his work, he observed the great twentieth-century confrontation between bourgeois fin de siècle culture and myriad new movements and ideologies, from communism and extreme nationalism to Dadaism to the emergence of information technology. In *Fractured Times*, Hobsbawm, with characteristic verve, unpacks a century of cultural fragmentation. Hobsbawm examines the conditions that both created the flowering of the belle époque and held the seeds of its disintegration: paternalistic capitalism, globalization, and the arrival of a mass consumer society. Passionate but never sentimental, he ranges freely across subjects as diverse as classical music, the fine arts, rock music, and sculpture. He records the passing of the golden age of the "free intellectual" and explores the lives of forgotten greats; analyzes the relationship between art and totalitarianism; and dissects phenomena as diverse as surrealism, art nouveau, the emancipation of women, and the myth of the American cowboy. Written with consummate imagination and skill, *Fractured Times* is the last book from one of our greatest modern-day thinkers.

**Revolutionaries** Eric J. Hobsbawm,1973 In this volume, E.J. Hobsbawm collects a series of essays and lectures written throughout the 1990s. The book covers a range of connected subjects, including: the history of Communist parties, anarchism and its revival, and guerrilla war.

**The New Century** Eric J. Hobsbawm,Antonio Polito,2000 Eric Hobsbawm's *AGE OF EXTREMES* was a remarkable phenomenon, a book of serious and challenging historical analysis that became a worldwide bestseller. Now, *THE NEW CENTURY* continues Hobsbawm's analysis of our twentieth century, asking crucial questions about our inheritance from the century of conflict and its meanings for the years to come. Looking back over the last decade to learn something of the new era, Hobsbawm finds the distinction between internal and international conflicts and between state of war and state of peace disappearing. He goes on to analyse the crisis of the multi-ethnic state and shows the distortions of history involved in the creation of its myths. He expresses his anxiety over the system of international relations between states that have so far ruled by colonialism and nuclear terror. Hobsbawm then assesses the impact that a popular global culture has had on every aspect of life, from happiness and social hierarchy to nutrition and the environment. Published this year in dozens of

countries throughout the world, THE NEW CENTURY is a concise summary of the thinking of one of the pre-eminent historians.

**Industry and Empire** Eric J. Hobsbawm,1999 Premier historian Eric Hobsbawm's brilliant study of the Industrial Revolution, which sold more than a quarter of a million copies in its original edition, is now back in print, updated for a new generation. In *Industry and Empire*, Hobsbawm explores the origin and dramatic course of the Industrial Revolution over two hundred and fifty years and its influence on social and political institutions. He describes and accounts for Britain's rise as the first industrial power, its decline from domination, its special relation with the rest of the world, and the effects of this trajectory on the lives of its ordinary citizens. This new edition includes a fascinating summary of events of the last twenty years, and an illuminating new conclusion.

History After Hobsbawm John Arnold,Matthew Hilton,Jan Rüger,2018 What does it mean--and what might it yet come to mean--to write history in the twenty-first century? *History After Hobsbawm* brings together leading historians from across the globe to ask what being an historian should mean in their particular fields of study. Taking their cue from one of the previous century's greatest historians, Eric Hobsbawm, and his interests across many periods and places, the essays approach their subjects with an underlying sense of what role an historian might seek to play, and attempt to help twenty-first-century society understand how we got here They present new work in their sub-fields but also point to how their specialisms are developing, how they might further grow in the future, and how different areas of focus might speak to the larger challenges of history--both for the discipline itself and for its relationship to other fields of academic inquiry. Like Hobsbawm, the authors in this collection know that history matters. They speak to both the past and the present and, in so doing, introduce some of the most exciting new lines of research in a broad array of subjects from the medieval period to the present.

*Uncommon People* Eric Hobsbawm,1998

*Culture, Ideology and Politics (Routledge Revivals)* Raphael Samuel,Gareth Stedman Jones,2016-05-20 First published in 1982, this book is inspired the ideas generated by Eric Hobsbawm, and has taken shape around a unifying preoccupation with the symbolic order and its relationship to political and religious belief. It explores some of the oldest question in Marxist historiography, for example the relationship of 'base' and 'superstructure', art and social life, and also some of the newest and most problematic questions, such as the relationship of dreams and fantasy to political action, or of past and present — historical consciousness — to the making of ideology. The essays, which range widely over period and place, are intended to break new ground and take on difficult questions.

