Virgin River Robyn Carr,2010-11-01 Welcome back to Virgin River with the book that started it all... WANTED: Midwife/nurse practitioner in Virgin River, population six hundred. Make a difference against a backdrop of towering California redwoods and crystal clear rivers. Rent-free cabin included. When the recently widowed Melinda Monroe sees this ad, she quickly decides that the remote mountain town of Virgin River might be the perfect place to escape her heartache, and to re-energise the nursing career she loves. But her high hopes are dashed within an hour of arriving - the cabin is a dump, the roads are treacherous and the local doctor wants nothing to do with her. Realising she's made a huge mistake, Mel decides to leave town the following morning. But a tiny baby abandoned on a front porch changes her plans...and former marine Jack Sheridan cements them into place. The Virgin River books are so compelling - I connected instantly with the characters and just wanted more and more and more. - No. 1 New York Times Bestselling author, Debbie Macomber.

**Tracing Slavery** Markus Balkenhol,2021-08-13 Looking at the ways in which the memory of slavery affects present-day relations in Amsterdam, this ethnographic account reveals a paradox: while there is growing official attention to the country's slavery past (monuments, festivals, ritual occasions), many interlocutors showed little interest in the topic. Developing the notion of "trace" as a seminal notion to explore this paradox, this book follows the issue of slavery in everyday realities and offers a fine-grained ethnography of how people refer to this past - often in almost unconscious ways - and weave it into their perceptions of present-day issues.

Ladies with Guns - Part 1 Bocquet Olivier,2022-03-23T00:00:00+01:00 Five women from various backgrounds are brought together by fate to fight as allies for their survival. A retired schoolteacher, an Indian who's handy with a bow, a young, immigrant widow from London, a brothel worker who's made off with the till and a fourteen-year-old slave who's been put in a cage. This unlikely band of adventurers must fight off the violence men resort to when caught in greed's ubiquitous grip. They'll do it with arrows, pies, brooms, pots, knitting-needles, and a lethal revolver that becomes even more dangerous in the hands of the sharpest-shooter of them all: a teenager who's been whipped, locked in a cage and freed only to fall victim to pneumonia. These women have got each other's backs and don't take kindly to the worst mankind has to offer.

Cambridge Yearbook of European Legal Studies, Vol 13, 2010-2011 Catherine Barnard,Okeoghene Odudu,2011-12-15 The Cambridge Yearbook of European Legal Studies provides a forum for the scrutiny of significant issues in EU Law, the law of the European Convention on Human Rights, and Comparative Law with a 'European' dimension, and particularly those issues which have come to the fore during the year preceding publication. The contributions appearing in the collection are commissioned by the Centre for European Legal Studies (CELS) Cambridge, a research centre in the Law Faculty of the University of Cambridge specialising in European legal issues. The papers presented are at the cutting edge of the fields which they address, and reflect the views of recognised experts drawn from the University world, legal practice, and the institutions of both the EU and its Member States. Inclusion of the comparative dimension brings a fresh perspective to the study of European law, and highlights the effects of globalisation of the law more generally, and the resulting cross fertilisation of norms and ideas that has occurred among previously sovereign and separate legal orders. The Cambridge Yearbook of European Legal Studies is an invaluable resource for those wishing to keep pace with legal developments in the fast moving world of European integration. Socialism, Perestroika, And The Dilemmas Of Soviet Economic Reform John E Tedstrom,2019-07-09 This book highlights that Soviet economic planners and politicians must come to recognize the need to make fundamental changes, not simply incremental refinements, in the failing Soviet system.
