Jordie Bellaire, Joss Whedon

Buffy the Vampire Slayer: New School Nightmare ,2018-09-25

An exciting and hilarious new middle grade story for anyone who likes (or doesn't like) vampires! Buffy Summers is just like any other student...except for the part where she's also a secret vampire slayer. In every generation, one girl is granted great strength to stand against the forces of darkness. Of course, power doesn't matter when it comes to eating lunch alone, getting picked on by the popular kids, or having way too much homework. Luckily, Buffy finds her way with a can-do attitude, a weird Watcher, and new besties, Sarafina and Alvaro--who might just have powers of their own. But will any of it be enough to turn the tide when an army of villainous vampires invade town? Can Buffy save herself, let alone the world? Like Star Wars: Jedi Academy and DC Comics' Secret Hero Society, this action-packed and fun-filled story is told through comics, journal entries, class notes, doodles, text messages, and other in-world artifacts.

Buffy the Vampire Slayer: The Cursed Coven Carolyn

Nowak,2019-09-24 The second installment in the original and action-packed Buffy the Vampire series that features Buffy Summers as a middle schooler! Told through comics, journal

entries, class notes, doodles, text messages, and other in-world artifacts, this series is perfect for fans of Star Wars: Jedi Academy and DC Comics's Secret Hero Society. It's finally summer vacation, but Buffy Summers isn't getting a break from vampire slaying...or from school. While Cleveland teens are going missing and Serafina is growing closer with her older sister's witchy coven, Buffy is stuck splitting her time between classes during the day and patrolling for all kinds of demons and dark creatures at night. Buffy feels crushed! Not only is she missing all the summer fun she dreamed of, but her friendships are a hot mess. Little does Buffy know, things are going to get worse. A new, dangerous foe who threatens to ruin her summer and all of Cleveland is on the horizon. With tempers flaring and the heat rising, Buffy needs to figure out how to balance homework, monsters, witches, and frenemies before it's too late. TM & © Twentieth Century Fox Film Corporation. Girl Town Carolyn Nowak, 2018-10-10 Diana got hurt—a lot—and she's decided to deal with this fact by purchasing a life-sized robot boyfriend. Mary and La-La host a podcast about a movie no one's ever seen. Kelly has dragged her friend Beth out of her comfort zone—and into a day at the fantasy market that neither

of them will forget. Girl Town collects the Ignatz Award-winning stories “Radishes” and “Diana’s Electric Tongue” together with several other tales of young adulthood and the search for connection. Here are her most acclaimed mini-comics and anthology contributions, enhanced with new colors and joined by brand-new work. Bold, infatuated, wounded, or lost, Nowak’s girls shine with life and longing. Their stories—depicted with remarkable charm and insight—capture the spirit of our time.

But the more things change, the more they stay the same, as the Gang faces brand new Big Bads, and the threat lurking beneath the perfectly manicured exterior of Sunnydale High confirms what every teenager has always known: high school truly is hell! WELCOME BACK TO THE HELLMOUTH, FOR THE FIRST TIME!

And she'll need to use everything she's learned in both worlds to keep from losing her head... literally. Debut author L.L. McKinney delivers an action-packed twist on an old classic, full of romance and otherworldly intrigue. Buffy the Vampire Slayer Arthur Byron Cover, John Vornholt, Alice Henderson, 2010 As long as there have been vampires, there has been the Slayer. One girl in all the world, to find them where they gather and to stop the spread of their evil and the swell of their numbers... *Night of the Living Dead*~ As if real life wasn't already overflowing with vampire-staking, Buffy is now dreaming about slaying! Night after night, it's the same thing...

What could it mean? When Xander and Giles start acting like they have ancient alter egos, Buffy begins to realise what's going on. Can Buffy prevent the Master from escaping his supernatural prison before Sunnydale becomes history! Coyote Moon~ The seedy carnival looks like just the thing to give Buffy and her friends, Xander and Willow, a break from staking bloodsuckers. Some greasy food, a few cheap thrills - what more could a Slayer ask for? But then Buffy senses something evil behind this carnival. Could it be connected to the corpses that are turning up around Sunnydale. Can Buffy find out what's going on in time to save her friends? Or has the Slayer become the prey? Portal of Time~ The Master, Buffy's nemesis, may be gone, but he is by no means forgotten. One of his devotees has set out to alter the past, killing off Slayers in order to change the future. The Book of Fours Nancy Holder, 2018-01-30 We're Slayers, girlfriend. The Chosen. -- Faith From a place of nightmares -- which Buffy and Faith share -- a terrible evil invades Sunnydale, setting off disaster. Clearly, the big evil is linked to the Slayers' nightmares, which revolve around four figures: one burning, one dripping wet, one covered in mud, one shrouded in windswept linen. Each carries a box of grafted skin and bone. Giles learns that the last Slayer to encounter a similar container was India Cohen -- Buffy's immediate predecessor. Strangely, Buffy has never given much thought to the young girl whose death activated her own Slayerdom, but now she must draw on the strength of those who came before her. For Buffy is being stalked by a monstrous force that journeys through time, fortifying itself by draining the primal power of a Slayer. Buffy must orient herself on a continuum against evil that predates even humanity itself...

The Nightmare Garden Caitlin Kittredge, 2013-02-12 Everything Aoife thought she knew about the world was a lie. There is no Necrovirus. And Aoife isn't going to succumb to madness because of a latent strain--she will lose her faculties because she is allergic to iron. Aoife isn't human. She is a changeling--half human and half from the land of Thorn. And time is running out for her. When Aoife

destroyed the Lovecraft engine, she released the monsters from the Thorn Lands into the Iron Lands and now she must find a way to seal the gates and reverse the destruction she's ravaged on the world that's about to poison her.

Vamplayers Rusty Fischer,2012-02-01 At the Afterlife Academy of Exceptionally Dark Arts, Lily Fielding and her classmates Alice and Cara begin their latest assignment: they're to simply spot the Vamplayer--part vampire, part player--identify the popular girl he's set his sights on, and befriend her before the Vamplayer can turn her to do his bidding. Before long, however, the Vamplayer sets his sights on Lily's friends.

Deep Water Laura Anne Gilman,Josepha Sherman,Joss Whedon,2000 As part of a volunteer rescue team in the wake of an oil spill, Willow finds a selkie, a shape-shifting sea-girl who won't be able to return to the sea until her coat is clean. But while Ariel is endearing, Buffy can't shake her suspicions of this ever-changing creature.

A Dream So Dark L.L. McKinney,2019-09-24 The fantasy series I've been waiting for my whole life. —Angie Thomas, #1 New York Times-bestselling author of *The Hate U Give* In L.L. McKinney's *A Dream So Dark*, the thrilling sequel to *A Blade So*

Black, Alice goes deeper into a dark version of Wonderland. Still reeling from her recent battle (and grounded until she graduates high school), Alice must cross the Veil to rescue her friends and stop the Black Knight once and for all. But the further she ventures into Wonderland, the more topsy-turvy everything becomes. It's not until she's at her wit's end that she realizes—Wonderland is trying to save her. There's a new player on the board; someone capable of using Nightmare creatures to not only influence the living but raise the dead. Dreams have never been so dark in Wonderland, and if there is any hope, Alice must confront the worst in herself—and in the people she loves—and face the very nature of fear.