*Workers* Eric J. Hobsbawm,1984 Essays on the history of the working class and labour movements, 19th Century, referring mainly to the UK - reflects on cultural factors and sociological aspects influencing labour relations in a context of social class consciousness, relationships between work and religion, emerging political ideologies, rise of socialism, etc.; studies labour ritual and iconography, sex discrimination of woman workers, trade unionization and trade unionism, struggle for human rights and workers rights. Photographs, references, statistical tables.

Age Of Revolution: 1789-1848 Eric Hobsbawm,2010-12-16 The first in Eric Hobsbawm's dazzling trilogy on the history of the nineteenth century. Between 1789 and 1848 the world was transformed both by the French Revolution and also by the Industrial Revolution that originated in Britain. This 'Dual Revolution' created the modern world as we know it. Eric Hobsbawm traces with brilliant analytical clarity the transformation brought about in every sphere of European life by the Dual Revolution - in the conduct of war and diplomacy; in new industrial areas and on the land; among peasantry, bourgeoisie and aristocracy; in methods of government and of revolution; in science, philosophy and religion; in literature and the arts. But above all he sees this as the period when industrial capitalism established the domination over the rest of the world it was to hold for a century. Eric Hobsbawm's enthralling and original account is an impassioned but objective history of the most significant sixty years in the history of Europe.

The Age of Capital, 1848-1875 Eric J. Hobsbawm,1984 In this book, Eric Hobsbawm chronicles the events and trends that led to the triumph of private enterprise and its exponents in the years between 1848 and 1875. Along with Hobsbawm's other volumes, this book constitutes an intellectual key to the origins of the world in which we now live.

Nations and Nationalism Since 1780 E. J. Hobsbawm,1992 Eric Hobsbawm's brilliant enquiry into the question of nationalism won further acclaim for his 'colossal stature ...his incontrovertible excellence as an historian, and his authoritative and highly readable prose'. Recent events in Eastern Europe and the former Soviet republics have since reinforced the central importance of nationalism in the history of political evolution and upheaval. This second edition has been updated in the light of those events, with a final chapter addressing the impact of the dramatic changes that have taken place. It also includes additional maps to illustrate nationalities, languages and political divisions across Europe in the nineteenth and twentieth centuries.

*The Age of Extremes* Eric Hobsbawm,1996-02-13 Dividing the century into the Age of Catastrophe, 1914–1950, the Golden Age, 1950–1973, and the Landslide, 1973–1991, Hobsbawm marshals a vast array of data into a volume of unparalleled inclusiveness, vibrancy, and insight, a work that ranks with his classics *The Age of Empire* and *The Age of Revolution*. In the short century between 1914 and 1991, the world has been convulsed by two global wars that swept away millions of lives and entire systems of government. Communism became a messianic faith and then collapsed ignominiously. Peasants became city dwellers, housewives became workers—and, increasingly leaders. Populations became literate even as new technologies threatened to make print obsolete. And the driving forces of history swung from Europe to its former colonies. Includes 32 pages of photos.

**The Age of Revolution: 1749-1848** Eric Hobsbawm,1996-11-26 See:

**The Age of Empire, 1875-1914** Eric J. Hobsbawm,1987 A Braudel for the modern world--a masterful recreation of the years that formed our century--by England's leading social historian. 50 black-and-white photographs in three inserts.

The Captivating Realm of Kindle Books: A Thorough Guide Unveiling the Pros of E-book Books: A Realm of Ease and Versatility E-book books, with their inherent portability and simplicity of access, have liberated readers from the constraints of hardcopy books. ## Eric Hobsbawm Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Eric Hobsbawm free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Eric Hobsbawm free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Eric Hobsbawm free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Eric Hobsbawm. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Eric Hobsbawm any PDF files. With these platforms, the world of PDF downloads is just a click away.

## FAQs About Eric Hobsbawm Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility.
